

CURRICULUM VITAE

Alan Landman

Associate Professor of Mathematics

Degrees:

A.B., Harvard College, 1961

Ph.D., University of California (Berkeley), 1967

Appointments:

Assistant Professor of Mathematics, City College of New York, 1966-68

Assistant Professor of Mathematics, Columbia University, 1968-70

Assistant Professor of Mathematics, Brown University, 1969-72

Associate Professor of Mathematics, Brown University, 1972-present

Publications:

“On the Picard-Lefschetz transformation,” Trans. AMS, 1973

“Varieties proper over affine schemes” (with J. E. Goodman),
Invent. Math., 1973

Other:

Ph.D. Thesis Advisor: Christopher Young, Kevin Mitchell, Eriko Hironaka

Master’s Thesis Advisor: David Goldenberg, Peter Berman

Dissertation Reader for Ph.D. Candidates: Fernando Cukierman, Angelo Lopez,

Mark Faucette, Dennis McLaughlin, Liam Donohoe, Davide Cervone,

Christopher Towse, Bin Wang, Cheng-hui Luo, Steven Soulé

Honors Thesis Advisor: Jay Blumenstein, Jeffrey Korn, Michael Nathanson, Adam
Merberg

UTRA Advisor: Leslie Chang, Laura Jellinek, Albert Lee, Sohum Chatterjee

Independent Study: Thomas Petrillo, Alvin Adisusanto, Nakul Luthra, Sohum
Chatterjee

Referee for mathematical papers: Illinois Journal of Mathematics, Pacific
Journal of Mathematics, Journal of Mathematical Physics, Discrete &
Computational Geometry
