### CURRENT RESEARCH SUPPORT

1. R01DA04421 (Becker & Garner)                      9/15/2018 - 6/30/2023                      NIDA  
 Role: Multiple-Principal Investigators, Becker Contact PI                      \$3,757,910 Total Costs  
 Implementing Contingency Management in Opioid Treatment Centers across New England  
 This 30-site cluster randomized trial tests two strategies to implement contingency management in opioid treatment centers.
2. UR1TI080209 (Becker)                                      9/30/2017 – 9/29/2023                      SAMHSA  
 Role: Project Director/Principal Investigator                                      \$4,650,000 Total Costs  
 New England Addiction Technology Transfer Center  
 This training center promotes workforce development through the provision of training and technical assistance to front-line providers and agencies providing addiction services throughout New England.
3. P01AA019072 (Becker/Kuo/Sibeko)                      7/01/2020 – 5/30/2025                      NIAAA  
 Role: Multiple Principal Investigator, Becker Contact PI                                      \$1,600,000 Total Costs  
 Advancing Integrated Alcohol-HIV Training of Frontline Providers in a Global Priority Setting  
 This project aims to evaluate the national rollout of Screening, Brief Intervention, and Referral to Treatment (SBIRT) to address risky alcohol use in HIV service settings throughout South Africa.
4. R37DA052918 (Becker)                                      8/01/2021-5/30/2026                      NIDA  
 Role: Principal Investigator                                      \$3,600,000 Total Costs (Y1-5)  
 Improving Outcomes of Adolescents in Residential Substance Use Treatment via a Technology-Assisted Parenting Intervention  
 This project tests a technology-assisted parenting intervention to improve the outcomes of adolescents in residential substance use treatment. This grant received a Method to Extend Research in Time Award, which renders it eligible for 10 years of stable R01-level funding. Years 6-10 would represent an additional \$3.6 million in level funding.
5. R01AA025914 (Mello)                                      6/01/2017 – 5/30/2022                      NIAAA  
 Role: Site Principal Investigator                                      \$402,800 Total Subcontract Costs  
 Implementing Alcohol Misuse Screening, Brief Intervention and Referral to Treatment (IAMSBI RT)  
 This 10-site trial evaluates whether a comprehensive implementation strategy can increase the adherence and competence of SBIRT delivery across a national cohort of pediatric trauma centers.

6. R01DA045396 (Spirito) 7/1/2018 – 6/30/2023 NIDA  
 Role: Co-Investigator  
 Brief Individual and Parent Interventions for Marijuana Misuse in Truant Adolescents  
 This type 1 hybrid effectiveness-implementation trial tests two intervention conditions for substance use and truancy, while simultaneously gathering data on factors that will impede or facilitate implementation.
7. R34DA046078 (Japuntich) 12/1/2019 – 11/30/2022 NIDA  
 Role: Co-Investigator  
 Implementation of Smoking Cessation in Community Mental Health Centers  
 This project aims to adapt an implementation strategy to improve the uptake of evidence-based smoking cessation protocols in community mental health clinics.
8. R01CE003149 (Beaudoin/Baird) 9/30/2019 – 9/29/2022 NCIPC  
 Role: Co-Investigator  
 Implementing Statewide Emergency Department Care Pathways for Addiction Recovery after Overdose  
 This project aims to adapt an implementation strategy to improve the uptake of evidence-based smoking cessation protocols in community mental health clinics.
9. R24DA051946 (Hogue) 10/01/2020 – 6/30/24 NIDA  
 Role: Co-Investigator  
 Family-based Recovery Support Service Network for Youth OUD  
 This project develops a research network to support the development of family-based recovery support services for adolescents and young adults with opioid use disorders.
10. P30AI042853 (Cu-Uvin) 7/01/2017 – 6/30/2023 NIAID  
 Role: Co-Investigator  
 Providence/Boston Center for AIDS Research  
 The Substance Use Research Core provides services for studies assessing and intervening on substance use and its impact on the full continuum HIV prevention and care.
11. R34DA055498 (Langdon/Rich) 4/01/2022 – 3/31/2025 NIDA  
 Role: Co-Investigator \$479,996  
 Integrating Long-Acting Injectable Treatment to Improve Medication Adherence among Persons Living with HIV and Opioid Use Disorder  
 This project tests an integrated strategy to address medication adherence in persons with both HIV and opioid use disorder. I will advise on designing the intervention for dissemination, and the collection of qualitative data to optimize scalability.
