

CURRICULUM VITAE

Dimitrios Farmakiotis, MD, FACP, FIDSA
Director, Transplant and Oncology Infectious Diseases
Associate Professor of Medicine, Division of Infectious Diseases
Warren Alpert Medical School of Brown University

Mailing Address: 593 Eddy Street, Gerry House 111, Providence, RI, 02903

Business Telephone Number: (401) 444 3869 or 5285

Business Fax Number: (401) 444 8154 or 3283

Electronic Mail Address: dimitrios.farmakiotis@lifespan.org,
dimitrios_farmakiotis@brown.edu, dfarmakiotis@windowslive.com

Website: <https://vivo.brown.edu/display/dfarmaki>

EDUCATION

Undergraduate Anatolia College of Thessaloniki, High-school
Diploma, 1996; **Valedictorian**, GPA 99.5/100

Medical School Aristotle University of Thessaloniki 10/1996-
7/2002, Ptychion Iatrikes Diploma (M.D.),
Valedictorian, GPA 92.1/100

POSTGRADUATE TRAINING

Residency

2/2003-5/2004 Mandatory rural practice, Livadi Elassonas,
Greece
11/2005-9/2007 Internal Medicine, Infectious Diseases Hospital
of Thessaloniki, Greece
7/2008-6/2011 Internal Medicine,
Albert Einstein College of Medicine (AECOM),
Jacobi Medical Center, 1400 Pelham Parkway,
Bronx, NY, 10461

Fellowship

7/2011-6/2014 Infectious Diseases,
Baylor College of Medicine (BCM) (MD
Anderson Cancer Center (MDACC)
Immunocompromised Host Track), One Baylor
Plaza, Houston, TX, 77030
7/2014-6/2015 Transplant-Oncology Infectious Diseases,
Brigham and Women's Hospital and Dana-
Farber Cancer Institute, Harvard Medical
School, 45 Francis Street, Boston, MA, 02115

POSTGRADUATE HONORS AND AWARDS

2010, 2011	The AECOM Leo M. Davidoff Award for Excellence in the Teaching of Medical Students
2011	Second place award for best clinical research First place award for best case presentation at the Jacobi Medical Center annual “Milford Fullop” poster competition
2012	American Society of Microbiology (ASM) Travel Grant for the Interscience Conference on Antimicrobial Agents and Chemotherapy (ICAAC 2012) ICAAC presentation selected for a “Poster Walk” on “Fungal infections at the bedside”.
7/2012-6/2013	Baylor College of Medicine (BCM) Chief Fellow in Infectious Diseases
2012, 2013	Infectious Diseases Society of America (IDSA) Trainee Travel Grants
2013	First author manuscript featured in Uptodate and covered by Reuters Health Letter to the editor featured in Uptodate
2014	Awarded permanent US residency as a “Scientist of extraordinary ability” (EB1) Second place award for best clinical research at the BCM Annual Internal Medicine Research Symposium ICAAC presentation selected for a “Poster Walk” on “Antifungal stewardship” First-author manuscript selected for Centers of Disease Control (CDC) press coverage
2015	ID Week presentations selected for “Poster Walks” on “Diagnostics” and “Healthcare-associated infections” First co-author manuscript selected for Continuous Medical Education (CME) activity
2016	The Thomas J. Walsh Young Investigator Award of the Medical Mycological Society of the Americas Co-author in manuscript ranked #1 paper in medical mycology at ASM Microbe 2016 Invited speaker for ID Week 2016: “Novel strategies for antifungal drug deployment and their consequences” Fellow, American College of Physicians (FACP) Second author manuscript featured in Uptodate IDSA Mentorship Program ID Week 2016 presentation selected for CME activity

2017	<p>Invited panelist for ID Week 2017: “Nightmare bugs: Discussion of a case of fungal resistance” IDSA Mentorship Program Brown Internal Medicine Residents’ Consultant Teaching Award Second place award for best clinical research at the Allegheny Healthcare Network Annual Medicine Research Retreat First author manuscript featured in Uptodate Second place award in clinical/basic science at the Pennsylvania chapter of the American College of Cardiology annual conference</p>
2018	<p>First place award for best clinical research at the Allegheny Healthcare Network Annual Medicine Research Retreat</p>
2019	<p>IDSA Maintenance of Certification (MOC) module development panel Brown University Institutional Review Board (IRB) Member</p>
2020	<p>AAAM 2020 Outstanding Poster Award Outstanding Presentation in Clinical Research Award at the annual Warren Alpert Medical School Academic Symposium. Fellow, IDSA (FIDSA) COVID-19 and Cancer Consortium (CCC19) Steering Committee Member</p>
2021	<p>IDWeek Kass Award (Top Trainee Abstract) and Oral Presentation</p>
2022	<p>Annals of Oncology Top Social Media Articles Wiley top cited article 2020-2021 Internal Medicine Senior Resident Research Day (Annual Research Forum) Award IDSA Grants for Emerging Researcher/Clinician Mentorship (GERM) Program Award</p>
2023	<p>Brown Physicians Inc. Leadership Academy (by invitation only) US Citizen IDSA “Infectious Complications Associated with Immunomodulatory Therapies” guideline development panel Wiley top cited article 2021-2022</p>
<u>MILITARY SERVICE</u>	<p>Hellenic Army, 5/2004-2/2005</p>

PROFESSIONAL LICENSES AND BOARD CERTIFICATION

7/23/2015	Uniform Medical License (RI: MD15134), valid until 6/30/2024
6/2/2015	• Provider for treatment of hepatitis C New York State Medical License (280093), valid until 4/30/2019
7/1/2014-6/30/2015	Massachusetts Limited Medical License (259972)
7/1/2011-6/30/2014	Texas Limited Medical License (557278)
2014	Infectious Diseases Board Certification, valid until 12/31/2024: Top National Decile
2011	Internal Medicine Board Certification, valid until 12/31/2021: Top National Decile

UNIVERSITY COMMITTEES

BCM Infectious Diseases Fellowship Program Leadership, Chief Fellow, 7/1/2012-6/30/2013
Rhode Island Hospital Solid Organ Transplantation and Living Donor Committees
Brown University IRB, 3/2019-7/2022

ACADEMIC APPOINTMENTS

9/2015-3/2018	Assistant Professor of Medicine, Clinician Educator, Warren Alpert Medical School of Brown University
4/2018-6/2021	Assistant Professor of Medicine, Teaching Scholar , Warren Alpert Medical School of Brown University
10/2018-	Director , Transplant and Oncology ID, Warren Alpert Medical School of Brown University
3/2019-7/2022	Brown University IRB Member
7/2021-	Associate Professor of Medicine, Teaching Scholar, Warren Alpert Medical School of Brown University

HOSPITAL APPOINTMENTS

9/2015-	Attending Physician, Division of Infectious Diseases, Rhode Island Hospital Attending Physician, Division of Infectious Diseases, The Miriam Hospital
1/2016-	Attending Physician, Rhode Island Hospital Cancer Center (new clinic) Attending Physician, Rhode Island Hospital Cardiovascular Institute (new clinic)
10/2018-	Director , Transplant and Oncology ID, Rhode Island Hospital

PUBLICATIONS LIST

ORIGINAL PUBLICATIONS IN PEER-REVIEWED JOURNALS

1. Kintsurashvili E, Duka I, Gavras I, Johns C, **Farmakiotis D**, Gavras H. Effects of ANG II on bradykinin receptor gene expression in cardiomyocytes and vascular smooth muscle cells. *Am J Physiol Heart Circ Physiol* 2001; 281(4): H1778-83. PMID: 11557571.
2. Panidis D, Kourtis A, **Farmakiotis D**, Mouslech T, Rousso D, Koliakos G. Serum adiponectin levels in women with polycystic ovary syndrome. *Hum Reprod* 2003; 18(9): 1790-6. PMID: 12923129.
3. Panidis D, Koliakos G, Kourtis A, **Farmakiotis D**, Mouslech T, Rousso D. Serum resistin levels in women with polycystic ovary syndrome. *Fertil Steril* 2004; 81(2): 361-6. PMID: 14967374.
4. Panidis D, Kourtis A, Kukuvtis A, **Farmakiotis D**, Xita N, Georgiou I, Tsatsoulis A. Association of the T45G polymorphism in exon 2 of the adiponectin gene with polycystic ovary syndrome: role of Δ_4 -androstenedione. *Hum Reprod* 2004; 19(8): 1728-33. PMID: 15178661.
5. Panidis D, **Farmakiotis D**, Koliakos G, Rousso D, Kourtis A, Katsikis I, Asteriadis C, Karayannis V, Diamanti-Kandarakis E. Comparative study of plasma ghrelin levels in women with polycystic ovary syndrome, in hyperandrogenic women and in normal controls. *Hum Reprod* 2005; 20(8): 2127-32. PMID: 15220312.
6. Panidis D, **Farmakiotis D**, Rousso D, Koliakos G, Kaltsas T, Krassas G. Decrease in adiponectin levels in women with polycystic ovary syndrome after an oral glucose tolerance test. *Fertil Steril* 2005; 83(1): 232-4. PMID: 15652919.

7. Panidis D, Balaris C, **Farmakiotis D**, Rouso D, Kourtis A, Balaris V, Katsikis I, Zournatzi V, Diamanti-Kandarakis E. Serum parathyroid hormone levels are increased in women with polycystic ovary syndrome. *Clin Chem* 2005; 51(9): 1691-7. PMID: 16037412.
8. Panidis D, **Farmakiotis D**, Rouso D, Katsikis I, Kourtis A, Diamanti-Kandarakis E. Serum luteinizing hormone levels are markedly increased and significantly correlated with Δ_4 -androstenedione levels in lean women with polycystic ovary syndrome. *Fertil Steril* 2005; 84(2): 538-40. PMID: 16084906.
9. Katsikis I, Rouso D, **Farmakiotis D**, Kourtis A, Diamanti-Kandarakis E, Panidis D. Receiver operator characteristics and diagnostic value of serum progesterone and CA-125 in the prediction of ectopic and abortive intrauterine gestations. *Eur J Obstet Gynecol Reprod Biol* 2006; 125(2): 226-32. PMID: 16303230.
10. Katsikis I, Rouso D, **Farmakiotis D**, Kourtis A, Diamanti-Kandarakis E, Zournatzi-Koioi V, Panidis D. Creatine phosphokinase in ectopic pregnancy revisited: significant diagnostic value of its MB and MM isoenzyme fractions. *Am J Obstet Gynecol* 2006; 194(1): 86-91. PMID: 16389014.
11. Panidis D, Macut D, **Farmakiotis D**, Rouso D, Kourtis A, Katsikis I, Spanos N, Petakov M, Bjekic J, Damjanovic S. Indices of insulin sensitivity, beta cell function and serum proinsulin levels in the polycystic ovary syndrome. *Eur J Obstet Gynecol Reprod Biol* 2006; 127(1): 99-105. PMID: 16460870.
12. Galanis N, **Farmakiotis D**, Kouraki K, Fachadidou A. Forced expiratory volume in one second and peak expiratory flow rate values in non-professional male tennis players. *J Sports Med Phys Fitness* 2006; 46(1): 128-31. PMID: 16596111.
13. Panidis D, Rouso D, Koliakos G, Kourtis A, Katsikis I, **Farmakiotis D**, Votsi E. Plasma metastatin is negatively correlated with insulin resistance and free androgens in women with polycystic ovary syndrome. *Fertil Steril* 2006; 85(6): 1778-83. PMID: 16650418.
14. **Farmakiotis D**, Farmakis C, Rouso D, Kourtis A, Katsikis I, Panidis D. The beneficial effects of toremifene administration on the hypothalamic-pituitary-testicular axis and sperm parameters in men with idiopathic oligozoospermia. *Fertil Steril* 2007; 88(4): 847-53. PMID: 17412336.
15. Charitidou C, **Farmakiotis D**, Zournatzi V, Pidonia I, Pegiou T, Karamanis N, Hatzisylilianou M, Katsikis I, Panidis D. The administration of estrogens, combined with anti-androgens, has beneficial effects on the hormonal features and asymmetric dimethyl-arginine levels in women with the polycystic ovary syndrome. *Atherosclerosis* 2008; 196(2): 958-65. PMID 17418849.
16. Stogianni A, Nikolopoulos P, Oikonomou I, Balaris V, Gatzola M, **Farmakiotis D**, Dimitriadis AS. Childhood acute pyelonephritis: comparison of sonography and Power Doppler to Tc-DMSA scintigraphy. *Pediatr Radiol* 2007; 37(7): 685-90. PMID: 17520245.

