Physician Executive Innovative strategist, change agent, and forward-thinking visionary.

Accomplished clinical operations and administrative physician executive and academic leader with multifaceted experience driving transformational change with ingenuity and business acumen. Collaborative leadership style that empowers and inspires nurse, physician, and administrative teams to top performance. Analytical, critical thinker able to identify opportunities for improvements and use data-driven decision making to deliver innovative solutions that meet healthcare challenges and ensure highest quality patient care.

AREAS OF EXPERTISE

- Clinical Operations
- Strategic Planning & Business Development
- Team Leadership
- Communications & Negotiations
- Performance, Process, & Quality Improvement
- Workforce Development
- Board Management
- Mentor, Coach, & Consultant
- Budget Development
- Education & Academic Scholarship
- Policies & Procedures
- Data Analytics & Decision Making

ACCOMPLISHMENTS

- **Transformational Change Leadership** - Exceptional track record of healthcare facility operational management and transformation including conceptualization and development of sustainable performance and process improvement strategies and programs that increase efficiency and optimize resources across 5 sites with clinical staff of 500+ personnel. Fundraising, design, and completion of a state-of-the-art emergency department.
- **Clinical Excellence** - Proven history as high-performance clinician consistently ranking in top decile of most clinically productive at multiple hospital sites; 15+ years of administrative management and team leadership experience; institutional and departmental leader involved with service line development and improvement.
- **Internationally Recognized Educator and Scholar** - Demonstrated research, academic, and medical leadership strength; author of more than 50 manuscripts in peer reviewed journals including *Modern Healthcare*, *Annals of Emergency Medicine*, *Academic Emergency Medicine*, *JAMA*, and *Shock*; compelling presenter with more than 50 abstracts presented at national and international meetings and conferences. [Complete List of Publications, Conferences, Presentations, and Awards](#)

PROFESSIONAL EXPERIENCE

Executive Vice Chair of Emergency Medicine, Brown Emergency Medicine	2024 – Present
Vice Chair of Clinical Affairs, Brown Emergency Medicine	2023 – Present
Providence, Rhode Island	

Executive oversight of the clinical care and operations of Brown Emergency Medicine, a 501 (c) 3 organization that staffs 5 Emergency Departments (total ED visits > 250,000): Anderson F. Emergency Care Center (a level 1 trauma

center), The Miriam Hospital Emergency Department, Newport Hospital Emergency Department, Women's and Infants Hospital Emergency Department, and Hasbro Emergency Department. Site medical directors at all five sites report to me, as well as the Director of Quality & Safety, Director of Clinical Informatics, and the Directors of the APP, Scribe, Critical Care, Emergency Ultrasound and Observation Services. This role works closely with the Chair in setting overall clinical strategy for emergency department operations. Responsibilities also include: hiring, developing, and mentoring clinical administrative leadership talent; clinical staffing and budget priorities; data driven analytic changes that reduce provider variation and improve quality of care. Externally, this role works directly with the C-Suite Executives at all 5 sites to work on shared clinical priorities, set strategy for emergency department and hospital patient flow, and lead transformation initiatives that improve hospital operations.

Interim Vice President of Medical Affairs and Chief Medical Officer

Newport Hospital, Newport, RI

2025

Drive strategic leadership and priority initiatives for Newport Hospital and Brown University Health. This included system operational initiatives geared toward improved clinical operations, surge planning, quality assurance and process improvement initiatives, and strategic plans for service line growth. Led medical staff affairs to ensure appropriate departmental and individual provider oversight, including compliance with medical staff bylaws and policies. Represent the hospital on the chief medical officer council, system level capacity management planning, and board of trustees.

Chair, Department of Emergency Medicine

2015 – 2023

Newport Hospital, Newport, RI

Spearhead comprehensive large-scale, award-winning transformation initiatives for 129-bed hospital serving 80,000 residents and treating 33,000 emergency department patients annually. Lead strategic planning, development, and orchestration of departmental change management programs. Collaborate with senior leadership teams including the hospital President and Chair of the Brown Department of Emergency Medicine.

