Role: Key Personnel – Course Director

UNIVERSITY TEACHING ROLES

PREDOCTORAL MEDICAL EDUCATION, Warren Alpert Medical School of Brown University

Predoctoral Leadership Roles:

Course Director, BIOL 3656 Health Systems Science (formally HSP 1) 2015-present
A major required 1st year medical student course – lectures, small group & community experience
 Content includes: healthcare systems; social determinants of health; structural determinants of health; environmental health; vulnerable populations; implicit & explicit bias, race in medicine, immigrant health; language barriers; health literacy; abuse and neglect; advocacy; population health; epidemiology, quality improvement, medical ethics. ***One of the first of a handful of courses of this type in the country.***
 Approx. 144 students per year
Primary Responsibility: Invited to assist in improving this new required course after the first year of implementation. Course tackles challenging content made more challenging by political & racial tensions. Tasks included: Co-creating new curriculum & revisions; implementation & evaluation; yearly revisions
Additional roles: Small Group Leader – 2 groups of 9 students each x 8 sessions (18 students/year)
 Lecturer x 2-6 lectures per year; Provide information for LCME accreditation.
Major accomplishments: Gradual improvement in course ratings every year

Co-Director, Medical Education Scholarly Concentration 2015-2017
 A scholarly concentration for 2nd year medical students
 Approx: 8 students per year
Responsibilities included: running a seminar series on medical education topics including teaching methods, educational theory, educational evaluation; overseeing students’ scholarly projects

Course Director of Doctoring I & II (BIO 3600, 3610)	2007-2008
Co-Course Director of Doctoring III & IV (BIO 3620, & 3630)	
A major, required, four semester course for 1 st and 2 nd year medical students (8 hrs/week: 4 hrs didactics & small groups + 4 hrs clinical sites per week).	
Covers: medical interviewing, physical diagnosis, ethics, professionalism, etc.	
Approx. 200 students per year (100 in each class)	
<i>Primary responsibility:</i> Invited by the Associate Dean to assist after the initial 2 years of this new course had resulted in low course ratings. Major responsibility: running the 1 st year course (Doctoring I & II) and rewriting/revising the entire curriculum, including: new student syllabus, revised small group faculty guides, new mentor site syllabus & faculty guides, new standardized patient cases for all sessions, revised lectures, revised OSCE examinations and evaluations. Created new faculty development series. Primary lecturer for most lectures (weekly mini-lecture prior to small groups).	
Provide information for LCME accreditation.	
<i>Secondary responsibility:</i> Provide input and oversight for Year 2 Doctoring (Doctoring II & IV)	
<i>Major Accomplishments:</i> Successful implementation of revised course with significant improvement in course ratings by students; creation of course material that continued to be used for several years after I returned to the Dept of FM (to become the Residency Director); successful training of my successor.	
Co-Course Director for “Inward Bound: Spirituality and Medicine”	1997-2001
A required, 4 yr-curriculum for preclinical students, integrated into the Brown Affinity Group Program (4 hours per year). Included creating, implementing and evaluating the curriculum, didactics, paper cases, standardized patient cases, small group faculty guides.	
Course Director, Biomed 569. Spirituality and Medicine.	1997, 1998
An Elective Senior Seminar for 4th Year Medical Students.	1999, 2000
Eight, 2 hr sessions x 4 yrs. Created, implemented and evaluated the curriculum	
Primary teacher/lecturer for 4.5 sessions	
<u>Other Predoctoral Teaching Roles:</u>	
Clinical Preceptor, Biomed 583: Family Medicine Longitudinal Ambulatory Clerkship	1992-95
Faculty Leader, PLME Affinity Group: "Community and International Health"	1992-95
Weekly small group faculty leader for pre-med and medical students (approx. 96 sessions)	
Direct Patient Care with Learners (my own patient panel; learners usually present)	1992-2013
Family Health Services of Cranston & Coventry, a RI FQHC (8 sessions/week)	1992-1995
Family Care Center, Memorial Hospital of RI (1-3 sessions/week)	1995-2013
Biomed 580: Family Medicine Clerkship Teacher & Clinical Preceptor	1992-2013
Clinical preceptor for 3 rd year medical students	1992-2013
Lecture/small group teaching:	
Anandarajah G. Spirituality & Medicine (q 6 weeks =64 sessions)	1995-2003
Anandarajah G. Dysuria/UTI (every 6 weeks=27sessions)	1995-1998
Ward attending for 4th year elective & SubI students (med & pedi). 4-8 wks/year	1995-2015
Course Instructor, Biomed 371. Medical Interviewing.	1993, 1999,
Weekly small group teaching and direct observation of students (64 sessions)	2000, 2004
Clinical teacher/preceptor for students rotating at Home & Hospice Care of RI	2012 – present
Elective 4 th year students	2012 - present
Required hospice experience for 3 rd year Longitudinal Integrated Clerkship students	2016 - 2019
Healing the Healer Group for LIC students	2016 – 2018
An educational intervention fostering professional formation	

Individual Lectures/Teaching Sessions (recurrent; annual):