17. Panidis D, **Farmakiotis D**, Rousso D, Kourtis A, Katsikis I, Mouslech T, Krassas G. Obesity, weight loss and the polycystic ovary syndrome: Effect of treatment with diet and orlistat for 24 weeks on insulin resistance and androgen levels. *Fertil Steril* 2008; 89(4): 899-906. PMID: 17980364.
18. Galli-Tsinopoulou A, Stylianou C, **Farmakiotis D**, Rousso I, Karamouzis M, Arvanitakis SN. Ghrelin serum levels during oral glucose tolerance test (OGTT) in prepubertal obese children with insulin resistance. *J Pediatr Endocrinol Metab* 2007; 20(10): 1083-92. PMID: 18051927.
19. Stylianou C, Galli-Tsinopoulou A, **Farmakiotis D**, Rousso I, Karamouzis M, Koliakos G, Arvanitakis SN. Ghrelin and leptin levels in obese adolescents: relationship with body fat and insulin resistance. *Hormones* 2007; 4(6): 295-303. PMID: 18055420.
20. Delaroudis SP, Efstathiadou ZA, Koukoulis GN, Kita MD, **Farmakiotis D**, Dara OG, Goulis DG, Makedou A, Makris P, Slavakis A, Avramides AI. Amelioration of cardiovascular risk factors with partial biochemical remission of acromegaly. *Clin Endocrinol (Oxf)* 2008; 69(2): 279-84. PMID: 18194486.
21. Tsourdi E, Kourtis A, **Farmakiotis D**, Katsikis I, Salmas M, Panidis D. The effect of SERMs' administration on the hypothalamic-pituitary-testicular function in men with idiopathic oligozoospermia. *Fertil Steril* 2009; 91(4-Supplement 1): 1427-30. PMID: 18692782.
22. Panidis D, **Farmakiotis D**, Rousso D, Katsikis I, Delkos A, Piouka A, Gerou S, Diamanti-Kandarakis E. Plasma visfatin levels in normal-weight women with polycystic ovary syndrome. *Eur J Intern Med* 2008; 19: 406-12. PMID: 18848173.
23. Piouka A, **Farmakiotis D**, Katsikis I, Macut D, Gerou S, Panidis D. Antimüllerian hormone levels are increased in women with classical PCOS and are negatively influenced by obesity. *Am J Physiol [Endocrinol Metab]* 2009; 296(2): E238-43. PMID: 18957615.
24. Topalidou M, Effraimidou S, **Farmakiotis D**, Papadakis E, Papaioannou G, Korantzis I, Garipidou V. Protein Z levels, but not the intron F G79A polymorphism, are associated with unexplained pregnancy loss. *Thromb Res* 2009; 124(1): 24-7. PMID: 19026439.
25. Bairaktaris C, Demakopoulos N, Tripsianis G, Sioka C, **Farmakiotis D**, Vadikolias K, Heliopoulos I, Georgoulis P, Tsougos I, Papanastasiou I, Piperidou C. Impact of dopamine transporter single photon emission computed tomography imaging using I-123 ioflupane on diagnoses of patients with parkinsonian syndromes. *J Clin Neurosci* 2009; 16(2): 247-53. PMID: 19097795.
26. Toulis CA, Goulis DG, **Farmakiotis D**, Georgopoulos NA, Katsikis I, Tarlatzis BC, Papadimas I, Panidis D. Adiponectin levels in women with polycystic ovary syndrome: A systematic review and a meta-analysis. *Hum Reprod Update* 2009; 15(3): 297-307. PMID: 19261627.

27. Pachiadakis I, Chokshi S, Cooksley H, **Farmakiotis D**, Sarrazzin C, Zeuzem S, Michalak T, Naoumov NV. Rapid viraemia clearance during antiviral therapy of chronic hepatitis C improves dendritic cell functions. *Clin Immunol* 2009; 131(3): 415-25. PMID: 19303818.
28. Karkanaki A, Piouka A, Katsikis I, **Farmakiotis D**, Macut D, Zournatzi V, Panidis D. Adiponectin levels vary in the different phenotypes of polycystic ovary syndrome: study in normal-weight, normoinsulinemic patients. *Fertil Steril* 2009; 92(6): 2078-81. PMID: 19700156.

INVITED PRESENTATIONS

REGIONAL

- Morbidity and Mortality: A 37-year-old woman with metastatic colon cancer, fever and pain. Case presentation of *Clostridium perfringens* infection. Invited panelist at Rhode Island Hospital Medical Grand Rounds. 1 December 2015.
- *Candida* infections in surgical patients. Invited speaker at Rhode Island Hospital Surgical Grand Rounds. 19 January 2016.
- Epstein-Barr virus encephalitis. Invited panelist at Rhode Island Hospital Neurology Grand Rounds. 3 February 2016.
- Antifungal deployment strategies and their consequences. Invited speaker at the Longwood Immunocompromised Host Infectious Diseases Conference (Harvard Medical School ID fellows and faculty from Brigham and Women's Hospital, Beth Israel Deaconess and Boston Children's Hospital). 24 January 2017.
- Future directions in transplant infectious diseases. Invited speaker at Rhode Island Hospital Renal Grand Rounds. 24 March 2017.
- Morbidity and Mortality: A 48-year-old man with new diagnosis of hairy cell leukemia and neutropenic fever. Case presentation of disseminated *Apophysomyces elegans*. Invited panelist at Rhode Island Hospital Medical Grand Rounds. 11 July 2017.
- Antifungal agents. Invited speaker at Rhode Island Hospital Hematology-Oncology Grand Rounds. 7 September 2017.
- Immunosuppression: Friend or foe? A case study. Presentation of the first case of rapid reversal of complete binocular blindness with high-dose corticosteroids in a solid organ transplant recipient with cryptococcal meningitis. Invited speaker at the Longwood Immunocompromised Host Infectious Diseases Conference (Harvard Medical School ID fellows and faculty from Brigham and Women's Hospital, Beth Israel Deaconess and Boston Children's Hospital). 20 March 2018.
- CMV: When (not) to treat: focus on CMV-specific T-cell immunity assays. Invited speaker at the Longwood Immunocompromised Host Infectious Diseases Conference (Harvard Medical School ID fellows and faculty from Brigham and Women's Hospital, Beth Israel Deaconess and Boston Children's Hospital). 18 September 2018.

- Recent kidney transplant recipient in shock [*Legionella pneumoniae*]. Invited speaker at the Longwood Immunocompromised Host Infectious Diseases Conference (Harvard Medical School ID fellows and faculty from Brigham and Women’s Hospital, Beth Israel Deaconess and Boston Children’s Hospital). 26 March 2019.
- A man with CLL and brain abscesses [*Nocardiosis*, *aspergillosis* and *mucormycosis*]. Invited panelist at Rhode Island Hospital Neurology Grand Rounds. 8 May 2019.
- Morbidity and Mortality: A young college student presents with cough and fever. Case presentation of disseminated *Adenovirus* infection. Invited panelist at Rhode Island Hospital Medical Grand Rounds. 9 July 2019.
- Brain lesions in a 79-year-old man with CLL [*Nocardiosis*, *aspergillosis* and *mucormycosis*]. Invited speaker at the Longwood Immunocompromised Host Infectious Diseases Conference (Harvard Medical School ID fellows and faculty from Brigham and Women’s Hospital, Beth Israel Deaconess and Boston Children’s Hospital). 5 November 2019.
- A 23-year-old female with abdominal pain [*Bartonellosis* in a patient with combined variable immunodeficiency, diagnosed by cell-free DNA next generation sequencing assay]. Invited speaker at the Longwood Immunocompromised Host Infectious Diseases Conference (Harvard Medical School ID fellows and faculty from Brigham and Women’s Hospital, Beth Israel Deaconess and Boston Children’s Hospital). 4 February 2020.
- Morbidity and Mortality: Complications Following COVID-19 Pneumonia in a Renal Transplant Patient. Case presentation of COVID-19-associated pulmonary *aspergillosis* (CAPA) and HSV1 pneumonia. Invited panelist at Rhode Island Hospital Medical Grand Rounds. 30 November 2021.
- A lung transplant recipient with fever, myalgias and diarrhea after COVID-19 booster [*Human monocytic ehrlichiosis* and secondary airway-invasive *aspergillosis*]. Invited speaker at the Longwood Immunocompromised Host Infectious Diseases Conference (Harvard Medical School ID fellows and faculty from Brigham and Women’s Hospital, Beth Israel Deaconess and Boston Children’s Hospital). 25 January 2022.
- Management of COVID-19 in patients with cancer: Lessons learnt and future directions. Invited speaker at Rhode Island Hospital Hematology-Oncology Grand Rounds. 17 February 2022.
- Morbidity and Mortality: New onset DKA in a renal transplant patient. Case presentation of *pneumocystis carinii* (“black mold”) pneumonia in a renal transplant recipient with newly diagnosed post-transplant diabetes. Invited panelist at Rhode Island Hospital Medical Grand Rounds. 22 March 2022.

