

CURRICULUM VITAE
Michael D. Stein, M.D.

General Internal Medicine
Butler Hospital
345 Blackstone Blvd.
Providence, RI 02906
Business Telephone Number: (401) 455-6646
FAX: (401) 444-6618
E-Mail: Michael_Stein@brown.edu

EDUCATION

1977-1981	BA. Harvard College. Concentration: Biology
1981-1985	MD. Columbia College of Physicians and Surgeons.
1985-1986	Internship, New England Medical Center, Boston Internal Medicine
1986-1988	Residency, New England Medical Center, Boston Internal Medicine
1989-1991	National Research Service Award Fellowship, Brown University

Professional Licenses and Board Certification:

State of Rhode Island – 1988
State of Massachusetts - 1999
American Board of Internal Medicine - 1988
American Board of Internal Medicine - Geriatrics 1994.

Academic Appointments:

Assistant Professor of Medicine
Brown University Program in Medicine
1991-1996

Associate Professor of Medicine and Community Health
Brown University Program in Medicine
1996-2003

Professor of Medicine and Community Health
Brown University Program in Medicine
2003-present

Hospital Appointments:

Women and Infants Hospital, Consulting Staff, 1988-present

Director, HIV Services
Rhode Island Hospital, Providence, R. I., 1989 – 2008

Fellowship Co-Director, Division of General Internal Medicine
1991-2002

Associate Director, Health Services Research, Brown University
AIDS Program 1994-present.

Brown University Center for Alcohol and Addiction Studies, Core Faculty,
1995-present.

Butler Hospital, Director of General Medicine Research, Brown University, 2008- present

Hospital Committees:

AIDS Task Force, Rhode Island Hospital, 1989 - 1999

Quality Assurance Committee, Department of Medicine,
1989-1999

Resident Ranking for Matching Program (NRMP), RIH, 1989-2008

Curriculum Committee, Division of General Internal Medicine, 1990 - 2008

Ethics Committee, Rhode Island Hospital, 1991-1995

Rhode Island Hospital Medical Foundation, Board of Directors, 1991-1999

RIH Institutional Review Board Member, 1993-2003

Office of Clinical Management Practice Guideline Steering Committee, RIH, 1995-
2008

Director, Lifespan Outcomes Assessment Project, 1995-2008

Medical Director, Lifespan Employee Health Services, 1996-2008

Community Service:

Board of Directors – Stanley Street Treatment & Resources: 2000-present

Board of Directors - Rhode Island Project AIDS: 1988-1993

Visiting Nurses Association of Rhode Island-Physician Consultant: 1990-1994

Board of Directors - University Medicine Foundation 1991-2000

RI Department of Health - HIV Prevention Community Planning Council: 1994-1999

President, Medical Faculty Executive Committee, Brown University, 2008-2010

National Committees:

National Institute on Alcohol Abuse & Alcoholism – AA-3 Study Section Member, 2001-2004; AA-2 Study Section 2005-2007

National Institute on Drug Abuse, K-Award Panel, 1999

National Institute on Drug Abuse, Center Site Visit Panel, 1999

Mental Health, AIDS, and Immunology Study Section, National Institute of Mental Health, 1995-1999

National Conference on Women and HIV, Abstract Selection Committee, 1997

AIDS Study Section, Agency for Health Care Prevention and Research, 1993-1996

Advisory Group Member, HIV Disease in Women, American Medical Association, 1993-1994

Center for Substance Abuse Treatment. Treatment Improvement Protocol, Field Reviewer, 1994

National Institute on Drug Abuse. Five Year Plan for AIDS Research Panel, 1992

Society for General Internal Medicine AIDS Task Force, 1991-2005

Society for General Internal Medicine Task Force on Alcohol and Substance Abuse, 1993-2006

Society for General Medicine Annual Meeting Abstract Selection Committee, 1994-2001

National Institute on Alcohol Abuse & Alcoholism Study Section AA-3, 2000-2005

Special Projects of National Significance (SPNS). Buprenorphine. Advisory Board. 2004-2009

National Institutes of Health. Study Section Ad Hoc Member, RPIA 2009-present

Membership in Societies:

College in Prevention of Drug Dependence (CPPD): 1999-present

Society of General Internal Medicine (SGIM): 1988-present

American Society of Addiction Medicine (ASAM): 2009- present

Alcohol and HIV: Biobehavioral Interactions and Intervention

The goals of this alcohol research center are to study the effects of alcohol use on HIV disease progression and the effects of interventions to reduce alcohol use in HIV-infected populations. The center also fosters multidisciplinary collaborations and training in research on alcohol and HIV and dissemination of research findings to clinicians treating addictions and HIV.