- Longitudinal Integrated Clerkship** (each lecture, once per year; 15-25 students) 2015- 2018
Anandarajah G. Introduction to Hospice
Anandarajah G. Maximizing your learning in the LIC
- Health Systems Science Course** (each lecture, once per year for 144 students) 2015-present
Anandarajah G, Tobin-Tyler E. Introduction to the HSS course
Anandarajah G. Environmental health
Anandarajah G, Tobin-Tyler E. Introduction to vulnerable populations
Tobin-Tyler E, Anandarajah G. Abuse & neglect: Mandatory reporting, children & elderly
Anandarajah G. Introduction to unconscious processing: clinical expertise vs. implicit bias
Anandarajah G. Introduction to the physician's role in social justice

GRADUATE MEDICAL EDUCATION - FAMILY MEDICINE RESIDENCY, Brown University

Residency Leadership Roles:

- Associate Residency Director**, Department of Family Medicine 2011 – 2012
- *Continued to function in Vice Chair role* (since no formal VC position existed in the FM Dept)
 - Senior leadership and mentoring role for faculty and residents
 - Helped transition to our new residency director (provided mentoring & stability)
 - Assisted in resident interviewing/recruitment x 2 more seasons
- Residency Program Director**, Dept of Family Medicine, Alpert Medical School 2008 – 2011
- Responsible for: all aspects of the Brown Family Medicine Residency Program including **administration/budget, admissions** (via NRMP), **curriculum development, implementation, evaluation, resident supervision** (36), including remediation and disciplinary actions, **faculty development and supervision** (approx. 150, across all major specialties and sub-specialties), direct **teaching** (clinical and didactic), **mentoring** (residents and faculty), **leader for residency program ACGME accreditation process**, provide data and assistance with **ACGME institutional accreditation, collaboration and negotiation** with the broad range of clinical specialties, programs and settings required for family medicine training. **Also functioned in department Vice Chair role** (since no VC position existed) – substituting when Chair away, department budget, assisting with staff/faculty issues.
 - Major accomplishments (through teamwork of entire residency faculty and residents):
Successful recruitment of high-quality residents x 5 years
Implementation of new electronic educational evaluation system (E-Value). 2008
5 year ACGME accreditation (max. possible; up from previous 3-yr status x 2 cycles). 2009
PI for 2 HRSA grants for residency curricula (\$1.6 million). 2010
Level 3 NCQA PCMH status for the resident/faculty practice (FCC) 2010
Implementation of new ACGME work hours rules with curricula redesign of all major rotations 2011
Opening of new Brown FM Residency's Center for Clinical Skills Training (includes high-fidelity adult, pediatric and obstetrical simulators). 2011
Major assistance provided for Institutional ACGME accreditation 2011
Leadership in implementing multiple **new** curricula to enhance overall residency program (see below)

- Clinical Director (Team Leader) of Family Care Center (FCC) Practice C** 1995 – 2008
Department of Family Medicine, Memorial Hospital of Rhode Island
- Responsible for: daily operations & medical direction of an 18-20 physician faculty/resident practice
 - Responsibilities include: **clinical leadership** & management, **direct supervision** of residents, medical students and staff; implementation of all **clinical educational programs; clinical system re-design** (eg. new EMR & open-access scheduling); **quality improvement, direct patient care**, and **clinical teaching** in multiple settings: clinic, inpatient hospital (ER/wards/ICU), nursing homes and home-based care. Also includes advising and **mentoring** of individual residents.
Assist in JACHO accreditation process Assist in outpatient educational data for ACGME accreditation.
 - Time breakdown:
Direct patient care 40% time – included having learners with me (medical students & others)
Precepting residents 40% time (included supervising residents & teaching med students)
Clinical administrative responsibilities: 20% time

Residency Curriculum Leadership Roles:

Balint Group Faculty Leader – resident professional development 1998-2007

Learners: family medicine residents.

Weekly small group discussions on the doctor-patient relationship (**approx. 414 sessions**)

Course Director: Spirituality and Family Medicine 2000-2006

An original, *required* curriculum for family medicine residents.

Content included:

- (1) patient-centered care for diverse and multicultural patient populations
- (2) resident self-care, wellness, and resilience building

One of the first curricula of this sort nationally and internationally.

Longitudinal curricula evaluation has been published

Faculty Coordinator – Healthcare for Underserved Communities: Local and International. A Concentration in Family Medicine Training 2004-2007

Advanced Clinical Skills Mentor/Trainer for senior residents 2008- 2013

Direct observation and feedback. Focus on communication, clinical reasoning, efficiency, EMR use, and integration of population health, behavioral health and team care into daily practice

Co-Director of Scholarly Development Curriculum 2008-2013

An original, *required* longitudinal and block curriculum

Goal: fostering scholarly productivity among residents

Co-Director Global Health Home and Abroad curriculum 2010 - 2013

An original multifaceted curriculum re: care of underserved populations in USA and globally.

Required and elective components: didactics, “away rotations”, scholarly projects

Co-Director Teaching to Teach Curriculum 2008- 2013

A *required* curriculum for senior residents, providing experiential & small group training on effective teaching skills.

Co-Director of the “Forum” Professional Formation Curriculum 2008-2015

An original, *required*, small group seminar series designed to foster professional formation through individual and group reflection. For PGY2 & 3 residents

Senior Mentor and Creator of PCMH Curriculum 2011-2013

Creation of a *new required block rotation* in PGY1,2 & 3 years - formation of a Patient Centered Medical Home (PCMH) Team focusing on population based care patients in the resident-faculty practice.

