Dissertation Seed Grant, Institute for Social Sciences, Cornell University, 2007

SELECTED PRESENTATIONS AND CONFERENCE PARTICIPATION

2023

“Building Power: Exploring Global Variation in Protest Against Proposed Coal-Fired Power Plants.” Kings College Political Economy Seminar Series, Stanford University Center for Philanthropy and Civil Society, and Annual Meeting of the American Political Science Association.

“The Role of Social Acceptance in the Green Energy Transition.” University of Texas at Austin “Go Green Fast” workshop.

2022

“The Roots, Experience, and Future of Climate Justice.” Duke University 40th Anniversary of the Environmental Justice Movement.

“Does Air Pollution Drive Protest Against New Coal? Evidence from India.” University of Maryland Comparative Politics Workshop, Environmental Politics and Governance Workshop, and Annual Meeting of the American Political Science Association.

“How Density and Competition are Reshaping the Role of Environmental Nonprofits in World Politics.” Stanford University, Seminar on Climate Change and the Voluntary Sector.

“Understanding Public Opinion Towards New Energy Infrastructure in the Developing World: A Survey Experiment in India, Turkey, and South Africa.” University of California Santa Barbara Environmental Politics Workshop, University of Delaware CRISP Workshop, and University of Maryland IR Workshop.

2021

“Beyond Coal? Exploring Global Variation in Protest Against Proposed Coal-Fired Power Plants.” International Studies Association Annual Convention.

“Theories of INGOs and the Future of Transnational Activism” (Roundtable Participant). International Studies Association Annual Convention.

2020

“Understanding the Social Reception of New Energy Infrastructure in the Developing World.”
University of Maryland School of Public Policy, Center for Global Sustainability.

“How Transnational Advocacy Networks Shape NGO Strategies on Climate Change in Europe.”
University of Mississippi Croft Institute.

2019

“Exploring Variation in Global Protest Against Proposed Coal-Fired Power Plants.” Duke
Environment and Institutions Workshop, Environmental Politics and Governance Conference,
University of California, Santa Barbara, and Stanford University.

“The Evolution of Environmental Governance: Mapping Populations Over Time.” With Jessica
Green. International Studies Association, Toronto, Canada and the American Political Science
Association, Washington DC.

2018

“INGO Mission Breadth and Strategy.” Georgetown GUITARS Workshop.

“Exploring Variation in Global Protest Against Proposed Coal-Fired Power Plants.” Georgetown
Energy and Climate Policy Research Seminar.

“Density and Decline in the Founding of International NGOs.” George Washington University IR
Workshop.

“Towards Climate Justice? Emerging Trends in the Governance of Global Warming.” Baha’i
Conference on World Peace, University of Maryland.

“Prospects for Global Climate Change Governance after the USA Withdrawal.” Roundtable
Presentation, International Studies Association Annual Convention, San Francisco, CA.