R01 CA 129226 (Stein) 07/01/08-6/30/13

NCI

Varenicline vs. NRT for Methadone-Maintained Smokers

The goal of this project is to determine whether varenicline leads to a higher rate of smoking cessation than nicotine replacement therapy among methadone-maintained smokers.

Role: PI

RO1 MH04757 (Safren) 03/01/09-8/31/13

NIMH

Efficacy of CBT for Adherence and Depression in HIV Care Settings

The goal of this project is to compare the efficacy of a CBT for medication adherence alone to a CBT for adherence and depression for HIV+ individuals with depression.

Role: Co-I

RO1 DA026223 (Stein) 5/1/09-04/30/14

NIDA

Linkage of Hospitalized Opioid Users to Buprenorphine

The goal of this project is to determine if buprenorphine, initiated during hospitalization and continued after discharge, will reduce injection-related HIV risk behavior compared to an in-hospital detoxification condition among injection drug users.

Role: PI

K24 DA00512 (Stein) 09/01/01-08/31/11

NIH

Mid-Career Investigator Award in Substance Abuse Research

To mentor clinical scientists in substance abuse research.

Role: PI

R21 DA026773 (Phillips) 6/15/09-5/31/11

NIDA

Reduction of Medical Complications Associated With Injection Drug Use

The goal of this project is to develop and test the efficacy of a skin and bacterial infection prevention intervention among injection drug users

Role: Co-I

R01 AA014495-01 (Stein)

10/01/03-09/30/11

NIAAA

A Brief Alcohol Intervention for Incarcerated Women

To test if a brief alcohol intervention for incarcerated women will reduce alcohol use and HIV risk behavior.

Role: PI

R01 DA020479-01 (Stein)

10/01/05-09/30/11

NIDA

Insomnia and Drug Relapse Risk

The aim of this study is to determine whether bedtime treatment with low-dose trazodone reduces drug relapse among sleep-disturbed opiate dependent persons initiating MMT.

Role: PI

R01 DA022207 (Stein)

09/25/06-09/24/11

NIDA

Antidepressants During Office Based Buprenorphine

To determine whether escitalopram treatment of depressive symptoms increases treatment retention among opioid dependent patients initiating office-based buprenorphine.

Role: PI

Completed Research Support, Last 5 Years

U01 AI46381-01 (Flanigan)

06/01/00-03/30/06

NIAID

Adult Therapeutic Clinical Trials Program for HIV/AIDS

To participate in multicenter trials of anti-HIV treatments.

R01 MH62719 (Stein)

09/30/00-08/31/06

NIMH

Maintaining HIV Risk Reduction Among Needle Exchangers.

To determine if antidepressant medication will maintain safe injection behaviors among needle exchange clients.

R01 MH63051 (Stein)

09/30/00-08/31/06

NIMH

Adapting to HIV Disease - A Family Intervention

To develop a family-based, telephone administered intervention for HIV-infected patients and their families.

R01 DA13759 (Stein)

09/20/00-08/31/06

NIDA

A Trial to Reduce Hepatitis C Among Injection Drug Users

To test if a brief motivational intervention will reduce the cumulative incidents of hepatitis C virus.

1R01CA084392 (Stein) 06/1/01 –05/31/07
 NCI
 Smoking Cessation Among Methadone Maintained Smokers
 The goal of this project is to evaluate a motivational intervention compared to a brief intervention to help methadone maintained smokers to quit smoking.

K12 HD043447 (Coustan) 09/26/02-07/31/07
 NICHD
 BIRCWH
 To provide junior faculty career development for building future disciplinary research careers in Women's Health.

R01 DA020930-01 (Ramsey) 09/01/05-04/31/09
 NIDA
 Reducing HIV Risk Among Pregnant Women in Drug Treatment
 The aim of this project is to develop and test an intervention to reduce sex and drug related HIV risk behavior among pregnant women in drug abuse treatment.
 Role: Co-Investigator

R01 DA18954-01 (Stein) 10/01/04-09/30/10
 A Brief Marijuana Intervention for Adolescent Women
 NIDA/NIH
 The goal of this project is to assess marijuana use and sexual HIV/STI risk behaviors in young women and determine if a brief marijuana intervention and a one-month booster session will result in less marijuana use and less sexual risk taking at follow-up relative to standard care.
 Role: PI

R01 DA022921 (Rosengard) 09/25/06 – 05/31/10
 Partner-specific HIV Risk Reduction for Drug Using Incarcerated Adolescents
 NIDA
 To develop and pilot test a partner-specific HIV risk reduction intervention for incarcerated adolescents who report substance abuse.
 Role: Co-Investigator