Senior Mentor for new residency Simulation Training curriculum 2010-2013

Curriculum development and evaluation for Pedi, OB, adult and ortho

Faculty Leader, Weekly Intern Support Group x 3 months (12 sessions) 2013

Residency Clinical Teaching Roles:

Clinical Preceptor for Residents at the Family Care Center/Memorial Hospital 1992-2013
(and the Blackstone Valley Community Health Center until approx 2002).

2-3 sessions/week

The FCC was a hospital-based residency faculty practice serving a ethnically diverse, vulnerable and underserved communities in Pawtucket, RI, an urban HPSA (health provider shortage area).

BVCHC is a federally qualified health center, serving the diverse, underserved communities of Pawtucket and Central Falls, RI.

Ward Attending for the Inpatient Family Medicine Service (adults & pediatrics) 1992-2013
 Memorial Hospital of Rhode Island
 4-8 weeks per year – direct patient care and direct teaching

Individual Family Medicine Residency Teaching Sessions

Clinic “End of Day” Teaching Sessions 1995-2001

Focused core clinical teaching sessions. Repeated four times per year to reach all residents.

Anandarajah G. Shoulder Pain	1995-2001
Anandarajah G. The Limping Child	1995-2001
Anandarajah G. Enuresis	1995-2001

Family Medicine Half-Day Workshops: 1999-2014

Anandarajah, G. , et al. The comprehensive care of the dying patient. Family Medicine and Internal Medicine half day Conference.	4/1999
Anandarajah G. , Smith M, Long R, Salloway K. The care of the body, mind and spirit: From self-care to patient care.	2/01, 2/02, 2/03 2/04, 2/05, 2/08, 2/09
Chandran R, Nothnagle M, Anandarajah G. , et al. Fracture Management.	3/06.
Duarte T, Rickler K, Dameris S, Anandarajah G. Advanced Communication Skills: Helping Patients and Families Cope with Uncertainty	5/10
Goldman R, Anandarajah G. Introduction to the scholarly development program (Workshop for PGY2 Residents)	5/08, 8/09, 6/10 8/2011
Goldman R, Anandarajah G. Developing your scholarly projects from idea to IRB. Workshop for PGY3 residents	7/08, 7/09, 7/10 7/11
Anandarajah G. , Rickler K, Wool M. Advanced communication skills workshop: giving bad news; goals of care; spiritual care	4/14

The Teaching and Learning Seminar Series for Family Medicine Residents 2007-2015

Anandarajah G. Evaluating junior residents: a primer for senior residents	8/07
Nothnagle M, Anandarajah G. Teaching & Learning in Residency	3/09, 6/09
Anandarajah G. , Nothnagle M. Giving Effective Feedback	7/09, 1/11, 8/12
Anandarajah G. How doctors learn: Making the most of your residency education. 90 min interactive workshop for new interns	6/09, 6/10, 6/11, 6/12
Anandarajah G. “Being a Teacher-Learner: Making the most of your R2 Year” (See additional sessions under FM forum below).	6/10, 7/11

The Family Medicine Professional Formation Forum 2008-2015

This workshop series promotes *professional formation during residency*. Each interactive 90-min workshop encourages residents and faculty to focus on their personal and professional growth as physicians, addresses the hidden curriculum, promotes self-directed learning, and provides a safe environment in which to explore challenges.

This innovative, original series for PGY2 & 3 residents was created, implemented and evaluated.

Reis S, Anandarajah G. , Nothnagle M. The Mentoring Relationship	7/2008
Anandarajah G. , Nothnagle M, Reis S. Balancing the Duel Roles of Teacher and Learner	9/2008
Reis S, Anandarajah G. , Nothnagle M. Being a good family physician in 15mins	10/08
Anandarajah G. , Nothnagle M. Goal setting: Keeping your eye on the big picture while weathering the storm: Professional and personal goal setting	1/09, 5/10, 5/2012, 4/2014

Anandarajah G , Nothnagle M. Choosing your path: Maximizing your impact as a physician	3/09, 4/11, 5/13 4/2015
Nothnagle M, Anandarajah G . Reflection on learning: reflection in practice and on practice	5/09, 10/10, 9/12
Anandarajah G , Nothnagle M. Maintaining the ideal of service in a challenging environment	8/09, 11/11, 11/13
Anandarajah G , Nothnagle M. Being a Great Doctor in 15 mins: Practical skills for efficiency, patient-centered care and utilizing teams	10/09, 3/12, 2/14
Anandarajah G , Nothnagle M. Balancing the dual roles of teacher and learner: practical skills for lifelong learning	12/09, 5/12
Anandarajah G , Nothnagle M. The Challenge of Leadership: Being Versatile in Your Leadership Approach	1/10, 10/11
Nothnagle M, Anandarajah G . Professional ethics in shared decision making: Balancing patient autonomy and physician advice	11/10
Anandarajah G , Nothnagle M. Teaching to promote success: Strategies for working with learners of all abilities	5/11, 10/12
Anandarajah G , Nothnagle M. Leadership: Being an effective change agent	2/13
Nothnagle M, Ashley D, Anandarajah G . Learning to negotiate effectively	3/13
Anandarajah G , Nothnagle M. Preparing for new models of healthcare: Working in and leading interprofessional teams	3/14

Family Medicine Intern Professional Development Seminars 2014-15

Interactive 60 min seminars. Fosters the professional formation of interns, using a flexible and responsive pedagogical approach. Supplements the existing unstructured support group.