- [Reduced door-to-provider times by 75% establishing lowest state-wide rate; improved patient satisfaction from 50th to approximately 90th percentile; project success garnered extensive news media attention including newspaper, radio, and magazine coverage.](#)
- Recognized as one of *Top 10 Groundbreakers* in Newport and won the Lifespan Barnet Fain Quality Award.
- Increased billed visits by reducing *Left Without Being Seen* (LWBS) rates from 3.6% to 0.6%.
- Physician Leader - *Emergency Department Capital Fundraising Campaign* raising \$12.5 million for construction of a new Emergency Department.
- Led multiple Covid-19 response initiatives including: field hospital/hospital surge emergency staffing; initiated homecare patient companion; contributing member of Rhode Island Governor's Taskforce for testing and validation; led testing and surveillance program for vulnerable populations of Rhode Island leading to quarantine, housing, and medical care programs; developed Lifespan ED vaccination program.

Professor of Health Services, Policy, and Practice, Brown University School of Public Health

2021 – Present

Brown University School of Professional Studies, Providence, RI

Academic Director, Master of Science in Healthcare Leadership

2021 – 2024

Lead all aspects of 16-month residential and online academic program for healthcare professionals including strategic planning and direction, academic content and curriculum design oversight, budget development, and implementation of marketing and communications initiatives.

- Increased recruitment and enrollment 50% in the first year and doubled enrollment by year 3.
- Led the addition of more diverse faculty, integration of DEI curriculum and anti-black racism guidelines.
- Refreshed curriculum to include workforce development and retention, digital health, machine learning.
- Developed a more accelerated, innovative, lower cost curriculum to further improve enrollment.

Board Member, Brown Physicians Incorporated

2023 – Present

Providence, Rhode Island

Selected as a member of the largest multispecialty practice group in Rhode Island. As part of this leadership team, we develop organizational strategy, set the budget, and work to improve patient care through our tripartite mission of clinical care, education, and research by alignment with the three largest employers in Rhode Island – Brown University, Lifespan, and Care New England.

**Member, Brown Health Hospital Operations Committee
Providence, Rhode Island**

2023 – Present

Selected by the Lifespan CEO to serve on a 15-member committee of clinical and executive leaders. The goal of this committee is to develop clinical strategy, oversee transformation initiatives, and support clinical leadership in accomplishing clinical objectives set by the committee.

**Director, Division of Emergency Department Operations and Quality Improvement
Co-Director, Emergency Medicine Administrative Leadership Fellowship Program**

2024 – Present

2020 – Present

Brown Emergency Medicine, Providence, RI

Co-direct a post-graduate fellowship program for emergency medicine physicians seeking advanced leadership training and experience. Trainees collaborate with nationally recognized emergency medicine administrative leadership to learn how to participate as part of leadership team and receive advanced master's degree.

- Recruit, review, and advise fellows in a 2-year administrative leadership program.
- Lead the educational curriculum for developing future emergency department leaders.
- Lead operational research for the department through collaborating and mentoring fellows.

**Professor of Emergency Medicine, Warren Alpert School of Medicine at Brown University
The Miriam, Rhode Island, Newport, and Hasbro Children's Hospital, Providence, RI**

2006 – Present

Active clinical physician overseeing numerous primary healthcare practitioners, nursing, and staff teams including medical students, interns, and residents ensuring highest standard of quality patient care.

- Consistently ranked in top decile of most clinically productive clinicians at all sites.
- Awarded Clinical Director's Award, Foundation Leadership Award, and the Faculty Teaching Award
- Established and co-direct multidisciplinary task force for Hypothermia After Cardiac Arrest Protocol resulting in a doubling survival rate of out-of-hospital cardiac arrests at all facilities.
- Contributing member of Department of Emergency Medicine Clinical Operations Committee and Executive Committee, and member of Lifespan Emergency Services Council.

Thrive Consulting LLC, Founder and Principal

2023 – Present

Founded a consulting company to address opportunities for growth, leadership, and operational excellence in Emergency Department operations, personnel, and inter-departmental communications. Work regularly with C-suite leadership, Department Chairs, Medical Directors, and frontline personnel.

**Consultant Medical Director, Rhode Island Department of Health
Providence, Rhode Island**

2020 – 2021

Served on a team of medical director consultants who advised the Rhode Island Director of the Department of Health on issues related to public health, operations, policies, and management during COVID-19

**Brown Emergency Medicine, Providence, Rhode Island
Board Member, Treasurer and Finance Chair**

2010 – 2017

Termed off board seat of 300-employee non-profit organization with \$60 million gross annual revenue supporting excellent clinical care mission to more than 250,000 emergency department visits annually,

- Developed financial strategic plans, prepared annual budgets, strengthened departmental reserves, and expanded clinical services lines.
- Reduced operating expenses annually by over \$2 million.
- Established and chaired a department investment policy committee that provides guidelines on strategic investment reserves and ensure compliance with ERISA guidelines.

