FUNDED GRANTS (PI OR CO-I)

1. **Johnson, J. E.** (2005). *Group Treatment for Depression as an Adjunct to Substance Use Treatment in Incarcerated Women with Co-Occurring Depressive and Substance Use Disorders*. Group Psychotherapy Foundation. \$5,000.

2. L30 DA021159 (**Johnson**) 7/1/05-6/30/11 Role: PI
NIH/NIDA
Group IPT for Women Prisoners with Comorbid Substance Use and Depression.
National Institutes of Health Loan Repayment Program award.
3. K23 DA021159 (**Johnson**) 4/23/06-12/1/11 Role: PI
NIH/NIDA \$900,899 (TC)
Group IPT for Women Prisoners with Comorbid Substance Use and Depression
To develop Dr. Johnson's career as a clinical researcher with a programmatic line of research on interpersonal group treatments for high-risk women with substance use and co-occurring disorders.
4. R34 MH086682 (**Johnson**) 6/1/10 – 2/28/13 Role: PI
NIH/NIMH \$689,783 (TC)
Group IPT for major depression following perinatal loss
To adapt group IPT to treat major depressive disorder that occurs following perinatal loss (including miscarriage, stillbirth, and early neonatal death), and to test its feasibility, acceptability, and initial efficacy relative to a standard depression treatment in a sample of 60 women.
5. R34 MH094188 (**Johnson** and Zlotnick) 4/15/11-2/28/14 Role: PI
NIH/NIMH \$702,335 (TC)
HIV/STI risk reduction for incarcerated women with interpersonal violence
To integrate strategies for affect management and increased social support/access to community resources into the empirically supported Women's Coop HIV prevention intervention and tailor the integrated intervention for incarcerated women with lifetime interpersonal violence
6. R34 DA030428 (**Johnson** and Zlotnick) 7/1/11 – 6/30/14 Role: PI
NIH/NIDA \$605,838 (TC)
Sober Network IPT for perinatal women with comorbid substance use and depression
To adapt IPT for perinatal depression into Sober Network IPT to treat co-occurring substance use disorder and major depressive disorder among pregnant and post-partum women, and to test its feasibility, acceptability, and initial efficacy in a community setting relative to a community treatment as usual in a sample of 50 women
7. R01 MH095230 (**Johnson**) 7/1/11 – 6/30/14 Role: PI
NIH/NIMH \$1,755,597 (TC)
Effectiveness of IPT for men and women prisoners with major depression
To conduct the first fully-powered effectiveness study of treatment for major depressive disorder in an incarcerated population. This is a Hybrid Type I effectiveness/implementation study that also examines cost-effectiveness.
8. R01 AA021732 (**Johnson** and Stein) 8/1/13-7/30/18 Role: PI
NIH/NIAAA \$2,552,452 (TC)
AA linkage for alcohol abusing women leaving jail

To test the effectiveness of an Alcoholics Anonymous (AA) linkage intervention on alcohol use, AA attendance, and HIV sex risk among women with alcohol use disorders leaving jail.

9. R34MH097987 (Gaudio) 8/1/13-9/30/16 Role: Co-I
NIH/NIMH \$667,229 (TC)
Effectiveness of psychosocial treatment for inpatients with psychosis
To adapt an empirically supported psychotherapy for acute psychosis to be delivered in a group format by bachelor's level providers to improve implementability and promote uptake in routine inpatient settings. This is a Hybrid Type I effectiveness/implementation study.
10. R34MH102466 (Weinstock) 5/1/14-4/30/17 Role: Co-I
NIH/NIMH
Adjunctive psychotherapy for perinatal bipolar disorder
To develop and pilot test an adjunctive psychosocial intervention to treat perinatal bipolar disorder.
11. R34 MH103570 (Weinstock and Battle) 11/1/14-10/31/17 Role:Co-I
NIH/NIMH
Treatment decisions for perinatal bipolar disorder
To identify factors that influence pharmacotherapy and other mental health treatment decisions among perinatal women with bipolar disorder and the processes by which they make these decisions.

FUNDED GRANTS: CONSULTANT OR PARTICIPATING FACULTY MEMBER

1. Brown University's Pembroke Center for Teaching and Research on Women (Rich) 7/1/13-6/30/14 \$10,000
Role: Core Faculty
Incarceration, disparities, and health in America in the age of healthcare reform
To foster interdisciplinary collaboration among faculty and dissemination of research relating to re-entry of women prisoners
2. R25DA037190 (Beckwith) 5/1/14 – 3/31/19 Role: Faculty
NIH/NIDA
Lifespan/Brown Criminal Justice Research Program on Substance Use and HIV
Involvement with the criminal justice system, substance use, and infection with HIV and hepatitis C virus (HCV) are syndemic in the United States. Despite this public health crisis, there is a relative dearth of clinical research aimed at improving treatment outcomes among CJ populations. To address this gap and increase the number and capacity of clinical scientists working with CJ populations, we have established this clinical research training program based at the Lifespan/Tufts/Brown Center for AIDS Research (CFAR) and in collaboration with the Brown Program in Public Health.
3. R25 MH083620 (Flanigan) 7/17/08-6/30/19 Role: Faculty
NIH/NIMH
The Brown Initiative in HIV and AIDS Clinical Research for Minority Communities

To train the next generation of minority researchers to address the challenges of prevention, diagnosis and treatment of HIV, particularly in minority (especially African-American) communities. This proposal includes a stronger focus on community-engaged research. We aim to train the next cadre of investigators to conduct interdisciplinary research that responds to the social, behavioral and structural factors that contribute to racial disparities in HIV infection in the most heavily impacted communities of the US, particularly in the South and in inner city settings.