Anandarajah G . Your professional and personal formation during intern year: Moving from reactive to conscious development	9/2014
Anandarajah G . "Last 3 Months of Internship: Preparing for the Senior Role"	3/2015

Other Family Medicine Resident Teaching sessions: 1995-2014

Goldberg A, Anandarajah G , Tryforos M, et al. "Orientation to the Family Care Center" (yearly intern orientation)	1995-2007
Anandarajah, G . "Transitions" – <i>invited by residents</i> as small group facilitator for family medicine resident retreat	5/98, 5/99, 5/00 5/01, 5/02, 5/04 5/06, 5/07
Anandarajah, G . "Dealing with death" – <i>invited by residents</i> as speaker for intern orientation	6/07, 6/08, 6/09 6/10, 6/11, 6/12, 6/14
Anandarajah, G . "Meditation and the relaxation response". <i>Invited by residents</i> for CAM interest group	8/08

GRADUATE MEDICAL EDUCATION - INTERNAL MEDICINE RESIDENCY,
Memorial Hospital of RI

Ward Attending for FCC patients admitted to IM inpatient teaching service (clinical supervision of IM residents 4-8 weeks/year)	1992-2008
Seminars for internal medicine residents: Spirituality and Medicine (annual)	1998-2000
Seminar for internal medicine residents: Sexual History	2009
Clinical Skills Training: The pelvic exam: technical and communication skills	2010

FACULTY DEVELOPMENT & FELLOWSHIP EDUCATION

Faculty Development Leadership Roles:

Faculty Development Director, Longitudinal Integrated Clerkship, AMS 2015-2018

Responsible for creating faculty development programs for this *new clerkship model*
Created faculty development materials utilizing the AAMC's new Core Entrustable Professional Activities (EPAs) for entering residency, including creating a "Stages" (milestone) roadmap, with input from faculty, to assist faculty in evaluating students' progress in the LIC during the early years of this program.
Provided input at LIC Leadership meetings
Created and ran faculty development workshops.

Director of Faculty Development, Department of Family Medicine 2011- 2015

Responsible for faculty development activities for faculty in the Brown FM department
Created new workshop series for FM faculty (see below)
1:1 mentoring of faculty & fellows (see below)
Interface with faculty development activities at the medical school

Inaugural Co-Director of the Global Health Faculty Development Fellowship 2011 – 2015

Department of Family Medicine, Warren Alpert Medical School
Senior role in creating the fellowship and curriculum (first of a handful in the country).
Collaboration between a local community health center, a teaching hospital & an academic dept
Didactics from a variety of sources + direct clinical, teaching, scholarly experience + mentoring
Primary teaching role – weekly 1:1 faculty development mentoring of fellows (2hr/week)
1st fellow 2012-13: Anna Filip MD
2nd fellow 2013-14: Maria Colon-Gonzales, MD
3rd fellow 2014-16: Marla Hansel MD
This fellowship is still in operation with different Directors.

Faculty Development Fellowship Director, Dept of Family Medicine 2009- 2010

Innovative collaboration with local community health center
Leadership role: Created the program and managed all logistics of this new fellowship
Teaching role: 1:1 weekly teaching and mentoring sessions covering teaching and scholarly skills.
Fellow 2009-10: Sarah Morchan, MD
This fellowship provided the groundwork for the later Global Health Faculty Development Fellowship

Faculty Development Programs (created and run)

Faculty Development Series for Doctoring Small Group Faculty, AMS 2007-2008.

Created & lead/taught a new series of 6 workshops.
This Doctoring Program previously had no faculty development component

Faculty Development Workshop Series for Family Medicine Faculty 2011-2015

Created a new monthly workshop series (60-90 min sessions);
Previous faculty development in the department had been intermittent.
Topics & presenters selected based on FM faculty needs assessment & cover advanced clinical & procedure skills, scholarly skills and teaching skills.
Taught multiple sessions related to scholarly, teaching & educational skills

Faculty Development Workshops for LIC Community Faculty, AMS 2015-2018

2-3 hour workshops twice a year

Faculty Development Sessions for HSS Course Small Group Faculty, AMS 2016-present

Approx 4 sessions per year

Faculty Development Sessions for Gateways Advisors 2017 - present
General advising skills, pre-health advising, support, etc (approx. 8 sessions per year)

Faculty Development Sessions for Gateways PCCS Small Group Faculty 2019 - present
Approx. 8 sessions per year focused on capstone project mentoring skills

Faculty Development Workshops (direct teaching)