Medical Director, Emergency Department Observation Unit

2007 – 2015

Andrew F. Anderson Emergency Center Rhode Island Hospital, Providence, Rhode Island

Drove all daily medical leadership and administration of an emergency department observation unit at a level 1 trauma center. Developed protocols of care that enhanced patient outcomes and experience. Organized, reviewed, and monitored healthcare team's performance to ensure efficiency and effectiveness.

- Reduced length of stay versus inpatient admission by more than 50% through development and implementation of clinical guidelines and protocols for expanded use of emergency department observations of conditions such as chest pain and TIA.
- Led the accreditation and re-accreditation of Rhode Island Hospital as first-ever state Chest Pain Center.
- Developed a registry for enhancing risk assessment, treatment, and follow-up of admitted patients.
- Appointed lead educator for physicians, residents, midlevel providers, and emergency department staff on identification and management of acute coronary syndrome and low risk chest pain.

Seroprevalence of COVID-19 positivity in Homeless Patients

- Led a team of individuals to test most homeless patients in Providence and surrounding communities.
- This work led to the establishment of hotels that provided community resources and cohorting of COVID positive and negative individuals.
- This was the first national work to establish risk factors for asymptomatic COVID-19 positivity in this at risk subgroup. It was published in the Western Journal of Emergency Medicine and recognized in local media (<https://www.providencejournal.com/news/20200523/study-covid-19-is-silent-threat-for-rirsquos-homeless>).
- This work led to a collaboration amongst 7 locations and the Center for Disease Control (CDC) throughout the country on an ongoing national study of risk factors of COVID-19 transmission in the homeless community.

MEMBERSHIP IN SOCIETIES

2014 – Present

American College of Healthcare Executives

- Local and national member, participated in the 2017 National Congress

2012 – Present

American College of Emergency Physicians, Observation Medicine Section Member

COMMUNITY ENGAGEMENT

1. Update from the Frontlines: A View of the COVID-19 Pandemic from the Emergency Department. Virtual Community Lecture Series. Teleconference via Newport, RI. January 2021. 104 Attendees.

INVITED PRESENTATIONS

International

1. Do we Need an Observation Unit in the ED? Mediterranean Emergency Medicine Congress, Marseille, France. September 8, 2013. Approximately 100 attendees.
2. Best Practice in an Observation Unit. Mediterranean Emergency Medicine Congress, Marseille, France. September 10, 2013. Approximately 100 attendees.
3. Observation Medicine. Session Moderator. Mediterranean Emergency Medicine Congress, Marseille, France. September 10, 2013. Approximately 100 attendees.

National

1. Optimizing Patient Care Thru Teamwork. Society of Chest Pain Centers, 12th Congress of Chest Pain Centers. Memphis, TN, April, 2009. Approx. 100 attendees.
2. Problem Resolution. Society of Academic Emergency Medicine Annual Meeting. Panel Discussion. New Orleans, LA, May, 2009. Approx. 200 attendees.
3. Cytotoxic T Cells and Cytolytic Effector Molecules in Severe Sepsis and Septic Shock. MidAtlantic Society of Academic Emergency Medicine Research Forum. Plenary Presentation. Washington, DC, 2011. Approx. 150 attendees.