- “Molecular Times”: A 28-year-old kidney transplant recipient with gastrointestinal bleed and a lung mass [Mucormycosis diagnosed by molecular testing]. Invited speaker at the Longwood Immunocompromised Host Infectious Diseases Conference (Harvard Medical School ID fellows and faculty from Brigham and Women’s Hospital, Beth Israel Deaconess and Boston Children’s Hospital). 10 May 2022.
- Morbidity and Mortality: 28-year-old woman who presents with bloody stool. Case presentation of disseminated mucormycosis in a kidney transplant recipient with post-R-CHOP intermittent neutropenia. Invited panelist and co-moderator (with invitation of guest expert panelist) at Rhode Island Hospital Medical Grand Rounds. 7 February 2023.
- Brain abscess vs. tumor. Invited panelist at Rhode Island Hospital Neurology Grand Rounds. 8 March 2023.
- Two “probable” aspergilloses, one COVID-19, two cases of a DNA viral syndrome [HSV pneumonia]. Invited speaker at the Longwood Immunocompromised Host Infectious Diseases Conference (Harvard Medical School ID fellows and faculty from Brigham and Women’s Hospital, Beth Israel Deaconess and Boston Children’s Hospital). 16 May 2023.
- A 60-year-old kidney transplant recipient with headache and chest pain [Cerebral pheohyphomycosis]. Invited panelist at Rhode Island Hospital Neurology-Neuropathology Grand Rounds. 27 March 2024.
- A 42-year-old woman with a colonic mass [HTLV+ adult T-cell leukemia]. Invited panelist at Rhode Island Hospital Medical Grand Rounds. 16 April 2024.

NATIONAL

- Antifungal deployment strategies and their consequences. Invited speaker at the 2016 Infectious Diseases Society of America Annual Meeting (ID Week 2016), New Orleans. 28 October 2016.
- Cytomegalovirus infection: Challenges in diagnosis and management, with a focus on CMV-specific T cell immunity assays. Invited speaker at the 2017 Viracor Annual Sales Meeting. Kansas City, 13 September 2017.
- Nightmare bugs: A nightmare mold to treat. Discussion of a fatal case of multi-drug resistant disseminated aspergillosis. Invited panelist at the 2017 Infectious Diseases Society of America Annual Meeting (ID Week 2017), San Diego. 6 October 2017.
- The evaluation of innovative CMV immunity and resistance testing to guide patient treatment and outcomes: CMV Cell-mediated immunity assays in clinical practice. Invited speaker at the 2020 Infectious Diseases Society of America Annual Meeting (ID Week 2020)-Affiliated Event, supported by Viracor-Eurofins. 24 October 2020.

- Predicting protection against CMV infection using clinical inSIGHT: A paradigm of precision medicine. Invited speaker at the 2020 Infectious Diseases Society of America Annual Meeting (ID Week 2020)-Affiliated Event, supported by Viracor-Eurofins. 12 October 2023.
- A paradigm of precision medicine: Clinical utilization of CMV inSIGHT T cell immunity testing. Online Webinar, supported by Viracor-Eurofins. 16 November 2023.

INTERNATIONAL

- An overview of Transplant and Oncology Infectious Diseases. Invited speaker at the University of Crete (UoC) School of Medicine Grand Rounds. 17 March 2022.
- CMV infection in the immunocompromised host. Invited speaker at the UoC School of Medicine Seminar: “Infections in the immunocompromised host”. 10 December 2022.
- Transplant ID Cases. Invited discussant at the Annual West Kenya Nephrology Conference. 21 September 2023.

GRANTS AND CLINICAL TRIALS

- Co-investigator in the MYCA 12E-01 study: “Outcomes of *Candida* fungemia in adult cancer patients treated with micafungin”, supported by Astellas Pharma USA (\$68,000) (completed).
- Principal Investigator in the study: “*Caenorhabditis elegans* as a host model to study multi-drug resistance in *Candida glabrata*”, supported by a Rhode Island Foundation Medical Research Award (\$22,000) (completed).
- Site Principal Investigator in the INQUIRE study: “Non-interventional registry study of systemic antifungal therapy in adult subjects with invasive mucormycosis or invasive aspergillosis caused by a non-*fumigatus* species”, supported by Astellas Pharma Global Development (completed).
- Site Principal Investigator in the ENDEAVOR Study: “Observational Disease Registry of Patients Treated with Systemic Mold-Active Triazoles”, supported by Astellas Pharma Global Development (completed).
- Principal Investigator in the **investigator-initiated** study: “Using a commercially available assay measuring cytomegalovirus (CMV)-specific CD4+ and CD8+ T-cell immunity by intracellular cytokine staining to monitor cellular immunity and predict protection against CMV”, supported by Viracor-Eurofins (\$118,000) (ongoing).
- Principal Investigator in the study: “Brown Registry to Address Unanswered Questions In Transplant Immunology and Infectious Diseases”, supported by a Brown Physicians Incorporated Research Award (\$50,000) (ongoing).

- Sub-Investigator in the study: “GS-US-540-5774 A Phase 3 Randomized Study to Evaluate the Safety and Antiviral Activity of Remdesivir (GS-5734™) in Participants with Moderate COVID-19 Compared to Standard of Care Treatment”, supported by Gilead (completed).
- Sub-Investigator in the study: “GS-US-540-5773: A Phase 3 Randomized Study to Evaluate the Safety and Antiviral Activity of Remdesivir (GS-5734™) in Participants with Severe COVID-19”, supported by Gilead (completed).
- Sub-Investigator in the study: “A Phase 3 Randomized, Double-blind, Placebo-controlled, Multicenter Study of Pacritinib Plus Standard of Care Versus Placebo and Standard of Care in Hospitalized Patients With Severe COVID-19 With or Without Cancer”, supported by CTI Pharma (completed).
- Sub-Investigator in the study: “COVID-19 Study Assessing the Efficacy and Safety of Anti-Spike SARS CoV-2 Monoclonal Antibodies for Prevention of SARS CoV-2 Infection Asymptomatic in Healthy Adults and Adolescents Who Are Household Contacts to an Individual With a Positive SARS-CoV-2 RT-PCR Assay”, supported by Regeneron Pharmaceuticals (completed).
- Site Principal Investigator in the study: “Clinical Impact of COVID-19 in Immunocompromised Patients”, supported by Merck (\$73,538) (ongoing).
- Mentor in the Brown Medical Student Summer Assistantship (SA) Study (Lizzie Klein): “COVID-19 in Immunocompromised Patients” (\$3,750) (ongoing).
- Mentor in the Brown Medical Student Summer Assistantship (SA) Study (Panos Arvanitis): “Monoclonal Antibodies in Patients with Cancer: Efficacy, Outcomes, and Barriers to Administration” (\$3,750) (ongoing).
- Mentor in the IDSA GERM Program Study (Lexi Lerner): “Perceptions of COVID-19 Vaccination Among Kidney Transplant Recipients Before and after COVID-19: Correlation with Clinical Outcomes” (\$4,000) (ongoing).
- Co-Principal Investigator in the study: “COVID-19 treatment modalities among immunosuppressed patients with cancer, and their impact on persistent or relapsing COVID-19”, supported by a Brown Physicians Incorporated Research Award (\$50,000) (ongoing).
- Sub-Investigator in the study: “A Multicenter, Adaptive, Randomized, Controlled Trial Platform To Evaluate Safety and Efficacy of Strategies and Treatments for Hospitalized Patients with Respiratory Infections”, supported by the National Institute of Allergy and Infectious Diseases (NIAID), National Institutes of Health (NIH) (ongoing).
- Sub-Investigator in the MARIO study: “A Phase 3, Multicenter, Prospective, Randomized, Double blind Study of Two Treatment Regimens for Candidemia and/or Invasive Candidiasis: Intravenous Echinocandin followed by Oral Ibrexafungerp versus Intravenous Echinocandin followed by Oral Fluconazole” supported by SCYNEXIS, Inc. (closed).

- Mentor in the Emerging Infectious Diseases Scholar (EIDS, NIH 5R25AI140490) Study (Panos Arvanitis): “Association between CMV serostatus, T-cell immunity and cardiovascular events among organ-transplant recipients” (\$3,750) (ongoing).
- Mentor in the Brown PLME SA Study (Dorra Guermazi): “Oral antivirals for COVID-19 among patients with cancer” (\$3,750) (ongoing).
- Site Principal Investigator in the SUPERNOVA Study: “A Phase I/III Randomized, Double-blind Study to Evaluate the Safety and Neutralizing Activity of AZD5156/AZD3152 for Pre-exposure Prophylaxis of COVID-19 in Participants with Conditions Causing Immune Impairment” supported by Astra-Zeneca (ongoing).
- Co-Investigator (Key Study Personnel at Lifespan/Brown, Steering Committee Member) in the study “The COVID-19 and Cancer Consortium (CCC19) Registry” [U01 CA287008], supported by the **National Institutes of Health (NIH)**/National Cancer Institute (NCI). (\$4,499,318, 15% effort) (pending).

UNIVERSITY AND HOSPITAL TEACHING ROLES

2012-2013	As the BCM ID Chief Fellow, I organized several fellows’ workshops, journal club presentations, and BCM core curriculum lectures.
2008-2018	I have presented over two hundred (200) didactic sessions to medical students, residents, fellows, and faculty at AECOM, BCM, MDACC, the University of Texas at Houston, Harvard Medical School, the University of Crete and Brown University.
2018-2020	Warren Alpert Medical School of Brown University Doctoring Mentor for 1 st year medical students
2020-2021	Doctoring Small Group Faculty

Scheduled lectures & courses:

- Infections in immunocompromised patients-speaker. Annual lecture for the “BIOL3653 Integrated Medical Sciences II: Microbiology/Infectious Diseases” course for 2nd year medical students at the Warren Alpert Medical School of Brown University.
- Unknown case (PCP). Small group case discussion for the “BIOL3653 Integrated Medical Sciences II: Microbiology/Infectious Diseases” course for 2nd year medical students at the Warren Alpert Medical School of Brown University.
- Transplant Infections-speaker. Annual noon conference lecture for The Myriam Hospital internal medicine housestaff and medical students.

- Transplant Infections-speaker. Annual noon conference lecture for Rhode Island Hospital internal medicine housestaff and medical students.
- Fungal Infections-speaker. Annual noon conference lecture for The Myriam Hospital internal medicine housestaff and medical students.
- Fungal Infections-speaker. Annual noon conference lecture for Rhode Island Hospital internal medicine housestaff and medical students.
- Infections in solid organ transplant recipients-speaker. Annual faculty presentation at the Brown Infectious Disease weekly conference.
- Infections in hematopoietic stem cell transplant recipients-speaker. Annual faculty presentation at the Brown Infectious Disease weekly conference.
- Neutropenic Fever-speaker. Annual faculty presentation at the Brown Infectious Disease weekly conference.
- Ventricular-Assist Device (VAD) Infections-speaker (**new lecture**). Annual faculty presentation at the Brown Infectious Disease weekly conference.
- Cytomegalovirus (CMV)-speaker (**new lecture**). Annual faculty presentation at the Brown Infectious Disease weekly conference.
- Infections in kidney transplant recipients-speaker. Annual presentation for Brown University renal fellows.
- Transplant Infectious Diseases Journal Club-speaker and organizer. Transplant Journal Club for Brown University renal fellows and faculty (every 2-3 months).
- Infection prophylaxis and opportunistic infections in hematopoietic stem cell transplant recipients-speaker (**new lecture**). Presentation for Brown University hematology-oncology fellows.
- ID Fellows' Transplant Infectious Diseases board review (1-2 annually).
- Transplant ID rounds for pediatric and adult ID fellows-speaker and organizer (every 2 months).
- Case presentations and literature review at the Boston Intercity Transplant Infectious Diseases Conference-speaker (every 2 months).
- ID lectures for the Lifespan Cancer Institute (LCI) Advanced Practice Providers (APPs) (**new lecture series**).
- Lecture for the Infectious Disease and Immunology Specialty Interest Group of medical students of the Warren Alpert Medical School of Brown University (**new lecture series**).

