RESEARCH GRANTS

Ongoing

R01 MH129770 MPIs: Kemp, K., Ph.D and Wolff, J., Ph.D.

04/15/2022 – 02/28/2027

“From Court to the Community: Improving Access to Evidence-Based Treatment for Underserved Justice-Involved Youth At-Risk for Suicide”

This study will use a cluster randomized stepped wedge trial in which 9 distinct community mental health agencies (CMHA) will receive training in core strategies for adolescent suicidal thoughts and behaviors (STB) and non-suicidal self-injury (NSSI) to enhance the implementation of effective interventions for justice-involved youth (JIY) referred to outpatient care.

Total Award Amount (including Indirect Costs): \$3,064,403

R01 MH129770-02S1 MPIs: Kemp, K., Ph.D and Wolff, J., Ph.D.

08/01/2023 – 02/29/2025

“From Court to the Community: Improving Access to Evidence-Based Treatment for Underserved Justice-Involved Youth At-Risk for Suicide” Supplement

This study will identify provider- and organizational-level factors that promote and hinder the use and sustainability of routine suicide screening in community mental agencies serving justice-involved youth.

Total Award Amount (including Indirect Costs): \$134,480

R01 HD095932 Principal Investigator: Rizzo, C., Ph.D.

03/11/2019 – 02/29/2025

“Dating Violence Perpetration among Juvenile Justice Youth: The Role of Social, Behavioral, and Ecological Processes”

This study will use a novel combination of online social networking (OSN) data, ecological momentary assessment (EMA), computer-based, and interview methodologies to assess the phenomenology of dating aggression among JJS-involved youth.

Role: Co-Investigator

Total Award Amount (including Indirect Costs): \$1,626,371

Completed

R01 DA045396 Principal Investigator: Spirito, A., Ph.D. 07/15/2018 – 04/30/2024

“Brief Individual and Parent Interventions for Marijuana Misuse in Truant Adolescents”

This project is a type 1 hybrid effectiveness-implementation trial testing two intervention conditions for substance use and truancy, while simultaneously gathering data on factors that will impede or facilitate implementation.

Role: Co-Investigator /Principal Investigator Subcontract

Total Award Amount (including Indirect Costs): \$2,765,547

R34 MH115457 Principal Investigator: Spirito, A., Ph.D. 08/15/2018 – 06/30/2023

“Reducing the Duration of Untreated Illness Among Youth in the Juvenile Justice System with Psychosis-Spectrum Disorders”

This study will examine the feasibility of identifying youth in the juvenile justice system with thought disturbances and referring them to a specialized state program serving youth with these mental health problems.

Role: Co-Investigator

K23 MH111606 Principal Investigator: Kathleen Kemp, Ph.D. 09/09/2016 – 05/31/2022

“Implementing a Brief Suicide Intervention for High Risk Youth with Front-Line Juvenile Justice Staff”

This study will provide data on the novel implementation of an evidence-based brief suicide intervention, safety planning, administered by front-line juvenile court staff for suicidal court-involved non-incarcerated youth. Data will inform the dissemination and implementation of suicide brief interventions to be delivered by front-line staff at the time of mental health screening in the juvenile justice system.

R34 MH114307 Principal Investigators: Spirito, A., Ph.D., and Kemp, K., Ph.D. 07/15/2018 – 05/31/2022

“Screening and Brief Intervention for Suicidality and Nonsuicidal Self-Injury Among Youth in the Juvenile Justice System”

This study will examine the feasibility and acceptability of a program designed to conduct safety planning with youth in the juvenile justice system who are at risk for a suicide attempt and/or self-injury and to increase the possibility of them receiving outpatient mental health treatment. After training staff in the intervention, we will pilot test the safety planning intervention and gather information on how well it worked on reducing self-harm, getting families to follow up with referrals for mental health care, and how often they attend treatment.

Role: MPI/ Principal Investigator Subcontract

R34 DA042247 Principal Investigators: Spirito, A., Ph.D. and Hernandez, L., Ph.D. 4/15/2017 – 2/29/2022

“Computer-Assisted Brief Intervention Protocol for Marijuana Using Juvenile Offenders”

The study will examine the feasibility of integrating a BMI for marijuana using CINI adolescents and their parents into juvenile intake procedures at the Rhode Island Family Court (RIFC). The study will also examine the preliminary efficacy of a counselor-delivered versus computer-delivered BMI addressing adolescent marijuana use as well as parenting factors that may be contributing to such use among court involved families

Role: Co-Investigator (In-kind)/Principal Investigator Subcontract

R01 HD080780 Principal Investigator: Christie Rizzo, Ph.D. 4/15/2015 - 3/31/2020

“Dating Violence Prevention for Juvenile Justice Girls”

This project will compare the relative efficacy of a dating violence prevention program (Date SMART) to Health Promotion treatment for 250 court-involved, non-incarcerated girls. Primary study outcomes include reducing dating violence, delinquency and sexual risk outcomes

Role: Site Principal Investigator (ended due to K award)

R01 DA034538 Principal Investigator: Marina Tolou-Shams, Ph.D. 7/1/2013 – 3/31/2018

“Drug Use and HIV/STI Risk Trajectories in Court-Involved, Non-Incarcerated Youth”

The objective of the research is to investigate 24 month trajectories of drug use, HIV/STI risk behavior, psychiatric symptoms, and recidivism from the point of first juvenile court contact among a cohort of 400 first-time offending, court-involved non-incarcerated juvenile offenders.

Role: Site Principal Investigator (ended due to K award)

Clinical Research Extramural Fellowship (Loan Repayment Program), National Institutes of Health (2014 – 2016)

Role: Principal Investigator

R01 MH087520 Principal Investigator: Larry Brown, M.D. 7/5/2010-4/30/2015

“Integrated Mental Health Treatment & HIV Prevention for Court-Involved Youth”

This randomized controlled trial is designed to evaluate the efficacy, among 200 sexually active court-involved youth who need outpatient treatment, of the novel, integrated treatment (ITP, n=100) as compared to enhanced standard care in community outpatient services (ESC, n=100) over an 18-month period (6 months of ITP or ESC and 12 months of follow-up. ITP will be compared to ESC on reductions in sexual risk behavior, substance use, symptoms of psychiatric disorders, and legal offenses.

Role: Research Therapist/Staff Psychologist

Healey Foundation Grant (PI: Fuhrmann, PsyD) 2 2/15/2011- 2/14/2012

“Evaluation of Parents Apart®: A Mandated Parent Education Program for Separated Parents”

The purpose of this study was to conduct a small pilot trial to determine pre-post parent and child functioning after court-involved parents participate in a mandated parent education program for divorcing couples.

Joseph P. Healey Foundation, University of Massachusetts Medical School

Role: Co-Investigator

American Academy of Forensic Psychology Principal Investigator: Kemp, Ph.D. 2010

“Characteristics of developmental immaturity: A cross-disciplinary survey of psychologists”

Dissertation Grant in Applied Law and Psychology

The purpose of this study was to examine the factors related to developmental immaturity across multiple disciplines of psychology.