Anandarajah G. "Introduction to Academic Fundraising".	6/06.
Anandarajah G. , Borkan J, Demaris S, Chandran R, Lavalley L, Goldberg A	9/06
"Academic Fundraising at Brown Department of Family Medicine: Part 2 – Preparing to Go Forth!"	
Reis S, Nothnagle M, Anandarajah G. , et al. "Mentoring Workshop"	6/08
Anandarajah G. & Goldman R. "Scholarly P3 Series: From Project to Presentation to Publication"	
Part 1: Title and Abstract	6/12
Part 2: Writing a great introduction	9/12
Part 3: The methods section	1/13
Part 4: The results and conclusion	3/13
Anandarajah, G. "Working with the Challenging Learner"	8/12
Anandarajah, G. Faculty Retreat "Finding Fulfillment in Your Work and Life"	5/14
Created and ran this interactive, multifaceted half-day workshop	
Anandarajah G. , Epstien-Lubow G, Cineas S. "Introduction to the stages for progress in the LIC: Using milestones and learning contracts to enhance progress and inform evaluation"	9/15
Anandarajah G. "Feedback & evaluation of LIC Students: Who, what, when and where?"	3/16
Anandarajah G. "Written evaluations: Strategies for writing accurate & meaningful evaluations"	3/16
Anandarajah G. "Working with the challenging learner: "Diagnosis" & "treatment" strategies"	10/16
Anandarajah G. "New LIC Mentor Bootcamp: Feedback and Evaluation of LIC Students"	06/17

POSTBACCALAUREATE & GRADUATE SCHOOL EDUCATION

Leadership Roles

Inaugural Program Director, Gateways to Medicine, Healthcare and Research 2016- present
Associate Dean of Medicine, Gateways (2023-present)

Assistant Dean for Medical Education (2021-2023)

Director of Graduate Study ScM in Medical Sciences (2016 - present)

Director of Graduate Study, Certificate in Medical Science (2016 - 2018)

Alpert Medical School and Brown University Graduate School

A major leadership role for the ***first free-standing, Master's program housed at Alpert Medical School*** in collaboration with Brown University Graduate School

Program goal: ***Improve the diversity of the physician workforce*** by: (1) identifying academically promising students who have overcome hardships along their path to medicine (eg. URiMs, first generation college students, financial struggles, personal/family health setbacks, etc.) and who also display a genuine desire to serve underserved patient communities; (2) provide a rigorous course of study equivalent to first year medical school; (3) provide personalized advising and mentoring both during and after the program.

Responsible for initial program development including program design, program proposal & obtaining all levels of approval from Brown University; followed by ***detailed program & curriculum development*** including: all courses & capstone project curricula, administrative structure, admissions processes, advising system, policies, marketing, staff/faculty recruitment, training, etc.

Responsible for all aspects of the daily operation of the program including: overall ***administration*** and ***budget*** management; ***admissions*** (via CollegeNET admissions platform); ***financial aid*** decisions; ***curriculum implementation & evaluation***; evaluation of ***student performance***, including remediation and disciplinary actions; faculty evaluation; program evaluation; ***direct teaching***; ***student support and advising***; ***supervision*** of students, faculty, advisors & staff; ***pre-health advising*** & committee letter writing (AMCAS, AACOMAS, TMDSAS); alumni advising; ***collaborating*** with University leadership (AMS, graduate school, registrar, etc), and community clinical sites; ***faculty and staff development***; provide data for University ***accreditation*** purposes (NECHE).

Accomplishments: As of Sept 2021 (4-5year data):

Admissions: Total matriculated 143 (URiMs = 33%; + approx. 33% with other hardships).

Educational outcomes: 98% program completion rate; mean pre-post MCAT improvement = 6 points; mean basic science exam scores similar to medical students.

Program evaluation: consistently high confidential program evaluations by students; highest ratings on external eval among Life Science Master's programs x 2 years (2020 & 2021 pending due to COVID).

Medical School Admissions: 92% of graduating students applied to medical school, 92% were accepted (vast majority USA allopathic, including top tier); full 2020 & 2021 data pending due to COVID delays.

For class of 2021 – two students admitted to MSTP MD-PhD programs (both students are URiMs).

Course Director MED 2110: Introduction to Medical Science and Patient Care 2017-present

Required graduate level course for ScM in Medical Sciences students: seminars, fieldwork

Content: Biopsychosocial model; determinants of health; health disparities; structural barriers to health; implicit & explicit bias: race & medicine; ethics – professionalism & justice; healthcare systems globally, in USA & locally; healthcare financing; basic clinical skills training; fieldwork at community health center sites; study skills workshops.

24 hrs class; 32 hrs fieldwork; >90 hrs effort. Number of students per year: 20-36

Primary responsibility: New course development, implementation and evaluation; guest speakers; community site development and coordination; grading field notes and essays. *Lecture* for 9 sessions.

Co-Course Director MED 2120: Patient Care in Complex Systems I 2017- present

Required graduate level course for ScM in Medical Sciences students: seminars, fieldwork

Content: Healthcare delivery models, population health with focus on underserved and vulnerable populations and health equity; team-based care; quality improvement; clinical care; community-based project development.

40 hr class; 20 hrs fieldwork; >180 hrs effort

Number of students per year: 20-36

Primary responsibility: New course development, implementation & evaluation; recruit guest speakers; community clinical site development and coordination; grading essays. *Lecturer* for 9 sessions.

Co- Course Director MED 2130, Patient Care in Complex Systems II 2018- present

Required graduate level course for ScM in Medical Sciences students: seminars, fieldwork

Content: Care of vulnerable populations, health disparities; immigrant health; language barriers; health literacy; structural racism in medicine; environmental health; medical ethics, population health; cultural humility; advocacy; capstone project completion

40 hr class; > 54 hrs fieldwork; >180 hrs effort. Number of students per year: 20-36

Primary responsibility: New course development, implementation and evaluation; guest speakers; ongoing community site development and coordination; grading essays. *Lecturer* for 8 sessions

Director of the Capstone Project Program, ScM Medical Sciences 2018 -present

Required for completion of ScM in Medical Sciences degree

Content: Projects are based at students' longitudinal clinical sites; most are federally qualified health centers (FQHCs) serving vulnerable patients. Projects must meet the needs of the sites and their patients.