- Lectures as part of the Cancer Prevention and Survivorship Elective for Brown University Medicine Residents. 20 January 2023 (**new lecture series**).

LIST OF ALL DIDACTIC PRESENTATIONS

1. A 26-year-old gentleman with loss of consciousness. Oral case presentation of vasovagal syncope at the Albert Einstein-Jack Weiler Hospital Medicine Teaching Facility Intern Report. 2 February 2009
2. A gentleman with loss of consciousness. Oral case presentation of vasovagal syncope at Jacobi Medical Center, Department of Medicine Resident Report. 10 September 2010
3. A 34-year-old gentleman with recurrent strokes. Powerpoint case presentation of MELAS syndrome at Jacobi Medical Center, Department of Medicine Chief of Service Conference. 2 December 2010
4. Disorders of potassium homeostasis: Hypokalemia. Powerpoint presentation for the interns of my medical team at Jacobi Medical Center.
5. Disorders of potassium homeostasis: Hyperkalemia. Powerpoint presentation for the interns of my medical team at Jacobi Medical Center.
6. Overview of fluid and electrolyte disorders. Powerpoint presentation for the interns of my medical team at Jacobi Medical Center.
7. Pre-operative management of a patient with high blood pressure. Powerpoint presentation for all house officers during the ambulatory (outpatient) rotation at Jacobi Medical Center. 2 November 2010.
8. Spinal stenosis. Powerpoint presentation for all house officers during the ambulatory (outpatient) rotation at Jacobi Medical Center. 26 April 2011.
9. Management of Chronic Obstructive Pulmonary Disease. Powerpoint presentation for all house officers during the ambulatory (outpatient) rotation at Jacobi Medical Center. 12 May 2011.
10. Citiwide Case Presentation: Rash in the Neutropenic Patient: Disseminated fusariosis. 6 July 2011.
11. IDSA Guidelines for the treatment of Methicillin-Resistant *Staphylococcus aureus* infections. Presentation of guidelines for the Department of Infectious Diseases at MD Anderson Cancer Center. 13 September 2011.
12. Citiwide Case Presentation: A case of cytomegalovirus enteritis and disseminated histoplasmosis in a Mexican on mycophenolate mofetil. 16 Nov 2011.
13. Implementation of guidelines for management of possible multidrug-resistant pneumonia in intensive care: an observational, multicenter cohort study. Journal Club Presentation for the Section of Infectious Diseases, Baylor College of Medicine. 23 November 2011

14. Citiwide Case Presentation: A case of *Pneumocystis* pneumonia leading to the diagnosis of HIV. 14 December 2011.
15. Earlier response assessment in invasive aspergillosis based on the kinetics of serum *Aspergillus* galactomannan. Journal Club Presentation for the Department of Infectious Diseases at MD Anderson Cancer Center. 10 January 2012.
16. Skin biopsy yield in leukemia patients with new skin lesions and suspected infection. Research Presentation for the Department of Infectious Diseases at MD Anderson Cancer Center. 28 February 2012.
17. Citiwide Case Presentation: Ipilimumab - induced secondary adrenal insufficiency. 18 April 2012.
18. The strategy for the diagnosis of invasive pulmonary aspergillosis should depend on both the underlying condition and the leukocyte count of patients with hematologic malignancies. Journal Club Presentation for the Section of Infectious Diseases, Baylor College of Medicine. 2 May 2012.
19. A case of cytomegalovirus retinitis in a patient with advanced AIDS. Morbidity and mortality presentation for the Infectious Disease Department of the Michael E. DeBakey Veterans Affairs Medical Center. 15 May 2012.
20. Citiwide Case Presentation: *Salmonella* mycotic aneurysm. 16 May 2012.
21. Citiwide Case Presentation: Flesh-eating bacteria and necrotizing skin and soft tissue infections. 23 May 2012.
22. The tolerability of Amphotericin-B Lipid Complex formulation in patients with severe infusion reactions to Liposomal Amphotericin-B. Research Presentation for the Department of Infectious Diseases at MD Anderson Cancer Center: 5 June 2012.
23. Effect of empirical treatment with moxifloxacin and meropenem vs. meropenem on sepsis-related organ dysfunction in patients with severe sepsis: a randomized trial. Journal Club Presentation for the Section of Infectious Diseases, Baylor College of Medicine. 13 June 2012.
24. Citiwide Case Presentation: Group-B streptococcal endocarditis and valve abscess. 20 June 2012.
25. Fungal 101: *Candida* and *Aspergillus*. Presentation for BCM incoming fellows. 19 July 2012.
26. Citiwide Case Presentation: A case of early *Pneumocystis* pneumonia after hematopoietic stem cell transplantation with alemtuzumab/fludarabine conditioning. 31 October 2012.
27. Selected Presentations from ID Week 2012. Journal Club Presentation for the Section of Infectious Diseases, Baylor College of Medicine. 30 October 2012.

28. A case of previously undiagnosed adrenal insufficiency and primary hyperparathyroidism in a patient with HIV. Morbidity and mortality presentation for the Infectious Disease Department of the Michael DeBakey Veterans Affairs Medical Center. 13 November 2012.
29. IDSA Guidelines for the vaccination of patients undergoing hematopoietic stem cell transplantation. Presentation of guidelines for the Department of Infectious Diseases at MD Anderson Cancer Center. 11 December 2012.
30. Board Review Questions for BCM fellows. 13 December 2012.
31. Neutrophil paralysis in *P. vivax* malaria. Journal Club Presentation for the Section of Infectious Diseases, Baylor College of Medicine. 19 December 2012.
32. HIV Journal Club: Atazanavir and cholelithiasis. Journal Club and Case Presentation for the Department of Infectious Diseases of the Michael E. DeBakey VA Medical Center. 8 January 2013.
33. New features of invasive candidiasis in humans: amyloid formation by fungi and deposition of serum amyloid P component by the host. Journal Club Presentation for the Section of Infectious Diseases, Baylor College of Medicine. 23 January 2013.
34. Clinical Cases in General Medicine: Cholera, diphtheria and legionnaire's disease. 28 March 2013. Presentation for BCM 2nd Year Medical Students.
35. Introduction to Infectious Diseases Consultation. Presentation for BCM incoming fellows. 8 July 2013.
36. Fungal 101: *Candida* and *Aspergillus*. Presentation for BCM incoming fellows. 9 July 2013.
37. Double coverage for *Pseudomonas* bacteremia. Journal Club Presentation for the Section of Infectious Diseases, Baylor College of Medicine. 24 July 2013.
38. Biopsy-proven bacterial vs. fungal infections in patients with leukemia, new skin lesions and suspected infection. b) Methylprednisolone enhances the growth of *Exserohilum rostratum* in-vitro and increases death in a fly model. Research Presentation for the Department of Infectious Diseases at MD Anderson Cancer Center. 17 September 2013.
39. *Salmonella* endovascular infections. Journal Club Presentation for the Section of Infectious Diseases, Baylor College of Medicine. 25 September 2013.
40. Selected Presentations from ID Week 2013. Journal Club Presentation for the Section of Infectious Diseases, Baylor College of Medicine. 11 October 2013.
41. Debate: Granulocyte transfusion therapy, benefits vs. risks. Debate and Journal Club Presentation for the Department of Infectious Diseases at MD Anderson Cancer Center. 12 November 2013.

42. Global analysis of the evolution and mechanism of echinocandin resistance in *Candida glabrata*. Journal Club Presentation for the Section of Infectious Diseases, Baylor College of Medicine. 8 January 2014.
43. *Candida glabrata* fungemia in cancer patients: Predictors of resistance and the impact of early initiation of appropriate treatment and infectious disease consultation on mortality. Research In Progress Presentation for the Section of Infectious Diseases, Baylor College of Medicine. 15 January 2014.
44. Infectious diseases board questions. Presentation for the internal medicine residents at the Michael E. DeBakey VA Medical Center. 22 January 2014.
45. HIV Journal Club: Update on integrase inhibitors. Journal Club and Case Presentation for the Department of Infectious Diseases of the Michael E. DeBakey VA Medical Center. 4 February 2014.
46. Citiwide Case Presentation: Metronidazole-induced encephalopathy. 26 February 2014.
47. Clinical Cases in General Medicine: Bacterial endocarditis and *Pneumocystis* pneumonia. 10 April 2014. Presentation for BCM 2nd Year Medical Students.
48. *Candida glabrata* fungemia in cancer patients. Exit Research Presentation for the Department of Infectious Diseases at MD Anderson Cancer Center. 10 June 2014.
49. Drug-resistant *Candida glabrata* infection in cancer patients. Research Presentation at the Longwood Immunocompromised Host Infectious Diseases Conference. 4 November 2014.
50. *Candida glabrata* fungemia in cancer patients. Research Presentation for the Division of Infectious Diseases of The University of Texas Southwestern Medical School. 15 December 2014.
51. An avid imitator. Case presentation of disseminated cryptococcosis masquerading as lymphoma relapse at the Longwood Immunocompromised Host Infectious Diseases Conference. 17 February 2015.
52. Left Ventricular Assist-Device (LVAD) Infections. Literature Review and Research Presentation for the Divisions of Cardiology and Infectious Diseases at Brigham and Women's Hospital. 6 March 2015.
53. *Candida glabrata* fungemia in cancer patients: making the case for antifungal stewardship. Infectious Diseases Grand Rounds, New York University (NYU) School of Medicine, NYU Langone Medical Center. 13 March 2015.
54. Non-neutropenic fever on 200 mg of prednisone. Case presentation of HHV-6 encephalitis in a hematopoietic stem cell transplant recipient at the Longwood Immunocompromised Host Infectious Diseases Conference. 28 April 2015.