4. Clinical and Noninvasive Advances in the Resuscitation of the Critically Ill Sepsis Patient. Grand Rounds. Warren Alpert School of Medicine of Brown University, Department of Emergency Medicine. December 14, 2011. Approx. 100 attendees.
5. Therapeutic Hypothermia After Out of Hospital Cardiac Arrest: What's Hot in Cooling? Georgetown University Medical School, Medical Student Research Lecture Series. Washington, DC, April 26, 2012. Approx. 100 attendees.
6. Clinical and Noninvasive Advances in the Resuscitation of the Critically Ill Sepsis Patient. Grand Rounds. Washington Hospital Center, Department of Emergency Medicine. Washington, DC, April 26, 2012. Approx. 50 attendees.
7. Therapeutic Hypothermia After Out of Hospital Cardiac Arrest: What's Hot in Cooling? "Strive to Revive- Overcoming Challenges of In-hospital Resuscitation," American Heart Association Regional Workshop Series, Westborough, MA. May 3, 2012. 117 attendees.
8. Low Risk ACS Patient Rapid Rule-out Protocols – Observation Status. Society of Acute Cardiovascular Care, 16th Congress. Orlando, FL, April 2013. Approx. 100 attendees.
9. Strategic Planning and Value Creation in Integrated Healthcare. Brown University Executive Master of Healthcare Leadership Lecture and Webinar Series. Published June 30, 2014.
<http://youtu.be/FNrtolMz6SM>
10. New Productivity Measures for the Medical Director. Emergency Department Innovations Conference. New Orleans, LA. February, 2017. Approximately 300 attendees.
11. Operating Characteristics and External Factors in Emergency Departments. The 4th Summit of the Emergency Department Benchmarking Alliance. Las Vegas, NV. February, 2018. Approximately 100 attendees.
12. Emergency Department Benchmarking Alliance – Findings and Discussion. The 4th Summit of the Emergency Department Benchmarking Alliance. Las Vegas, NV. February, 2018. Approximately 100 attendees. Presented the findings and served as summit moderator.
13. Panel Discussion: Observation Medicine: Current Trends & Future Opportunities. World Congress of the 17th Annual Observation Management Summit. Chicago, IL. May, 2020. Postponed due to the COVID-19 Pandemic.
14. Developing Protocols and Guidelines for the Emergency Department Observation Unit. World Congress of the 17th Annual Observation Management Summit. Chicago, IL. May, 2020. Postponed due to the COVID-19 Pandemic.
15. Research and Quality Assurance in the Emergency Department Observation Unit. World Congress of the 17th Annual Observation Management Summit. Chicago, IL. May, 2020. Postponed due to the COVID-19 Pandemic.
16. Emergency Department Benchmarking Alliance 4th Summit – Defining the Latest in ED Innovations. Innovations in Emergency Department Management. New Orleans, LA. November, 2020. Postponed due to the COVID-19 Pandemic.

17. Using Data Analytics to Inform Strategy for Hospital Operations. Brown University Master of Healthcare Leadership, School of Professional Studies. Providence, RI. January, 2022.
18. Health Economics Panel Discussion. Health Economics Course HCL2120. Brown University Master of Healthcare Leadership, School of Professional Studies. Providence, RI. February, 2022.
19. Emergency Department Overcrowding and its Impact on Hospital Operations. Northern California American College of Healthcare Executives. July, 2022.

16. Electrocardiography Case Conference – QRS Axis and Voltage. Brown University Medical School Emergency Medicine Residency. August, 2009.
17. Asking the Right Question and Study Design. Research Curriculum, Brown University Medical School Emergency Medicine Residency. August, 2009.
18. Electrocardiography Case Conference – Chamber Hypertrophy/Enlargement. Brown University Medical School Emergency Medicine Residency. November, 2009.
19. Electrocardiography Case Conference – Sinus Rhythm Abnormalities. Brown University Medical School Emergency Medicine Residency. December, 2009.
20. Update on the ACC/AHA NSTEMI Guidelines for the Emergency Physician, Brown University Medical School Emergency Medicine Residency. December, 2009.
21. Electrocardiography Case Conference – Intraventricular Conduction Delays. Brown University Medical School Emergency Medicine Residency. March, 2010.
22. Resuscitative Hypothermia After Out of Hospital Cardiac Arrest. Brown University Undergraduate Independent Study – INTRO 0001 (CRN 26118). March, 2010.
23. Electrocardiography Case Conference – What is a STEMI? Brown University Medical School Emergency Medicine Residency. August, 2010.
24. Managing Emergency Department Flow, Panel Discussion. Brown University Medical School Emergency Medicine Residency. October, 2010.
25. Practical Implementation of Induced Hypothermia for Out of Hospital Cardiac Arrest. Brown University Medical School Emergency Medicine Residency. October, 2010.
26. Enhanced Electrocardiography for Diagnosing ST Elevation Myocardial Infarction. Brown University Medical School Emergency Medicine Residency. November, 2010.

