INTERNATIONAL TEACHING ROLES

Co-Lead, Brown Family Medicine Primary Care Innovations Series, 2023-present, Hybrid speaker series, average participants: 25

-Organize a monthly hybrid speaker series as a forum for clinicians, researchers, trainees, and educators to engage with cutting-edge primary care research. Each session features investigators who situate their work within the realities of primary care practice, exploring how emerging evidence can transform care delivery, advance health equity, and improve patient outcomes — locally and globally. Speakers are either nationally or internationally renowned.