55. Skin manifestations of disease in the immunocompromised host. Faculty presentation at the Brown Infectious Disease weekly conference. 22 October 2015.
56. Infections in solid organ transplantation-prevention and management. Presentation at the Transplant Division Education Program for Rhode Island Hospital Nurses. 3 November 2015.
57. Use and abuse of fungal biomarkers. Presentation at the combined Transplant Infectious Diseases rounds for pediatric and adult ID fellows. 18 November 2015.
58. Update on hepatitis C in kidney transplantation. Presentation at the Rhode Island Hospital solid organ transplantation interdisciplinary rounds. 19 November 2015.
59. Fellows' Transplant Infectious Diseases board review. 20 November 2015.
60. Morbidity and Mortality: A 37-year-old female with metastatic colon cancer, fever and pain. Invited panelist at Rhode Island Hospital Medical Grand Rounds. 1 December 2015.
61. Fellows' Transplant Infectious Diseases board review. 4 December 2015.
62. Fellows' Transplant Infectious Diseases board review. 11 December 2015.
63. Antibiotic Basics. Lecture for the medicine renal team at Rhode Island Hospital. 15 December 2015.
64. ID emergencies. Noon conference lecture for Rhode Island Hospital internal medicine housestaff and medical students. 17 December 2015.
65. *Candida* infections in surgical patients. Rhode Island Hospital Surgical Grand Rounds invited speaker. 19 January 2015.
66. IDSA Clinical Practice Guidelines for the Management of Candidiasis. Presentation of guidelines at the combined Transplant Infectious Diseases rounds for pediatric and adult ID fellows. 20 January 2016.
67. Fellows' Infectious Diseases board review. 22 January 2016.
68. Epstein-Barr Virus encephalitis. Invited panelist at Rhode Island Hospital Neurology Grand Rounds. 3 February 2016.
69. Transplant Infections. Noon conference lecture for The Miriam Hospital internal medicine housestaff and medical students. 7 March 2016.
70. A 43-year-old woman with Hodgkin's lymphoma, cavitary lung lesion and rash. Case presentation of bleomycin flagellate erythema at the Boston Intercity Transplant Infectious Diseases Conference. 11 March 2016.
71. Transplant Infections. Noon conference lecture for Rhode Island Hospital internal medicine housestaff and medical students. 15 March 2016.

72. Cytomegalovirus Infections. Presentation at the combined Transplant Infectious Diseases rounds for pediatric and adult ID fellows. 16 March 2016.
73. Fellows' Infectious Diseases board review. 1 April 2016.
74. Fellows' Infectious Diseases board review. 8 April 2016.
75. Infections in immunocompromised patients. Lecture for the "BIOL3653 Integrated Medical Sciences II: Microbiology/Infectious Diseases" course for 2nd year medical students at the Warren Alpert Medical School of Brown University. 13 May 2016.
76. Neutropenic fever. Lecture for the medicine oncology team at Rhode Island Hospital. 24 May 2016.
77. General Approach to Transplant/Oncology Infectious Diseases and pre-Transplant Evaluation. Presentation at the combined Transplant Infectious Diseases rounds for pediatric and adult ID fellows. 27 July 2016.
78. Infections in solid organ transplant recipients. Faculty presentation at the Brown Infectious Disease weekly conference. 25 August 2016.
79. Infections in kidney transplant recipients I. Presentation for Brown University renal fellows. 16 September 2016.
80. Guidelines for diagnosis and management of aspergillosis: a critical approach. Presentation at the combined Transplant Infectious Diseases rounds for pediatric and adult ID fellows. 21 September 2016.
81. Infections in hematopoietic stem cell transplant recipients. Faculty presentation at the Brown Infectious Disease weekly conference. 22 September 2016.
82. Transplant Infections. Noon conference lecture for The Myriam Hospital internal medicine housestaff and medical students. 26 September 2016.
83. Infections in kidney transplant recipients II. Presentation for Brown University renal fellows. 29 September 2016.
84. Infection prophylaxis and opportunistic infections in hematopoietic stem cell transplant recipients. Presentation for Brown University hematology-oncology fellows. 3 October 2016.
85. Transplant Infections. Noon conference lecture for Rhode Island Hospital internal medicine housestaff and medical students. 11 October 2016.
86. BK virus disease: Not just in organ transplantation (BK virus in AIDS). Case presentation of a patient with AIDS and BK virus cystitis and literature review for the New England BK Virus Consortium. 11 October 2016.
87. Sepsis in transplant recipients. Transplant Infectious Diseases Journal Club. 25 October 2016.

88. Antifungal deployment strategies and their consequences. Invited speaker at the 2016 Infectious Diseases Society of America Annual Meeting (ID Week 2016), New Orleans. 28 October 2016.
89. CMV. Presentation at the combined Transplant Infectious Diseases rounds for pediatric and adult ID fellows. 16 November 2016.
90. Neutropenic Fever. Faculty presentation at the Brown Infectious Disease weekly conference. 8 December 2016.
91. Use and abuse of antifungal drugs and their consequences. Presentation at the combined Transplant Infectious Diseases rounds for pediatric and adult ID fellows. 18 January 2017.
92. Antifungal deployment strategies and their consequences. Invited speaker at the Longwood Immunocompromised Host Infectious Diseases Conference (Harvard Medical School ID fellows and faculty from Brigham and Women's Hospital, Beth Israel Deaconess and Boston Children's Hospital). 24 January 2017.
93. Use of HCV+ donors does not affect HCV clearance with directly acting antiviral therapy but shortens the wait time to kidney transplantation. Transplant Infectious Diseases Journal Club. 25 January 2017.
94. A heart transplant recipient with watery diarrhea and acute renal failure. Case presentation of a heart transplant recipient with enteropathogenic *E. coli* (EPEC) causing severe diarrhea, and literature review, including use of BIOFIRE multiplex PCR for gastrointestinal pathogens in immunocompromised patients, at the Boston Intercity Transplant Infectious Diseases Conference. 31 January 2017.
95. Case Presentation: Disseminated nocardiosis in a kidney transplant recipient. Noon conference discussant for Rhode Island Hospital internal medicine housestaff and medical students. 23 February 2017.
96. "Collateral Damage": Side effects and drug-drug interactions of antimicrobials in transplant-oncology infectious diseases. Journal Club and didactic presentation at the combined Transplant Infectious Diseases rounds for pediatric and adult ID fellows. 15 March 2017.
97. Future directions in transplant infectious diseases. Invited speaker at Rhode Island Hospital Transplant Renal Grand Rounds. 24 March 2017.
98. Kidney transplantation in hepatitis C with advanced fibrosis: To treat (before transplant) or not to treat? Case presentation and literature review at the Boston Intercity Transplant Infectious Diseases Conference. 11 April 2017.
99. Infections in immunocompromised patients. Lecture for the "BIOL3653 Integrated Medical Sciences II: Microbiology/Infectious Diseases" course for 2nd year medical students at the Warren Alpert Medical School of Brown University. 9 May 2017.

100. Ventricular-Assist Device (VAD) Infections. Presentation at the combined Transplant Infectious Diseases rounds for pediatric and adult ID fellows. 17 May 2017.
101. Unknown case (PCP). Small group case discussion for the “BIOL3653 Integrated Medical Sciences II: Microbiology/Infectious Diseases” course for 2nd year medical students at the Warren Alpert Medical School of Brown University. 18 May 2017.
102. A 48-year-old man with new diagnosis of hairy cell leukemia and neutropenic fever. Case presentation of disseminated *Apophysomyces elegans*, at the Boston Intercity Transplant Infectious Diseases Conference. 6 June 2017.
103. Morbidity and Mortality: A 48-year-old man with new diagnosis of hairy cell leukemia and neutropenic fever. Case presentation of disseminated *Apophysomyces elegans*. Invited panelist at Rhode Island Hospital Medical Grand Rounds. 11 July 2017.
104. General Approach to Transplant/Oncology Infectious Diseases and pre-Transplant Evaluation. Presentation at the combined Transplant Infectious Diseases rounds for pediatric and adult ID fellows. 19 July 2017.
105. Strategies of Antifungal Use and their Consequences. Infectious Diseases Conference, St. Louis University. 31 July 2017.
106. Strategies of Antifungal Use and their Consequences. Infectious Diseases Conference, Northwestern University Feinberg School of Medicine. 8 August 2017.
107. Infections in solid organ transplant recipients. Faculty presentation at the Brown Infectious Disease weekly conference. 10 August 2017.
108. Infections in hematopoietic stem cell transplant recipients. Faculty presentation at the Brown Infectious Disease weekly conference. 10 August 2017.
109. Infections in kidney transplant recipients. Presentation for Brown University renal fellows. 30 August 2017.
110. Antifungal agents. Invited speaker at Rhode Island Hospital Hematology-Oncology Grand Rounds. 7 September 2017.
111. CMV: Focus on CMV-specific T cell immunity assays. Invited speaker at the 2017 Viracor Annual Sales Meeting. Kansas City, 13 September 2017.
112. Graft versus host disease (GVHD) in hematopoietic and solid organ transplantation. Presentation at the combined Transplant Infectious Diseases rounds for pediatric and adult ID fellows. 20 September 2017.
113. Antifungal agents. Lecture for the medicine oncology team at Rhode Island Hospital. 22 September 2017.

114. Nightmare bugs: A nightmare mold to treat. Discussion of a fatal case of multi-drug resistant disseminated aspergillosis. Invited panelist at the 2017 Infectious Diseases Society of America Annual Meeting (ID Week 2017), San Diego. 6 October 2017.
115. Ventricular-Assist Device (VAD) Infections. Faculty presentation at the Brown Infectious Disease weekly conference. 26 October 2017.
116. CMV: How (not) to treat. Focus on CMV-specific T cell immunity assays. Presentation at the combined Transplant Infectious Diseases rounds for pediatric and adult ID fellows. 15 November 2017.
117. A) Letermovir for CMV prophylaxis in HSCT recipients. B) Levofloxacin prophylaxis during induction chemotherapy for acute lymphoblastic leukemia in children. Journal club presentation at the combined Transplant Infectious Diseases rounds for pediatric and adult ID fellows. 15 November 2017.
118. Fungal Infections. Noon conference lecture for Rhode Island Hospital internal medicine housestaff and medical students. 6 February 2018.
119. Fungal Infections. Noon conference lecture for The Myriam Hospital internal medicine housestaff and medical students. 9 February 2018.
120. Renal fellows' board review: Infectious Diseases. 12 February 2018.
121. Infection prophylaxis and opportunistic infections in hematopoietic stem cell transplant recipients-speaker. Presentation for Brown University hematology-oncology fellows. 21 February 2018.
122. Immunosuppression: Friend or foe? A case study. Presentation of the first case of rapid reversal of complete binocular blindness with high-dose corticosteroids in a solid organ transplant recipient with cryptococcal meningitis. Invited speaker at the Longwood Immunocompromised Host Infectious Diseases Conference (Harvard Medical School ID fellows and faculty from Brigham and Women's Hospital, Beth Israel Deaconess and Boston Children's Hospital). 20 March 2018.
123. Cytomegalovirus (CMV): How (not) to treat. Faculty presentation at the Brown Infectious Disease weekly conference. 29 March 2018.
124. Kidney transplantation and HIV/HCV co-infection: Lessons (I) learned. Case presentation at the Boston Intercity Transplant Infectious Diseases Conference. 10 April 2018.
125. Transplant-Oncology Infectious Diseases: Established and Emerging Contributions. Infectious Diseases Conference, Baylor College of Medicine. 18 April 2018.
126. Infections in immunocompromised patients. Lecture for the "BIOL3653 Integrated Medical Sciences II: Microbiology/Infectious Diseases" course for 2nd year medical students at the Warren Alpert Medical School of Brown University. 8 May 2018.