27. Electrocardiography Case Conference - Electrolyte Disorders. . Brown University Medical School Emergency Medicine Residency. December, 2010.
28. Electrocardiography Case Conference - Clinical Disorders 1. Brown University Medical School Emergency Medicine Residency. January, 2011.
29. Electrocardiography Case Conference - Clinical Disorders 2 . Brown University Medical School Emergency Medicine Residency. March, 2011.
30. Induced Hypothermia after Out of Hospital Cardiac Arrest and Prehospital Care. Rhode Island Emergency Medical Services Annual Lecture Series, May, 2011.
31. Electrocardiography Case Conference – The Normal ECG,, Axis & Voltage. Brown University Medical School Emergency Medicine Residency. August, 2011.
32. Electrocardiography Case Conference – Electrocardiographic Diagnosis of Atrial & Ventricular Chamber Hypertrophy. Brown University Medical School Emergency Medicine Residency. September, 2011.
33. Electrocardiography Case Conference – Diagnosing Sinus Rhythm Abnormalities. Brown University Medical School Emergency Medicine Residency. October, 2011.
34. Know & Grow: Faculty Promotions. Brown University Medical School Department of Emergency Medicine. Panel Discussion. October, 2011.
35. Aortic Dissection: Diagnosis & Management. Brown University Medical School Department of Emergency Medicine. Panel Discussion. November, 2011.
36. Electrocardiography Case Conference – Diagnosing Atrioventricular Conduction Abnormalities. Brown University Medical School Emergency Medicine Residency. January, 2012.
37. Electrocardiography Case Conference – Diagnosing Intraventricular Conduction Abnormalities and Clinical Consequences. Brown University Medical School Emergency Medicine Residency. February, 2012.
38. Clinical Application of Sensitivity, Specificity, Predictive Values, and Likelihood Ratios. Department of Emergency Medicine Student Summer Journal Club. July, 2012.
39. Management of Acute Decompensated Heart Failure in the Emergency Department. Brown University Medical School Emergency Medicine Residency. August, 2012.
40. Diagnosis & Risk Stratification in Acute Decompensated Heart Failure. Brown University Medical School Emergency Medicine Residency. August, 2012.
41. Electrocardiography Case Conference – Recognizing ST Segment Elevation Myocardial Infarctions. Brown University Medical School Emergency Medicine Residency. August, 2012.
42. Diagnosis and Management of Shock. Society of Critical Care Medicine Fundamental Critical Care Support Course. Brown University Medical School Emergency Medicine Residency. September, 2012.

43. Acute Coronary Syndromes. Society of Critical Care Medicine Fundamental Critical Care Support Course. Brown University Medical School Emergency Medicine Residency. September, 2012.
44. The Master Emergency Medicine Clinician-Educator – efficiency, productivity, and getting the most out of your team. Know & Grow Faculty Workshop, panelist. October, 2012.
45. Enhanced Electrocardiography for ST Segment Elevation Acute Myocardial Infarctions – tools to recognize subtle killer ECGs. Brown University Medical School Emergency Medicine Residency. October, 2012.
46. Electrocardiographic recognition of Clinical Disorders Part 1. Brown University Medical School Emergency Medicine Residency. December, 2012.
47. Electrocardiographic recognition of Clinical Disorders Part 2. Brown University Medical School Emergency Medicine Residency. January, 2013.
48. Electrocardiographic recognition of Clinical Disorders Part 3. Brown University Medical School Emergency Medicine Residency. March, 2013.
49. Recognizing the Normal Electrocardiogram. Brown University Medical School Emergency Medicine Residency. September, 2013.
50. Best Practices in Emergency Department Observation Medicine. Blue Cross Blue Shield Observation Medicine Symposium. September, 2013
51. Recognizing Normal and Abnormal Electrocardiographic Axis and Voltage in the Emergency Department Patient. Brown University Medical School Emergency Medicine Residency. October, 2013.
52. The Affordable Care Act, Healthcare Reform, and the Future of Emergency Medicine and Healthcare in Rhode Island. Executive Master of Healthcare Leadership, Departments of Public Health and Emergency Medicine, Brown University. November, 2013.
53. Chamber Enlargement and Hypertrophy. Brown University Medical School Emergency Medicine Residency. December, 2013.
54. AV Blocks – Annoyance or Impending Doom?, Brown University Medical School Emergency Medicine Residency. February, 2014.
55. SA Blocks – Or is it an AV Block? Brown University Medical School Emergency Medicine Residency. April, 2014
56. What is a STEMI? – STEMI or Imposter? Brown University Medical School Emergency Medicine Residency. August, 2014.
57. What is a STEMI? – Diagnosing and Managing Inferior STEMIs Brown University Medical School Emergency Medicine Residency. September, 2014.
58. Therapeutic Hypothermia, Hypothermia after Cardiac Arrest, Neuroprotective Hypothermia, or Targeted Temperature Management Brown University Medical School Cardiology Fellows Conference. October, 2014.