Number of students per year: 20-36

Primary responsibilities: New program/curriculum development, recruit community clinical sites, recruit community project mentors; create and teach a tailored structured longitudinal curriculum that prepares students for community-based projects, QI work, project implementation, evaluation, and presentation; provide faculty development and mentoring for community site project mentors and PCCS small group faculty who mentor students' individual projects; provide direct project mentoring to a subset of students.

Individual Teaching Sessions (direct teaching):

Intro to Medical Science & Patient Care Course MED2110 (lectures repeat/year) 2017-present

Anandarajah G. Tobin-Tyler E. Health determinants, measurements and trends

Tobin-Tyler E, Anandarajah G. Health disparities

Anandarajah G, et al. Clinical skills training 1: History – Introduction and chief complaint

Anandarajah G, et al. Clinical skills training 2: History – HPI
 Anandarajah G, et al. Clinical skills training 3: PE – Vital signs
 Anandarajah G, et al. Clinical skills training 4: PE – Brief cardiopulmonary exam
 Anandarajah G, et al. Clinical skills training 5: Skills practice with standardized patients
 Anandarajah G. Workshop: Managing stress & emotion in clinical & academic environments
 Anandarajah G, Tobin-Tyler E. Small group discussions of field notes x 2 sessions

Patient Care in Complex Systems I Course MED2120 (lectures repeat/year) 2017-present

Anandarajah G. Introduction to the course
 Anandarajah G. Team-based care: characteristics of high functioning teams
 Anandarajah G, Tobin-Tyler. Community project 1: Community engagement strategies
 Anandarajah G, Tobin-Tyler. Community project 2: Needs assessment; key informant interview
 Anandarajah G, Tobin-Tyler. Community project 3: Project identification and initial planning
 Anandarajah G, Tobin-Tyler E. Community project 4: Project timeline and next steps
 Anandarajah G. Clinical skills workshop: Complex social history: SDH screening
 Anandarajah G, Tobin-Tyler E. Small group field note discussions x 2 sessions

Patient Care in Complex Systems II Course MED2130 (lectures repeat/year) 2018-present

Anandarajah G. Cultural considerations in patient care
 Anandarajah G. Writing a scientific abstract
 Anandarajah G. Poster presentations: Preparation and presentation skills
 Anandarajah G. Essentials of effective oral presentations
 Anandarajah G. Small group teacher for: project updates x 2 sessions
 Anandarajah G. Small group teacher for ethics sessions x 2

Career Development Workshops (repeat/year) 2018-present

Annual workshop series for Gateways students.
 Anandarajah G, et al. General career and educational planning
 Anandarajah G, et al. Preparing a CV and Personal Statement: Tips and strategies
 Anandarajah G, et al. Feedback on your CV workshop
 Anandarajah G, et al. Feedback on your personal statement workshop
 Anandarajah G, et al. The medical school interview: Formats, tips and strategies
 Anandarajah G, et al. Mock Interview Workshop

INTERPROFESSIONAL EDUCATION

Spirituality and Medicine Discussion Group 1999 - 2003

Created and ran this new semi-structured forum for study of this topic
 For faculty, interdisciplinary staff and residents at Memorial Hospital of RI (once a month)

Healing the Healer Group – for the hospice interdisciplinary team 2014 - 2022

Created and ran a new educational program for RNs, social workers, chaplains and physicians
 One 1-hr session per month. Piloted on one team 2014-15 and continues to present
 Fosters professional growth & improved clinical performance through reflection on experience
 Formal program evaluation (short term & long term) completed; manuscript in prep.

Healing the Healer Group – for hospice home health aids 2014 - 2015

Created and ran a new educational program tailored for HHAs
 One 1-hr session per month. Piloted on one team 2014-15.
 Positive program evals, but logistical issues prevented continuation of this program.

HOSPITAL/CLINICAL TEACHING ROLES

(briefly summarized below; see details in “University Teaching Roles” above)

MEMORIAL HOSPITAL OF RHODE ISLAND

1992 – 2013

Ward Attending (Medicine including ICU, Pediatrics including newborns)

4-8 weeks/year

Learners: family medicine residents, internal medicine residents, 3rd & 4th year medical students

Clinic Preceptor (full spectrum family medicine, including obstetrics – prenatal & post-partum)

2-4 sessions/week

Learners: family medicine residents, 3rd & 4th year medical students

Preceptor in Nursing Home and Home Settings (primarily geriatrics and hospice care)

Variable schedule

Learners: family medicine residents

HOPE HOSPICE & PALLIATIVE CARE RHODE ISLAND

2013 – 2023

Inpatient Hospice Unit Attending

Learners: hospice/palliative, heme/onch, & geriatrics fellows, IM & FM residents, and 4th year medical students

Home Visits

Learners: hospice/palliative, heme/onch, & geriatrics fellows, IM & FM residents, and 3rd and 4th year medical students

Clinical Teaching Sessions:

All Learners working with me: Mini-lecture “Intro to hospice & palliative care”

LIC Clerkship Students: lecture + small group discussions x 4 per year (12 students/yr) 2015-2018

UNIVERSITY ADVISING and MENTORING ROLES

FACULTY MENTEES

Core Family Medicine Faculty Mentees:

(Name and specific skills taught/mentored through 1:1 meetings)

Tina Duarte MD. Clinical Assistant Professor

2008-2013

Curriculum development – Advanced Communication Skills 4 hr-Workshops;

Writing standardized patient (SP) cases and training materials for SPs;

Basic grant writing skills; Residency administrative leadership training

Rabin Chandran, MD, PhD. Associate Professor (Clinical)

2008-2016

Curriculum development – PCMH block rotation (didactic and experiential);

Curriculum evaluation methods; Qualitative research methods and analysis;

Abstract & proposal writing; General mentoring re: promotions;

Manuscript prep: intensive mentoring for his first, first authored paper. Manuscript published 2015

Amity Rubeor, DO. Assistant Professor (Clinical)

2008-2013

Curriculum evaluation methods - Sports medicine and orthopedic procedures;

OSCE skills evaluation tools; Presentations to publications; General mentoring re: promotions

Melissa Nothnagle MD, MS. Assistant Professor (now Associate Professor)

2008-2013

Pedagogical approaches for fostering professional formation in residents

Advisor during transition to her new role as residency director in 2011; then as needed

Ed McGookin, MD. Clinical Assistant Professor	2008-2012
Grant writing; Evaluation methods for pediatric simulation training	
Susanna Magee MD, MS. Assistant Professor	2011-2013
Evaluation methods for OB & neonatal simulation training; Qualitative research methods	
Justin Nash, PhD, Associate Professor	2011-2013
Adapting behavioral health training to the needs of family medicine residents.	
Initially, biweekly meetings x 6 months for this new faculty member, then as needed.	
Fadya ElRayess, MD. Assistant Professor (Clinical)	2011- 2015
Curriculum development (residency) – health disparities and global health	
Curriculum development (fellowship) – new global health fellowship	
Grant writing; national presentations submissions & presentations;	
Leadership skills (residency administration, local & national global health)	
Manuscript prep – intensive mentoring for her first, first authored paper. Manuscript published 2015	
David Ashley MD. Assistant Professor (Clinical)	2012-2013
Leadership advice re: new role as medical director of resident-faculty practice;	
Curriculum development – PCMH rotation	
Christopher Furey MD. Clinical Assistant Professor	2013 – 2017
Manuscript preparation: manuscript x 2 accepted <i>RIMJ</i> 2015 & <i>JGME</i> 2015.	
Anna Filip MD, Assistant Professor (Clinical)	2013 – 2015
General mentoring; transition to role as Assistant Residency Director; manuscript prep	
Nicole Seigert MD, Assistant Professor (Clinical)	2014 –2015
Regular 1 hr sessions (3 x per month) for new faculty member	
Teaching (clinical, small group, lecture, etc) and evaluation strategies	
Leadership strategies for role as Clinical Director of a resident/faculty practice	
<u>Gateways Faculty Mentees</u>	
Amy Chew PhD	2017 – present
Admissions processes; pre-health advising	
Claudia Clark DO	2020 - 2023
Small group teaching	
Karen Saal MD, Assistant Professor (Clinical)	2020 – present
Small group teaching; Curriculum development & evaluation; admissions processes	

FELLOW MENTEES

Hanna Srour, MD. Visiting Faculty Development Fellow from Israel.	2006
Curriculum Development: The Biopsychosocial-Spiritual Model of Health to be taught at Ha'Emek Medical Center, Israel	
Sarah Morchan, MD. Faculty Development Fellow	2009-2010
Weekly mentoring & individual teaching sessions (60-90 mins) x 1 year	
Scholarly project mentor: National Presentation (oral) STFM Annual Conf. 2010	
Anna Filip, MD. Faculty Development for Global Health Fellow	2012-13
Weekly mentoring sessions x 1 year (60-90 mins) - focus on “teaching supervision”	
Scholarly project mentor: National Presentation (Poster). STFM Annual Conf. 2013.	
Maria Colon-Gonzales, MD. Faculty Development for Global Health Fellow	2013-2014
Weekly mentoring sessions x 1 year (60-90 mins)– “teaching supervision”	
Scholarly project mentor: National Presentation (Poster). STFM Annual Conf. 2014	
Manuscript preparation – intensive mentoring for her first, first authored paper.	
Published in <i>Rural and Remote Health</i> Sept 2015	
Marla Hanson MD, Faculty Development for Global Health Fellow	2014-2016
Weekly mentoring sessions (90 mins) – “teaching supervision”	
Scholarly project mentor. Environmental health issues in RI	
Jennifer Savoca MD, Hospice and Palliative Care Fellow	2014-2015
Scholarly project coach; learning coach	
Kristina Conner MD, Hospice and Palliative Care Fellow	2015-2017
Scholarly project mentor; National presentation (poster): AAHPM Annual Conf. 2017	

RESIDENT ADVISEES AND MENTEES

Advisor/Mentor for individual Family Medicine Residents: 1995-2013

Formal Advisor: Chosen by 24 residents as formal professional & personal advisor for all 3 years of residency. Regular formal meetings + ad hoc advising 1995 – 2008