127. Immunosuppression: Friend or foe? Presentation at the combined Transplant Infectious Diseases rounds for pediatric and adult ID fellows. 16 May 2018.
128. Unknown case. Small group case discussion for the “BIOL3653 Integrated Medical Sciences II: Microbiology/Infectious Diseases” course for 2nd year medical students at the Warren Alpert Medical School of Brown University. 17 May 2018.
129. CMV: When (not) to treat: focus on CMV-specific T-cell immunity assays. Invited speaker at the Longwood Immunocompromised Host Infectious Diseases Conference (Harvard Medical School ID fellows and faculty from Brigham and Women’s Hospital, Beth Israel Deaconess and Boston Children’s Hospital). 18 September 2018.
130. General Approach to Transplant/Oncology Infectious Diseases and pre-/post-Transplant Vaccinations. Presentation at the combined Transplant Infectious Diseases rounds for pediatric and adult ID fellows. 19 September 2018.
131. Infections in solid organ transplant recipients. Faculty presentation at the Brown Infectious Disease weekly conference. 11 October 2018.
132. Hepatitis-C in kidney transplantation update. Transplant Infectious Diseases Journal Club. 6 November 2018.
133. Personalized management of CMV infection: Focus on CMV-specific T-cell Immunity Assays. Case presentation of a patient with AIDS and BK virus cystitis and literature review for the New England BK Virus Consortium. 13 November 2018.
134. Neutropenic Fever (invited speaker: John Reagan). Faculty presentation at the Brown Infectious Disease weekly conference. 15 November 2018.
135. Antifungal Drugs: Overview, journal club and case study presentation at the combined Transplant Infectious Diseases rounds for pediatric and adult ID fellows. 21 November 2018.
136. Fever, headache and stiff neck [crowned dens syndrome]. Case presentation at the Boston Intercity Transplant Infectious Diseases Conference. 18 December 2018.
137. “Collateral Damage”: Side effects and drug-drug interactions of antimicrobials in transplant-oncology infectious diseases. Presentation at the combined Transplant Infectious Diseases rounds for pediatric and adult ID fellows. 16 January 2019.
138. Skin manifestations of disease in the immunocompromised host. Presentation at the combined Transplant Infectious Diseases rounds for pediatric and adult ID fellows. 20 March 2019.

139. Recent kidney transplant recipient in shock [*Legionella pneumoniae*]. Invited speaker at the Longwood Immunocompromised Host Infectious Diseases Conference (Harvard Medical School ID fellows and faculty from Brigham and Women's Hospital, Beth Israel Deaconess and Boston Children's Hospital). 26 March 2019.
140. A man with CLL and brain abscesses [*Nocardiosis*, aspergillosis and mucormycosis]. Invited panelist at Rhode Island Hospital Neurology Grand Rounds. 8 May 2019.
141. Infections in immunocompromised patients. Lecture for the "BIOL3653 Integrated Medical Sciences II: Microbiology/Infectious Diseases" course for 2nd year medical students at the Warren Alpert Medical School of Brown University. 9 May 2019.
142. CMV: What's new. Presentation at the combined Transplant Infectious Diseases rounds for pediatric and adult ID fellows. 15 May 2019.
143. Introduction to ID [general principles, skin infections, penicillin allergy]. Lecture for the Lifespan Cancer Institute (LCI) Advanced Practice Providers (APPs). 23 May 2019.
144. Morbidity and Mortality: A young college student presents with cough and fever. Case presentation of disseminated *Adenovirus* infection. Invited panelist at Rhode Island Hospital Medical Grand Rounds. 9 July 2019.
145. General Approach to Transplant/Oncology Infectious Diseases. Presentation at the combined Transplant Infectious Diseases rounds for pediatric and adult ID fellows. 17 July 2019.
146. Infections in hematopoietic cell transplant recipients. Faculty presentation at the Brown Infectious Disease weekly conference. 12 September 2019.
147. Infections in kidney transplant recipients. Presentation for Brown University renal fellows. 27 September 2019.
148. Infections in solid organ transplant recipients. Faculty presentation at the Brown Infectious Disease weekly conference. 3 October 2019.
149. Brain lesions in a 79-year-old man with CLL [*Nocardiosis*, aspergillosis and mucormycosis]. Invited speaker at the Longwood Immunocompromised Host Infectious Diseases Conference (Harvard Medical School ID fellows and faculty from Brigham and Women's Hospital, Beth Israel Deaconess and Boston Children's Hospital). 5 November 2019.
150. Pneumonia in the immunocompromised host. Presentation at the combined Transplant Infectious Diseases rounds for pediatric and adult ID fellows. 18 December 2019.

151. An 18-year-old kidney transplant recipient with confusion. Presentation of the first case of hyperammonemia syndrome from disseminated *Ureaplasma urealyticum* infection in a kidney transplant recipient at the Boston Intercity Transplant Infectious Diseases Conference. 28 January 2020.
152. A 23-year-old female with abdominal pain [Bartonellosis in a patient with combined variable immunodeficiency, diagnosed by cell-free DNA next generation sequencing assay]. Invited speaker at the Longwood Immunocompromised Host Infectious Diseases Conference (Harvard Medical School ID fellows and faculty from Brigham and Women's Hospital, Beth Israel Deaconess and Boston Children's Hospital). 4 February 2020.
153. Research in Infectious Diseases at Brown. Noon conference lecture for Rhode Island Hospital internal medicine housestaff and medical students. 5 February 2020.
154. Two interesting cases: A. An 18-year-old kidney transplant recipient with confusion [First case of hyperammonemia syndrome from disseminated *Ureaplasma urealyticum* infection in a kidney transplant recipient]. B. A 23-year-old female with abdominal pain [Bartonellosis in a patient with combined variable immunodeficiency, diagnosed by cell-free DNA next generation sequencing assay]. Presentation at the combined Transplant Infectious Diseases rounds for pediatric and adult ID fellows. 19 February 2020.
155. COVID-19 in patients with cancer. Case presentation and review of the literature at the Boston Intercity Transplant Infectious Diseases Conference. 2 June 2020.
156. COVID-19 in solid organ transplantation. Transplant Infectious Diseases Journal Club. 10 June 2020.
157. COVID-19 research in Transplant and Oncology ID. Faculty presentation at the Brown Infectious Disease research conference. 23 September 2020.
158. Concomitant infections in patients with cancer and COVID-19. Research proposal presentation for the CCC19. 2 October 2020.
159. Infections in solid organ transplant recipients. Faculty presentation at the Brown Infectious Disease weekly conference. 7 October 2020.
160. Infections in hematopoietic stem cell transplant recipients. Faculty presentation at the Brown Infectious Disease weekly conference. 21 October 2020.
161. The evaluation of innovative CMV immunity and resistance testing to guide patient treatment and outcomes: CMV Cell-mediated immunity assays in clinical practice. Invited speaker at the 2020 Infectious Diseases Society of America Annual Meeting (ID Week 2020)-Affiliated Event, supported by Viracor-Eurofins. 24 October 2020.
162. Infections in solid organ transplant recipients. Presentation for Brown University renal fellows. 11 January 2021.

163. Mold infections. Presentation at the combined Transplant Infectious Diseases rounds for pediatric and adult ID fellows. 17 February 2021.
164. Infectious complications of hematopoietic (stem) cell transplantation, including COVID-19. Presentation for Brown University hematology-oncology fellows. 23 March 2021.
165. Infections in immunocompromised patients (including COVID-19). Lecture for the “BIOL3653 Integrated Medical Sciences II: Microbiology/Infectious Diseases” course for 2nd year medical students at the Warren Alpert Medical School of Brown University. 27 April 2021.
166. Updates on COVID-19. Lecture for the Lifespan Cancer Institute (LCI) Advanced Practice Providers (APPs). 9 September 2021.
167. Post-COVID-19 cavitary pneumonia. Case presentation of *Legionella bozeman* necrotizing pneumonia at the Boston Intercity Transplant Infectious Diseases Conference. 16 November 2021.
168. Morbidity and Mortality: Complications Following COVID-19 Pneumonia in a Renal Transplant Patient. Case presentation of COVID-19-associated pulmonary aspergillosis (CAPA) and HSV1 pneumonia. Invited panelist at Rhode Island Hospital Medical Grand Rounds. 30 November 2021.
169. COVID-19 in immunocompromised patients. Lessons learnt and future directions. Faculty presentation at the Brown Infectious Disease weekly conference. 15 December 2021.
170. A lung transplant recipient with fever, myalgias and diarrhea after COVID-19 booster [Human monocytic ehrlichiosis and secondary airway-invasive aspergillosis]. Invited speaker at the Longwood Immunocompromised Host Infectious Diseases Conference (Harvard Medical School ID fellows and faculty from Brigham and Women’s Hospital, Beth Israel Deaconess and Boston Children’s Hospital). 25 January 2021.
171. COVID-19 in kidney transplant recipients. Presentation for Brown University renal fellows. 27 January 2022.
172. Management of COVID-19 in patients with cancer: Lessons learnt and future directions. Invited speaker at Rhode Island Hospital Hematology-Oncology Grand Rounds. 17 February 2022.
173. An overview of Transplant and Oncology Infectious Diseases. Invited speaker at the University of Crete (UoC) School of Medicine Grand Rounds. 17 March 2022.
174. Morbidity and Mortality: New onset DKA in a renal transplant patient. Case presentation of pheohyphomycosis (“black mold”) pneumonia in a renal transplant recipient with newly diagnosed post-transplant diabetes. Invited panelist at Rhode Island Hospital Medical Grand Rounds. 22 March 2022.

