GRANTS- FUNDED (CURRENT)

1R01DA035231 (PI: Tolou-Shams, Ph.D.) 9/1/2014-3/31/2019
Title: Gender-Responsive Drug Use Treatment for Juvenile Justice Girls
National Institute of Drug Abuse (NIDA)

The purpose of this NIDA R01 study is to compare the relative efficacy of an already widely disseminated gender-responsive adolescent drug use treatment (VOICES) to standard-of-care treatment for 200 substance-using court-involved, non-incarcerated girls monitored through the RI Family Court. Primary study outcomes include girls' alcohol/drug use and HIV/STI risk behaviors as measured up to 12 months post-treatment.

1R01DA034538 (PI: Tolou-Shams, Ph.D.) 7/1/2013-3/31/2018
Title: Drug Use and HIV/STI Risk Trajectories among Court-Involved, Non-Incarcerated Youth
National Institute of Drug Abuse (NIDA)

The purpose of this NIDA R01 is to conduct a longitudinal epidemiological study of 400 first-time court-involved, non-incarcerated (CINI) juvenile offenders and their primary caregiver to measure and describe 24 month trajectories of juvenile substance use, HIV/STI risk behavior, psychiatric symptoms and recidivism from point of initial court contact. Ecodevelopmental theory will guide the consideration and assessment of other relevant factors that may mediate or moderate two-year juvenile trajectories.

3R01DA034538-02S1 (PI: Tolou-Shams, Ph.D.) 9/15/14-3/31/15
Title: Administrative Supplements for Research on Sex/Gender Differences

National Institute of Drug Abuse (NIDA)

The purpose of this NIDA administrative supplement (to NIDA R01DA034538) study is to examine sex/gender differences between male and female first-time court-involved, non-incarcerated (CINI) juvenile offenders in: 1) sexual risk and substance use behaviors and 2) accessibility and acceptability of HIV and other STI, family planning and pregnancy prevention programming. Data will be used to inform the development of court-based gender-responsive integrated HIV/STI and pregnancy prevention interventions and to improve CINI girls' engagement in sexual health prevention, treatment, care and support services.

R01 AA020705 (PI: Spirito, Ph.D.) 4/20/2012-4/19/2017
Title: Adolescents with Major Depression and AUD: Community-based Integrated Treatment
National Institute on Alcohol Abuse and Addiction (NIAAA)
Role: Co-Investigator

This study is designed to test whether a treatment protocol designed to treat adolescents with comorbid mood and substance use problems is effective in the hands of Masters level clinicians in a community mental health clinic

R01 MH087520 (PI: Brown, M.D.) 7/1/2010- 6/30/2015
Title: Integrated Mental Health Treatment & HIV Prevention for Court-Involved Youth
National Institute of Mental Health (NIMH)
Role: Co-Investigator

The purpose of this study is to compare the relative efficacy of an integrated mental health treatment and HIV prevention program to standard-of-care mental health treatment for 200 youth receiving mental health evaluations through the RI Family Court, Juvenile Mental Health Clinic.

Title: HIV Prevention in the Family Drug Court 2/1/2008- 6/21/2013
National Institute of Drug Abuse (NIDA)

The purpose of this NIDA Career Development Award was to support the candidate's pursuit of training and development in the area of family-based substance use and HIV prevention interventions for juvenile drug court offenders. The candidate partnered with the Juvenile Drug Court to produce a unique family-based HIV prevention and substance abuse intervention that incorporated affect management skills to reduce adolescent risk behavior and improve parenting skills among families with drug-abusing juvenile offenders.

University of South Florida (PI: Lescano, PhD) 6/1/2012- 5/31/2013
Title: Assessing the Feasibility of Family-Based Risk-Reduction Interventions among Latino Families in the Juvenile Drug Court
USF, Department of Mental Health, Law and Policy (internal seed money)
Role: Co-Investigator

This project evaluated the feasibility and acceptability of a culturally congruent family-based risk reduction intervention for Latino youth and their families enrolled in the Juvenile Drug Court (JDC) program in Hillsborough County. We conducted focus groups with 20 Latino families currently enrolled in the JDC. Results of this formative evaluation led to an NIH R34 application to develop and evaluate a family-based integrated substance abuse and HIV prevention program for Latino juvenile offenders with substance abuse problems.

Healey Foundation Grant (PI: Fuhrmann, PsyD) 2/15/2011- 2/14/2012
Title: Evaluation of Parents Apart®: A Mandated Parent Education Program for Separated Parents
Joseph P. Healey Foundation, University of Massachusetts Medical School
Role: Co-Investigator

The purpose of this study was to conduct a small pilot trial to determine pre-post parent and child functioning after court-involved parents participate in a mandated parent education program for divorcing couples.