59. Electrolyte Disorders that can Kill. Brown University Medical School Emergency Medicine Residency. January, 2015.
60. Killer Clinical ECGs – Part 1. Brown University Medical School Emergency Medicine Residency. February, 2015.
61. Killer Clinical ECGs – Part 2. Brown University Medical School Emergency Medicine Residency. March, 2015.
62. Flipping The Classroom: Therapeutic Hypothermia – are you too cool to cool? Brown University Medical School Emergency Medicine Residency. March, 2015.
63. Killer Syncope in the Young: Hypertrophic Cardiomyopathy and Brugada Syndrome Brown University Medical School Emergency Medicine Residency. August, 2015.
64. The Lifespan Accelerated Diagnostic Protocol for Chest Pain. Brown University Medical School Emergency Medicine Residency. August, 2015.
65. What is a STEMI? – STEMI or Imposter? Brown University Medical School Emergency Medicine Residency. August, 2016.
66. Killer ECGs – Clinical Disorders I. Brown University Medical School Emergency Medicine Residency. January, 2017
67. Killer ECGs – Clinical Disorders II. Brown University Medical School Emergency Medicine Residency. February, 2017.
68. Assessing the Risk and Appropriate Triage of Patients with Worsening Heart Failure. American College of Emergency Physicians. January, 2018.

GRANTS

1. Effectiveness of Non-Invasive Ventilatory Support (BiLevel Positive Airway Pressure) to Avoid Intubation in the ED: A Comparison of Hypercapnic vs. Hypoxic Respiratory Failure. Source: EMF/SAEM Medical Student Grant. \$5,000 Award, 2001 – 2002. Principal Researcher.
2. Normalization of the D-dimer in Post-Arthroscopy Patients. Source: Brown University Department of Emergency Medicine Seed Grant \$10,000 Award, 2006 – 2009. Principal Researcher.
3. Utilization of Near Infrared Spectroscopy in the Diagnosis of Acute Compartment Syndrome in Lower Extremity Trauma. Source: Foundation for Orthopedic Trauma, \$23,000 Award, 2007 – 2009. Co-investigator.
4. Utilizing Non-invasive Techniques to Understand Cardiovascular Hemodynamics and Cardiac Dysfunction in Sepsis. Source: Junior Faculty Research Development Award, \$40,000 Award, 2007 – 2009. Principal Investigator.
5. ED Bouncebacks – Identifying Risk Factors and Implementing an Automated Provider Notification System. Source: Lifespan Loss Prevention Fund, \$30,000 Award, 2011 – 2013. Co-investigator.

6. Characterization and Consequences of Lytic Cell Activation in Patients with Severe Sepsis. Source: The Rhode Island Foundation, \$15,000 Award, 2011 – 2012. Principal Investigator. ‘
7. Emergency Department Observation Medicine and its impact on Emergency Department Care. Source: Brown University Department of Emergency Medicine Mid-Career Academic Development Award, \$80,000 Award, 2013- 2015. Principal Investigator.
8. A Phase 2, Randomized, Double-Blind, Placebo-Controlled, Parallel-Group, Multicenter, Dose Escalation and Proof-of-Concept Study to Evaluate the Safety and Efficacy of Razuprotafib in Hospitalized Subjects With Moderate to Severe Coronavirus Disease 2019 (COVID-19) (RESCUE Study). Site, co-I 2020 – 2021.
9. A Study to Evaluate the Safety and Efficacy of Razuprotafib, a Novel Tie 2 Activator, in Hospitalized Subjects With Moderate to Severe Coronavirus Disease 2019 (COVID-19) (RESCUE). Site co-Investigator, 2020 – 2021. <https://clinicaltrials.gov/ct2/show/NCT04511650?term=razuprotafib&draw=2&rank=1>
10. Effects of a Pulmonary Embolism Diagnostic Guideline on Test Utilization and Operations. Brown University Department of Emergency Medicine Faculty Development Award, \$40,000. Senior Investigator