4. R25 MH101076 (Eisen) 9/6/13-6/30/18 Role: Faculty
NIH/NIMH
Promoting Research Training During Psychiatry Residency
To train psychiatry residents to conduct high-quality cutting-edge research, develop outstanding scientific expertise, sustain life-long engagement in research, and have successful careers as research-oriented physician-scientists in psychiatry/neuroscience.
5. Private donor (Brockmann). 10/1/14-12/30/15. Role: Consultant
Awaiting trial population service linkage and re-entry project
To evaluate the feasibility and initial effectiveness of placing service linkage navigators within jails to promote linkage to and attendance at needed service appointments after jail release
6. U01 CE002531 (Orchowski) 9/30/14-9/29/18 Role: Consultant
CDC/NCIPC
Preventing sexual aggression among high school boys
To conduct a randomized controlled trial with a sample of 1200 10th grade boys to demonstrate efficacy of each intervention in reducing rates of sexual aggression, dating violence involvement, and related risk/protective factors over a 6-month follow-up relative to a dose- and attention-matched General Health Promotion control group.

GRANTS AWAITING FUNDING

1. R21 MH105626 **Johnson** (submitted 2/15/14; RS 7/15/14)
Role: PI
Effects of prisoner re-entry context on cognitive ability to manage re-entry
To examine how the difficult context of re-entry affects women's cognitive processing, priming subsequent poor or impulsive health decisions during the vulnerable re-entry period.
Received a 16th percentile score on the first submission. Approved for funding; waiting for NoGA.
2. R34 DAXXXXXX Zlotnick (submitted 2/15/14; RS 7/15/14)
Role: Co-I
Computer-based intervention for battered sheltered women with substance use
To develop and pilot test a computer-based intervention for battered sheltered women with substance use
Received an impact score of 34 on the first submission. Received an impact score of 10 (perfect score) on the resubmission; will almost surely be funded in April or so.

GRANTS UNDER REVIEW

1. R34 AAXXXXXX Kenney (submitted 6/15/14)
Role: Co-I
Developing a brief coping skills training intervention to reduce alcohol risk among heavy drinking college students with depression or anxiety
Received an impact score of 32 on its first submission (not percentiled).
2. R01 DA039172 **Johnson** and Zlotnick (submitted 6/5/14)
Role: PI
Mentoring for substance use recovery among women leaving prison
This study is the first RCT of community mentoring for SUD recovery and related re-entry outcomes for women. We will examine the effectiveness, cost-effectiveness, and familiar (i.e., practical, professional, and emotional supports for recovery) and novel (buffering re-entry related decrements cognitive functioning) mechanisms of a mentoring program among 330 women with SUD who are re-entering the community from prison in two states.
3. R01 MH106660 **Johnson** and Weinstock (submitted 6/17/14)
Role: PI
Suicide risk reduction in the year following jail release
To evaluate the effectiveness, cost-effectiveness, and mechanisms of the Safety Plan intervention in reducing suicide events among 750 individuals in the year after jail release
4. VA grant Shea (submitted 6/10/14, RS 12/15/14)
Role: Co-I
Interpersonal Psychotherapy for Veterans with PTSD
To evaluate the efficacy of IPT for PTSD among veterans.
Status: received a good, but not fundable, score on first submission. Resubmission under review.
5. R21 DAXXXXXX Choo (submitted 10/15/14)
Role: Co-I
Promoting Recovery after Incarceration through Social Media (PRISM)
To develop and pilot a Twitter-based, recovery coach guided weekly chat for recently incarcerated women with addiction to support recovery in the community
6. R34 AAXXXXXX Tzilos and Zlotnick (submitted 10/15/14)
Role: Co-I
Computer intervention for emerging adults with alcohol and partner abuse risk
To develop and pilot test a computer intervention for emerging adults with alcohol and partner abuse risk.
7. K07 CIXXXXXX Robison (Submitted 10/12/14)
Role: Advisor
Women with ovarian cancer: Can we improve perceived social support and impact survival?
To use qualitative analysis and survey methods to better understand the social support needs of women living with ovarian cancer, and then

to develop a social support menu intervention to improve social support and survival among women with ovarian cancer

GRANTS AWAITING RESUBMISSION:

1. R34 MH102466 Weinstock (submitted 10/15/13)
Role: Co-I
Telephone program for bipolar disorder treatment adherence after prison release
To develop and pilot test a telephone-based transition intervention to improve adherence to bipolar disorder treatment at prison release. Received a 23rd percentile score on the first submission. Awaiting resubmission.
2. R01 MH104204 Johnson (submitted 10/5/13)
Role: PI
A house divided: Promoting behavioral healthcare EBPs in a public safety context
To identify strategies to overcome barriers to dissemination and implementation of evidence based behavioral health practices created by a tension between public safety and public health missions in criminal justice settings
3. R01 DAXXXXXX Green (submitted 10/5/13, RS 7/5/14)
Role: Consultant
Overdose prevention education and naloxone evaluation at release
To develop and test a tailored opioid overdose prevention program for women leaving prison. Application received a 42nd percentile score on the resubmission.