175. Infections in immunocompromised patients. Lecture for the “BIOL3653 Integrated Medical Sciences II: Microbiology/Infectious Diseases” course for 2nd year medical students at the Warren Alpert Medical School of Brown University. 4 May 2022.
176. Immunocompromised Host. Small group case discussion for the “BIOL3653 Integrated Medical Sciences II: Microbiology/Infectious Diseases” course for 2nd year medical students at the Warren Alpert Medical School of Brown University. 5 May 2022.
177. Management of COVID-19 in patients with cancer: Lessons learnt and future directions. Lecture for the Infectious Disease and Immunology Specialty Interest Group of medical students of the Warren Alpert Medical School of Brown University. 5 May 2022.
178. “Molecular Times”: A 28-year-old kidney transplant recipient with gastrointestinal bleed and a lung mass [Mucormycosis diagnosed by molecular testing]. Invited speaker at the Longwood Immunocompromised Host Infectious Diseases Conference (Harvard Medical School ID fellows and faculty from Brigham and Women’s Hospital, Beth Israel Deaconess and Boston Children’s Hospital). 10 May 2022.
179. Infections in organ transplant recipients-speaker. Annual presentation for Brown University renal fellows. 21 September 2022.
180. COVID-19 treatment modalities among patients with cancer and their impact on persistent or relapsing COVID-19. Research proposal presentation for the CCC19. 14 October 2022 and 6 January 2023.
181. Asymptomatic pyelonephritis in kidney transplant recipients. Transplant Infectious Diseases Journal Club. 16 November 2022.
182. CMV infection in the immunocompromised host. Invited speaker at the UoC School of Medicine Seminar: “Infections in the immunocompromised host”. 10 December 2022.
183. Immune system impairment and infectious predisposition. Lecture as part of the Cancer Prevention and Survivorship Elective for Brown University Medicine Residents. 20 January 2023.
184. Morbidity and Mortality: 28-year-old woman who presents with bloody stool. Case presentation of disseminated mucormycosis in a kidney transplant recipient with post-R-CHOP intermittent neutropenia. Invited panelist and co-moderator (with invitation of guest expert panelist) at Rhode Island Hospital Medical Grand Rounds. 7 February 2023.
185. Nibs, mAbs and CARTs: ID considerations with novel immunomodulators and cellular therapies. Faculty presentation at the Brown Infectious Disease weekly conference. 8 February 2023.

186. Brain abscess vs. tumor. Invited panelist at Rhode Island Hospital Neurology Grand Rounds. 8 March 2023.
187. A returning traveler with diabetes and confusion. Case presentation of asymptomatic *P. falciparum* malaria in a patient with sickle-cell trait and resultant falsely low hemoglobin A1c at the Boston Intercity Transplant Infectious Diseases Conference. 14 March 2023.
188. Infections in immunocompromised patients. Lecture for the “BIOL3653 Integrated Medical Sciences II: Microbiology/Infectious Diseases” course for 2nd year medical students at the Warren Alpert Medical School of Brown University. 3 May 2022.
189. Two “probable” aspergilloses, one COVID-19, two cases of a DNA viral syndrome [HSV pneumonia]. Invited speaker at the Longwood Immunocompromised Host Infectious Diseases Conference (Harvard Medical School ID fellows and faculty from Brigham and Women’s Hospital, Beth Israel Deaconess and Boston Children’s Hospital). 16 May 2023.
190. Use of “Advanced” diagnostics in a case of refractory bilateral tubo-ovarian abscesses. Presentation of a case of TOA caused by *Ureaplasma urealyticum* in a young sexually active woman on rituximab at the Boston Intercity Transplant Infectious Diseases Conference. 18 June 2023.
191. We are practicing medicine, not science. Get over it! Navigating the unknown in clinical infectious diseases: Lessons learnt from precision medicine and the COVID-19 Pandemic. Infectious Diseases Conference, The Mayo Clinic in Phoenix, AZ. 15 August 2023.
192. Transplant ID Cases. Invited discussant at the Annual West Kenya Nephrology Conference. 21 September 2023.
193. Viral infections in immunocompromised patients. Faculty presentation at the Brown Infectious Disease weekly conference. 4 October 2023.
194. Predicting protection against CMV infection using clinical inSIGHT: A paradigm of precision medicine. Invited speaker at the 2020 Infectious Diseases Society of America Annual Meeting (ID Week 2020)-Affiliated Event, supported by Viracor-Eurofins. 12 October 2023.
195. Infection→portal to liver transplant→portal to infection. Presentation of a case of gastric duplication cyst as cause of recurrent aspiration in a liver transplant recipient at the Boston Intercity Transplant Infectious Diseases Conference. 24 October 2023.
196. A paradigm of precision medicine: Clinical utilization of CMV inSIGHT T cell immunity testing. Online Webinar, supported by Viracor-Eurofins. 16 November 2023.
197. Adjunctive corticosteroid therapy for *Pneumocystis pneumonia*. Journal club at the Brown Infectious Disease weekly conference. 17 January 2024.

198. Immune system impairment and infectious predisposition. Lecture as part of the Cancer Prevention and Survivorship Elective for Brown University Medicine Residents. 18 January 2024.
199. A 60-year-old kidney transplant recipient with headache and chest pain [Cerebral pheohyphomycosis]. Invited panelist at Rhode Island Hospital Neurology-Neuropathology Grand Rounds. 27 March 2024.
200. Research in-progress: 1. Medical malpractice in organ transplantation: Public claims and key legal outcomes. 2. Cytomegalovirus infection and cardiovascular outcomes among organ transplant recipients: A meta-analysis. 3. COVID-19 vaccine hesitancy among organ transplant recipients. Presentation at the Rhode Island Hospital solid organ transplantation interdisciplinary rounds. 4 April 2024.
201. A 42-year-old woman with a colonic mass [HTLV+ adult T-cell leukemia]. Invited panelist at Rhode Island Hospital Medical Grand Rounds. 16 April 2024.
202. Plasma microbial cell-free DNA sequencing in immunocompromised patients with pneumonia. Journal club at the Brown Infectious Disease weekly conference. 24 April 2024.
203. Infections in immunocompromised patients. Lecture for the “BIOL3653 Integrated Medical Sciences II: Microbiology/Infectious Diseases” course for 2nd year medical students at the Warren Alpert Medical School of Brown University. 30 April 2024.
204. Immunocompromised host cases. Small group case discussion for the “BIOL3653 Integrated Medical Sciences II: Microbiology/Infectious Diseases” course for 2nd year medical students at the Warren Alpert Medical School of Brown University. 3 May 2024.

UNIVERSITY TEACHING, ADVISING AND MENTORING ROLES

Brown University

Maggie Chung, Medical Student	Supervision in a case study of BK cystitis in a patient with AIDS and lymphoma. Manuscript published in <i>CID</i> .
Anna Bystricky, Medical Student	Doctoring Mentor
River (Alexis) Lerner, Medical Student (PLME)	Doctoring and EIDS Mentor Psychiatry Resident at BWH Supervision in multiple projects: <ul style="list-style-type: none"> • Letter to the editor regarding CMV-specific cell-mediated immunity assays. Manuscript published in <i>AJT</i>. • Case study of <i>Legionella</i> pneumonia in a kidney transplant recipient with a recent COVID exposure. Manuscript published in <i>AJT</i>.

- Systematic review of pulmonary aspergillosis in patients with COVID-19. Manuscript published in *Diagnostics (Basel)*.
- **Award-winning** study of CMV prophylaxis in kidney transplant recipients. Poster at the annual Warren Alpert Medical School Academic Symposium. Manuscript published in *Progress in Transplantation*.
- Meta-analysis of mortality in transplant vs. non-transplant patients with COVID-19. *ATC 2021 Oral Presentation*. Protocol published in *Systematic Reviews*.
- IDSA GERM Program Award to study anti-COVID-19 vaccination. Manuscript published in *OFID. ATC 2024 poster*.
- Study of monoclonal antibodies in patients with cancer and COVID-19. Manuscript published in *Clinical and Experimental Medicine*.

Lizzie Klein, Medical Student

Obstetrics and Gynecology Resident at The Cleveland Clinic

SA 2021. Supervision in multiple projects:

- Supervision in a meta-analysis of mortality in transplant vs. non-transplant patients with COVID-19. *ATC 2021 Oral Presentation*. Protocol published in *Systematic Reviews*.
- Supervision in a study of anti-spike monoclonal antibody use in kidney transplant recipients. *IDWeek 2021 Oral Presentation (Kass Award)*. Poster at the annual Warren Alpert Medical School Academic Symposium. Manuscript published in *AJT*.
- Supervision in a study of co-infections in patients with cancer and COVID-19 and other CCC19 studies. Manuscripts published in *OFID, Lancet Healthy Longevity, JAMA Oncol, Blood Cancer Discovery, Lancet Reg Health Am, Translational Oncology*.
- Supervision in the second published case study of refractory tubo-ovarian abscess caused by *Ureaplasma urealyticum*. Manuscript published in *Diagnostics*.

Audrey Le, Medicine Resident

**ID Fellow, University of Pennsylvania
Instructor in Medicine, Transplant-Oncology ID, Beth Israel Deaconess Medical Center, Harvard Medical School**

Supervision in multiple projects:

- Treatment of cancer patients with fluconazole susceptible dose-dependent *C. glabrata* fungemia with azole vs. echinocandin or polyene. *ID Week 2016 poster*, manuscript published in *AAC*.
- Candidemia in patients with acute leukemia. *ID Week 2016 poster*.
- Frequent false positive BAL galactomannan in a real-world setting. *ID Week 2017, 2018 posters*, manuscript published in *Mycoses*.
- Case study of BK cystitis in a patient with AIDS and lymphoma. Manuscript published in *CID*.
- Case study of bleomycin flagellate erythema in a patient with Hodgkin's lymphoma. Manuscript published in *Cureus*.
ID fellowship application and career advising.

Zoe Weiss, Medicine Resident

ID Fellow, Harvard Medical School Brigham and Women's Hospital and Massachusetts General Hospital combined Program Assistant Professor of Medicine, Tufts Medical School

Supervision in multiple projects:

- Case study of cryptococcal meningitis and vision loss due to early IRIS, with complete recovery after high-dose steroids. Manuscript published in *OFID*.
- Frequent false positive BAL galactomannan in a real-world setting. *ID Week 2018 poster*, manuscript published in *Mycoses*.
- Case study of resolving diverticulitis and early epidural abscess diagnosed by PET scan. *ACP RI 2018 clinical vignette*.
- Measuring cytomegalovirus (CMV)-specific CD4+ and CD8+ T-cell immunity by intracellular cytokine staining to predict clinically significant CMV events. *ID Week 2018 poster & ATC 2019 oral presentation*. Manuscript published in *BMC Infectious Diseases*.
- Case study of the first HCV/HIV+ kidney transplant in RI. Manuscript published in *Case Reports in Hepatology*.
ID fellowship application and career advising.

Rachel Cooper, Medicine Resident

Supervision in a case study of "crowned dens syndrome". Manuscript published in *JAMA*.
Career advising.

John Dudley, Medicine Resident
**Cardiology Fellow, Warren Alpert
Medical School of Brown University**

Supervision in a case study of “crowned dens syndrome”. Manuscript published in *JAMA*.

Andrea Higgins, Medicine Resident

Supervision in the first case study of disseminated *Ureaplasma* infection with hyperammonemia syndrome in a kidney transplant recipient. *ATC 2020 poster*. Manuscript published in *TID*.

Joshua Stone, Neurology Resident

Supervision in a case study of relapsing EBV encephalitis in a kidney transplant recipient. Manuscript published in *IDCases*.

