With Providence Police Department and others, a grant to establish the Providence Police Department into a teaching police department.

TPDI (Teaching Police Department Initiative) Grant

It is the intent of the TPDI (Teaching Police Department Initiative) to help advance the “Profession of Policing” by transforming police departments in New England and subsequently nationally (starting with the Providence Police department) into working laboratories for conceptualizing, developing, testing and implementing new crime reduction and crime prevention strategies, as well as fostering a culture of lifelong learning for officers.

The TPDI, a two year pilot program, **funded by the USDOJ COPS* office**, will be led by the Justice System and Research Institute (JSTRI) at Roger Williams University (RWU) and the Providence Police Department (PPD), with assistance from Brown University Medical School in Providence, RI, the Institute for the Study and Practice of Nonviolence in Providence, Rhode Island, and Jon Jay College of Criminal Justice in New York, NY. The TPDI model will be informed by and based on the success of the medical school and teaching hospital/residency program models which offer doctors lifelong, evidence-based, best practices professional education.