UNIVERSITY TEACHING ROLES

2019 – Present	Co-director, Emergency Medicine Healthcare Leadership and Administrative Fellowship. Brown Emergency Medicine, Warren Alpert School of Medicine of Brown University.
2015 – Present	Rotation Coordinator, Newport Hospital Emergency Department, Brown University Medical School, Emergency Medicine Residency – 12 residents/year
2015 – Present	Elective Coordinator, Newport Hospital Emergency Department, Brown University Medical School, Emergency Medicine Residency – 5 residents/year
2009 – Present	Electrocardiography in Emergency Medicine, Curriculum Coordinator, Brown University Medical School Emergency Medicine Residency – 20 hrs/yr
2008 – Present	Cardiology Curriculum co-coordinator, Brown University Medical School Emergency Medicine Residency – 30 hrs/yr
2008 – Present	Cardiology Elective Coordinator, Brown University Medical School Emergency Medicine Residency - 5 hrs/yr
2008 – Present	Emergency Medicine Research Elective, Brown University Medical School Emergency Medicine Residency – 20 hrs/yr
2007 – Present	Resident Coordinator, Society of Academic Emergency Medicine

	Research Forum Retreat, Brown University Medical School Emergency Medicine Residency – 50 hrs/yr
2012 – 2016	Critical Care & Resuscitation Curriculum co-coordinator, Brown University Medical School Emergency Medicine Residency – 20 hrs/yr
2009, 2011, 2012	Summer Research Assistantship in Emergency Medicine, Student Mentor, Brown University Medical School – 50 hrs each respective year
2005 – 2006	Chief Resident, Brown University Medical School Emergency Medicine Residency
2006 – 2008	Trauma Conference, Emergency Medicine Faculty Coordinator, Brown University Medical School Emergency Medicine Residency
2005 – 2006	Emergency Medicine Board Review Course Supervisor, Brown University Medical School Emergency Medicine Residency

REGIONAL TEACHING ROLES

2021 – Present	Academic Director, Master of Healthcare Leadership Program, Brown University School of Professional Studies. 15-30 candidates per year
2021 – Present	Instructor, Critical Challenge Project, Master of Healthcare Leadership Program, Brown University School of Professional Studies. 15-30 candidates per year.
2021 – 2023	Instructor, Data Analytics, Master of Healthcare Leadership Program, Brown University School of Professional Studies. 15-30 candidates per year.
2015 – present	Masters Candidate Advisor, Executive Master of Healthcare Leadership, Brown University School of Professional Studies. 1-2 candidates per year.
2012 – 2013	New England Regional Meeting, Society of Academic Emergency Medicine, Moderator
2011	Mid-Atlantic Regional Society of Academic Emergency Medicine Research Forum, Moderator
2010	Brown University Undergraduate Independent Study, Lecturer
2010	New England Research Directors Regional Society of Academic Emergency Medicine Research Forum, Moderator
2008	Graduate Bioengineering Seminar, University of Rhode Island, Lecturer

HOSPITAL TEACHING ROLES:

2022 – Present	Young Investigator Career Award Mentor, Jared Anderson, MD. Effects of a Pulmonary Embolism Diagnostic Guideline on Test Utilization and Operations.
2020 – Present	Emergency Medicine Healthcare Leadership and Administration Fellowship. Co-director
2016 – Present	Masters student Advisor, Brown University Master of Healthcare Leadership (1 per year)
2020 – 2021	Resident administrative elective and research mentor to Jenny Edwards, Department of Emergency Medicine, Brown University
2020 – 2021	Undergraduate research mentor to Christine Etzel, Department of Emergency Medicine and Orthopedics. The Association Between Player Age and Initial Helmet Contact Amongst American Football Players
2019 – 2021	Resident Research Mentor to Ali Shihab, Department of Emergency Medicine, The Association between Institutional Financial Variables and Emergency Department Crowding.
2019 – 2021	Resident Research mentor to Ali Shihab, Department of Emergency Medicine, The Effects of Boarding on Traditional and Provider in Triage Models.
2018 – 2019	Medical Student Research Mentor to Alex Webb, Department of Emergency Medicine, Brown University
2016 – 2021	Master candidate research mentor to Linda Roux RN, Department of Emergency Medicine, Newport Hospital
2018 – 2019	Undergraduate summer elective mentor to Lydia DeAngelo, Department of Emergency Medicine, Newport Hospital. Use of Ipads for adolescent behavioral health patients in the emergency department.
2018 – 2019	Medical Student Research mentor to David Wang, Department of Emergency Medicine, The Association Between Player Age and Initial Helmet Contact Amongst American Football Players.
2015 – Present	Newport Emergency Department Resident Rotation, Department of Emergency Medicine. 12 residents per year.
2017 – 2019	Resident Research Mentor to Timothy Boardman, Department of Emergency Medicine, The Effects of Boarding on Traditional and Provider in Triage Models.
2011 – 2015	Resident Research Mentor to Tracy Madsen, Chief Resident and then fellow in the Department of Emergency Medicine, DISPARITY: Determining if Successful Provision of a Complete Sepsis Resuscitation Bundle Disparity exists Based on Gender.
2011 – 2013	Section Editor, “Did You Know?” The Pulse, Rhode Island Hospital Emergency