Charles Wolff, MD	1995-1998	Lorraine Allegro, MD	1995-1998
Jill Reidy, MD	1995-1998	Alex Houck, MD	1996-1999
Rabin Chandran, MD	1996-1999	Kristin Avery, MD	1996-1999
Alice Tse, MD	1996-1999	Ellen McMahon, MD	1998-2001
Jennifer Raney, MD	1999-2002	Lisa Harrington, MD	1999-2002
Julia De Almeida, MD	2000-2003	Rebecca Simmons, MD	2000-2003
Kim Bower, MD	2000-2003	Carole Smith, MD	2001-2004
Joanna Brown, MD	2002-2005	Uma Kolli, MD	2003-2006
Joanne Silvia, MD	2004-2007	Cristina Pacheco, MD	2004-2007
Christine Hartley, MD	2005-2007	Matilda Addo, MD	2005-2008
Steven Busselen, MD	2005-2007	Kohar Jones, MD	2006-2008
Rakshana Karam MD	2007-2008	P. Krishnagar MD	2007-2008

General 1:1 mentoring of all 39 family residents in program (as residency director) 2008 – 2011

Leadership Mentor for Chief Residents 2008 - 2011

Weekly meetings with both family medicine chief residents

Brett Hurteau DO	&	Sarah Morchan MD	2008-2009
Meg Lekanda MD	&	Lakshmi Subramaniam MD	2009-2010
Sarah Delaporta MD	&	Jensy Jacob MD	2010-2011
Jodi Roque MD	&	Matt Hall DO	2011-2012

Formal Advisor for residents: 2011 – 2013

Sheldon Malcolm DO	2011-2012	Cortney Haynes MD	2011-present
Heidi Knoll MD	2011-2013	Lauren Goddard MD	2012-2013
Carmen Goojha MD	2012-2013		

Scholarly Project Mentor (*chosen by residents*) 2008 – 2015

(Resident publications*** national presentations** & regional presentations *)

Note: all required to do a local presentation

Class of 2009:

Brett Hurteau DO. The Treatment of Back Pain and Posterior Pelvic Pain in Pregnancy with Osteopathic Manipulation: Current Standard of Care. Poster presentation. Kenney Day (MHRI Hospital research day) 2009

Bernd Lauenberg MD. Evaluation of a weekly resident run CAM interest group during residency. Poster presentation at STFM Annual Conference. 2009**

Class of 2010:

Meg Lekander MD – Family physicians and global health: A qualitative study of exemplars to guide curriculum development. Peer paper. STFM Ann Conf. 2009**

Nadia Mujahid MD & Srilakshmi Subramaniam MD. An EMR-based protocol for chronic pain patients on narcotics: Preliminary results on effectiveness in a teaching family medicine practice. Poster. RI AFP Annual Conference. 2010*

Class of 2011:

Quang Le MD. Detection, referral and follow-up of hypertension and hyperlipidemia in black-and Hispanic-owned barbershops. Poster. NAPCRG Annual Meeting 2009.**

Gregory Rachu MD. Global health training in family medicine residency: Meeting the needs of residents? Poster. STFM Annual Conference. 2011**

Class of 2012:

Jodi Roque MD, Christine Nevins-Hebert MD. Evaluation of a resident run 3hr workshop on end of life care. Poster. Kenney Day (hospital research day) and RIAFP Annual Conference. 2011*

Class of 2013:

Christopher Furey MD. Evaluation of a new PCMH residency block rotation in the family medicine residency. Seminar. STFM Annual Conf 2012**; manuscript published RIMJ 2015***

Jonathan Mendelson MD. Effects of acupuncture on patients' experience of pain, general health and motivation for self-care: A qualitative study. Poster at NAPCRG Annual Conference 2012.**

Class of 2015:

Alexis Drutchas Spirituality and Chronic Disease Coping in Pediatrics. Review article. Published in RI Med J. March 2014***

MEDICAL STUDENT MENTEES

Research Mentees

(***publications, **national/international presentations, *regional presentation)

Danny Lee (Brown MD Class of 2011) - A 10-Year longitudinal study of effects of a multifaceted residency spiritual care curriculum. Manuscript published 2017***

Katherine Cicolello (Brown MD Class of 2019) - Multiple Stakeholders' Perspectives Regarding Barriers to Hospice Access in Diverse Patient Populations: National presentation**. Manuscript published 2019***

Gabriella Dressler (Brown MD Class of 2022) – Language Barriers in Hospice Care: A Qualitative Study. National Conference Presentation. International presentation**. Manuscript published 2020***

Shir Oring, Douglas Villalta, Logan Abel (all Brown MD Class of 2022) – Implementation and Evaluation of a Spirituality in Healthcare Preclinical Elective. Course & eval in progress.

Benjamin Andres Gallo Marin (Brown MD Class of 2023) – Beliefs and attitudes of Spanish speaking, LEP patients regarding hospice and palliative care. International presentation 2021** Manuscript in prep.

Brendan Kelly (Brown MD Class of 2023) – Primary care providers' comfort with primary palliative care skills: Qualitative study. International presentation 2021** Manuscript published 2023***

MASTERS & CERTIFICATE STUDENT ADVISEES & MENTEES

Individual Student Advising – General, Academic & Pre-health Advising

2017- present