Robert J. Black, Oncology Fellow

Supervision in a case study of rhomboid glossitis from disseminated CMV infection in a patient with AIDS and lymphoma. Manuscript published in *IDCases*.

Andrew Rogers, Medicine Resident

Elective clinical rotation at his request, in preparation for **hematology—oncology fellowship at Ohio State University**. Career advising.

Brianna Bakow, Medicine Resident
**Hematology-Oncology Fellow
Warren Alpert Medical School of
Brown University**

Elective clinical rotation at her request, in preparation for **hematology—oncology fellowship**.

Su Aung, ID Fellow
**Assistant Professor of Medicine
University of California San
Francisco (USCF)**

Supervision in a case study of cryptococcal meningitis and vision loss due to early IRIS with complete recovery after high-dose steroids. Manuscript published in *OFID*.

Supervision in a case study of disseminated mucormycosis with positive *Aspergillus* galactomannan. Manuscript published in *Case Reports in Infectious Diseases*.

Ralph Rogers, ID Fellow

Assistant Professor of Medicine, Transplant-Oncology-ID, Warren Alpert Medical School of Brown University

Supervision in multiple projects:

- Study of measuring cytomegalovirus (CMV)-specific CD4+ and CD8+ T-cell immunity by intracellular cytokine staining to predict clinically significant CMV events. *ID Week 2018 poster & ATC 2019 oral presentation*. Manuscript published in *BMC Infectious Diseases*.
- Book chapter on antifungal agents.
- Book chapter on infections in immunocompromised hosts.

Aakriti Pandita, ID Fellow
Assistant Professor of Medicine
University of Colorado

Samuel Masur, Medicine-Pediatrics
Resident

Neel Belani, Medicine Resident

Robert Matera, Medicine Resident

Liqi Shu, Medicine Resident

Yiyun Shi, Medicine Resident

- Case study of *Legionella* pneumonia in a kidney transplant recipient with a recent COVID exposure. Manuscript published in *AJT*.

Research mentorship. Supervision in multiple COVID-19 studies in immunocompromised and immunocompetent individuals. *IDWeek 2020 poster*. Manuscripts published in *OFID*, *The International Journal of Clinical Practice*, *Transplantation Proceedings*, *PLoS One*.

Letter to the editor published in *CID*.

Supervision in a case study of necrotizing HSV pneumonia in a non-immunocompromised individual. Manuscript published in *AJM*.

Supervision in a case study of hepatosplenic

bartonellosis diagnosed by cell-free DNA next generation sequencing. *AAP 2020 poster*.

Elective clinical rotation at his request, in preparation for **hematology—oncology fellowship**. Supervision in a systematic review and meta-analysis on the association between antibiotic use and efficacy of immune checkpoint inhibitors. *IDWeek 2020 poster*. Manuscript published in *IJID*.

Supervision in a study of antifungal prophylaxis during induction for acute myeloid leukemia. *ASH 2019 abstract*. Manuscript published in *Supportive Care in Cancer*.

Elective clinical rotation at his request.

Supervision in a case study of *Legionella* pneumonia in a kidney transplant recipient with a recent COVID exposure. Manuscript published in *AJT*.

Research mentorship. Supervision in an **award-winning** study of CMV prophylaxis in kidney transplant recipients. Poster at the annual Warren Alpert Medical School Academic Symposium. Manuscript accepted for publication in *Progress in Transplantation*. Supervision in multiple COVID-19 studies in immunocompromised and immunocompetent individuals. Two *IDWeek 2020 posters*. Manuscripts published in *The International Journal of Clinical Practice*, *Transplantation Proceedings*, *PLoS One*.

Anna Hardesty, Medicine Resident
Chief Resident, 2022-2023
ID Fellow, UCLA

Research mentorship. Supervision in multiple COVID-19 studies in immunocompromised and immunocompetent individuals. *IDWeek 2020 & ATC 2021 posters. IDWeek 2021 Oral Presentation (Kass Award)*. Poster at the annual Warren Alpert Medical School Academic Symposium. *Internal Medicine Senior Resident Research Day Award*. Manuscripts published in *The International Journal of Clinical Practice, Transplantation Proceedings, PLoS One, AJT, Systematic Reviews, Annals of Pharmacotherapy*.

Andrew Hsu, Oncology Fellow
Assistant Professor of Medicine,
Hematology-Oncology, Warren
Alpert Medical School of Brown
Univeristy

Supervision in a study of antifungal prophylaxis during induction for acute myeloid leukemia. *ASH 2019 abstract*. Manuscript published in *Supportive Care in Cancer*.

Panos Arvanitis, Medical Student

SA 2022. Supervision in projects on nirmatrelvir/ritonavir and tacrolimus co-administration in kidney transplant recipients with COVID-19, anti-COVID-19 vaccination, outpatient treatments in patients with cancer and COVID-19, CMV infection, malpractice in transplantation. *IDWeek 2023, ATC 2024 posters*. Manuscripts published in *Clinical Transplantation, JAMA Oncol, OFID, Clinical and Experimental Medicine, Infection, DMID, Cancer. EIDS Scholar*

Elizabeth Francis, Medicine Resident

Elective clinical rotation at her request, in preparation for **hematology—oncology fellowship at the NIH**. Supervision in a case study of *Campylobacter* infection-associated pancreatitis. Manuscript accepted for publication in *R I Med J*.

Lila Rubin, Medicine Resident

Elective clinical rotation, as part of the Cancer Prevention and Survivorship Elective, in preparation for **hematology—oncology fellowship**

Prashanth Moku, Medicine Resident

Elective clinical rotation, as part of the Cancer Prevention and Survivorship Elective, in preparation for **hematology—oncology fellowship**

Michael Stephens, Medical Student

Supervision in a case study of post-COVID-19 pulmonary aspergillosis and HSV pneumonia. Manuscript published in *TID*.

Dorra Guerhazi, Undergraduate Student SA 2023. Supervision in a letter to the editor (PMLE)	regarding efficacy of molnupiravir among immunocompromised patients. Manuscript published in <i>Infection</i> . Supervision in a project to study anti-COVID-19 vaccination hesitancy in transplantation. <i>ATC 2024 poster</i> .
Allison Navarrete-Welton, Medical Student	Supervision in a case study of <i>Campylobacter</i> infection-associated pancreatitis. Manuscript accepted for publication in <i>R I Med J</i> .
Nouf Almaghlouth, ID Fellow Transplant ID Fellow, University of Pittsburg Medical Center (UPMC)	Supervision in a study of anti-spike monoclonal antibody use in patients with cancer and COVID-19. Manuscript published in <i>Clinical and Experimental Medicine</i> . Supervision in a prospective trial of measuring cytomegalovirus (CMV)-specific CD4+ and CD8+ T-cell immunity by intracellular cytokine staining to predict clinically significant CMV events. <i>ID Week 2023 poster</i> . Manuscript published in <i>DMID</i> . Supervision in the second published case study of refractory tubo-ovarian abscess caused by <i>Ureaplasma urealyticum</i> . Manuscript published in <i>Diagnostics</i> .
Abby London, Medicine Resident	Supervision in a prospective trial of measuring cytomegalovirus (CMV)-specific CD4+ and CD8+ T-cell immunity by intracellular cytokine staining to predict clinically significant CMV events. Manuscript published in <i>DMID</i> . Supervision in a study of malpractice in transplantation. <i>ATC 2024 poster</i> .
<u>Other Universities</u>	
Jessica Stempel, Medicine Resident Albert Einstein Hospital, Philadelphia, PA	Supervision in a study of the diagnostic value of time-to-reporting of blood culture positivity for <i>Candida glabrata</i> central-line-related candidemia. Manuscript published in <i>Diagnostic Microbiology and Infectious Disease</i> .
Andreas Kyvernitakis, Medicine Resident, Allegheny Hospital, Pittsburgh, PA Cardiology Fellow, Allegheny Hospital, Pittsburgh, PA	Supervision in a study of bloodstream infections in LVAD recipients. <i>ISHLT & ID Week 2017 posters, ISHLT 2018 oral presentation</i> . Manuscript published in <i>ASAIO J</i> . Career advising.
Orestis Pappas, Cardiology fellow, Allegheny Hospital, Pittsburgh, PA	Supervision in a study of bloodstream infections in LVAD recipients. <i>ISHLT & ID Week 2017 posters, ISHLT 2018 oral presentation</i> . Manuscript published in <i>ASAIO J</i> .

Anna Apostolopoulou,
Medicine Resident, University of
Pittsburgh Medical Center
**ID Fellow, Harvard Medical School
Brigham and Women's Hospital
and Massachusetts General
Hospital combined Program**

Supervision in a systematic review of
pulmonary aspergillosis in patients with
COVID-19. Manuscript published in
Diagnostics.
ID fellowship application and career advising.

Kyle Enriquez, Medical Student
Vanderbilt University Medical
Center

Supervision in a CCC19 study of co-infections
in patients with cancer and COVID-19. *ASCO
2021 poster*. Manuscript published in *OFID*.

Seohyeon Im, Medicine Resident
Mass. General-Brigham Salem
Hospital

Elective clinical rotation at her request, in
preparation for **ID fellowship**

Observers:

Francesca Fianchi

Medical Student, Sapienza Università di Roma,
Rome, Italy

Shannon Arader

Physician Assistant (PA) Student, Providence,
RI

Christos Ntouloulis

Cardiologist, Thessaloniki, Greece

Aoi Kanematsu

Medical Student, Kyoto University, Kyoto,
Japan

Themis Gkraiou

Medical Student, European University of
Cyprus, Nicosia, Cyprus

Maria Dova

Medical Student, European University of
Cyprus, Nicosia, Cyprus

Ioannis Boutsikos

Medical Student, European University of
Cyprus, Nicosia, Cyprus

Despoina Kitmiridou,
Medical Student, University of
Athens, Greece

Supervision in a case study of disseminated
mucormycosis with positive *Aspergillus*
galactomannan. Manuscript published in *Case
Reports in Infectious Diseases*.

Rachel Corcoran

Physician Assistant (PA) Student, Providence,
RI

Maria Vamvaka

Medical Student, European University of
Cyprus, Nicosia, Cyprus

Maria Tsikala-Vafea, MD, PhD
University of Athens, Greece
Medicine Resident, UPMC

Supervision in a systematic review and meta-analysis on the association between antibiotic use and efficacy of immune checkpoint inhibitors. *IDWeek 2020 poster*. Manuscript and corrigendum published in *IJID*.

Supervision in a case study of nocardiosis and mixed invasive mold infection (aspergillosis and mucormycosis) in an atypical host (elderly, CLL). Manuscript published in *Case Reports in Infectious Diseases*.

Brittany Rawlins

Physician Assistant (PA) Student, Providence, RI

Dimitrios Gkagktzas

Medical Student, University of Ioannina, Greece

Fotini Zachariadou

Pre-medical Student, University of Groningen, the Netherlands