Department Newsletter

2011 – 2012	Medical Student Research Mentor for Bethany Desroches through SUNY Brooklyn Medical School, Racial Disparities in Stress Test Utilization in an Emergency Department Chest Pain Observation Unit and Cytolytic Effector Molecules in Emergency Department patients with Severe Sepsis and Septic Shock
2011 – 2012	Medical Student Research Mentor for Jessica Dai through Brown Medical School PLME program, Cytolytic Effector Molecules in Emergency Department patients with Severe Sepsis and Septic Shock and Racial Disparities in Stress Test Utilization in an Emergency Department Chest Pain Observation Unit.
2010 – 2014	Faculty Advisor, Chad Van Ginkel, MD
2010 – 2013	Faculty Research Mentor for Todd Siegel, MD Noninvasive Assessment of Fluid Responsiveness Utilizing Ultrasound, Respiratory Variation in Pulse Oximetry Plethysmography, and Impedance Cardiography
2010 – 2014	Faculty Research Mentor for Tobias Kummer, MD Pilot Study of Sonographic Analysis of Muscle Perfusion in Sepsis Patients
2010 – 2014	Resident Research Mentor for Brandon Maughan, MD Utility of a Novel Hemodynamic Monitoring Algorithm in Predicting Fluid Responsiveness. Recipient of Emergency Medicine Resident Research Grant.
2008 – 2012	Lecturer, Morning report, Department of Emergency Medicine – 5 hrs/yr
2010 – 2012	Resident Research Mentor for Chad Van Ginkel, MD Predicting Fluid Responsiveness in the Emergency Department
2010 – 2011	Resident Research Mentor for Jennifer Carey, MD Emergency Presentation of Tension Pneumoperitoneum in Elective post Colonoscopy Patients
2009 – 2011	Faculty Research Mentor for Keith Corl, MD Inferior Vena Cava Caval Index is a Poor Predictor of Fluid Responsiveness in Emergency Department Patients.
2009 – 2011	Faculty for Mock Oral Boards Examination, Department of Emergency Medicine – 5 hrs/yr
2007 – 2011	Resident Research Mentor for Matthew Siket, MD Physician Discretion is Safe and May Lower Overall Utilization in Emergency Department Chest Pain Unit Patients.
2007 – 2011	Faculty Advisor, Keith Corl, MD
2007 – 2011	Faculty Advisor, Matthew Siket, MD
2008 – 2009	Brown University Medical Student Advisor, Soyum Kim
2007 – 2009	Resident Research Mentor for Jeanine Ward, MD Methamphetamine Use in Admitted

Trauma Patients

2008 – 2009	Resident Research Mentor for Ahteri Forcada, MD Tissue Oxygenation vs. Central Venous Oxygenation in Sepsis Patients
2008 – 2009	Resident Research Mentor for Keith Corl, MD Impedance Cardiography for Predicting Mortality in Sepsis Patients
2008	Medical Student Research Mentor for Liam Sullivan through Brown Medical School PLME program, Impedance Cardiography for Predicting Mortality in Sepsis Patients
2007 – 2008	Resident Research Mentor for Anand Shah, MD Determining the availability of Clinical Useful Information through Electronic Medical Records

VOLUNTEER ACTIVITIES:

2018 – present	Board of Directors, North Kingstown – Wickford Little League Baseball
2020	Rhode Island Speaker of the House Citation, State of Rhode Island an Providence Plantation, Assistant Coach on State All-star Baseball Team
2012 – 2021	Volunteer baseball coach, North Kingstown - Wickford Little League Baseball
2012 – 2019	Volunteer football coach, North Kingstown Jaguars
