

# **CURRICULUM VITAE**

ROBERT LOREN STOUT

January 2011

Date of Birth:	June 21, 1945
Citizenship:	United States
Office Address:	Decision Sciences Institute of Pacific Institute for Research and Evaluation 1005 Main Street Unit 8120 Pawtucket, RI 02860 Telephone: (401) 729-7505 ext. 2101

## **EDUCATION**

Ph.D. in (mathematical) psychology from the University of Michigan, Ann Arbor, 1974. Title of dissertation: "Spacing Effects in Memory: The Relative Roles of Consolidation and Encoding Processes".

M.A. in applied mathematics with concentration in statistics from the University of Michigan, Ann Arbor, 1971.

B.A. in behavioral sciences and mathematics from Rice University, Houston, Texas, 1967.

## **ACADEMIC POSITIONS**

Director, Decision Sciences Institute of Pacific Institute for Research and Evaluation, 1999 – present.

Senior Research Scientist, Center for Alcohol and Addiction Studies, Brown University, 1996 - present.

Director of Quantitative and Information Sciences, Department of Psychiatry and Human Behavior, Brown University, 1993 - 2001.

Adjunct Professor, Department of Psychiatry and Human Behavior, Brown University, 2000 – present.

Professor (Research), Department of Psychiatry and Human Behavior, Brown University, 1998 - 2000.

Associate Professor (Research), Department of Psychiatry and Human Behavior, Brown University, 1989 - 1997.

Assistant Professor (Research), Department of Psychiatry and Human Behavior, Brown University, 1979 to 1989.

Instructor (Research), Department of Psychiatry and Human Behavior, Brown University, 1977 to 1979.

## **NONACADEMIC POSITIONS**

Member, Design and Analysis Workgroup, NIDA Clinical Trials network, 2001 to 2004.

Member of NIH Study Section SNEM-5 (Statistics study section), 2000 to 2001.

Member of the editorial board of Frontlines: Linking Alcohol Services Research and Practice, 1998-2005.

Data Systems/Performance Improvement Specialist, Butler Hospital, 1993 to 1999. Duties included creation and maintenance of computer systems for monitoring and improving the quality of care, the conduct of management studies, and technical consultation.

Advanced Clinical Systems Specialist, Butler Hospital, 1983 to 1991. Duties included the supervision of the installation and testing of a comprehensive integrated hospital information system, overseeing of all statistical and research-related software for the system and conduct and supervision of evaluation studies.

Statistician, Department of Evaluation, Butler Hospital, 1975 to 1983. Responsibilities: oversight of data analysis, design of data management software, development of advanced statistical software, consultation on statistics, and research design.

Independent Consultant, 1974 to 1975. Primary areas of consulting: advanced data analysis, data base management, multidimensional scaling, nonmetric methods, and computer systems design.

## **TEACHING EXPERIENCE**

Conducted seminar series on treatment research methods for postdoctoral fellows at the Center for Alcohol & Addiction Studies, 1991-present.

Preceptor in Department of Psychiatry and Human Behavior Faculty Development Seminar, spring-summer 1986.

Supervision of doctoral candidate in Medical Sociology, 1979-1987.

Teaching Fellow, Psychology 210 (Introduction to Experimental Psychology), University of Michigan, 1971-1973.

Teaching Fellow, Psychology 613-614 (Introductory Statistics for psychology graduate students), University of Michigan, 1970-1971.

## OTHER EXPERIENCE AND ACCOMPLISHMENTS

Developer of the Michigan Experimental Simulation Supervisor (MESS, also identified as EXPER SIM). This program for conducting simulated experiments is now in use in behavioral, social, and physical science courses in many universities, and has been distributed on a nonprofit basis by CONDUIT.

Member of team that developed the first minicomputer-based word-processing system, Astrotype/Astrocomp, produced by Information Control Systems, Inc. of Ann Arbor, Michigan in 1969.

Only person ever to work for the Neighborhood Youth Corps as a soil chemist.

Juvenile-onset OCD: Clinical features across the lifespan. Poster presented at the annual meeting of the Association for Behavioral and Cognitive Therapies, Orlando, FL, November 13-16.
141. Mattson, M. E., Stout, R., Falk, D. E., Litten, R. Z., Fertig, J., & Ryan, M. (2009). Frequency of very heavy drinking in COMBINE: A potential phenotypic marker for differential response to Naltrexone. Poster presented at the 32nd annual meeting of the Research Society on Alcoholism, San Diego, CA, June 20-24.
142. Falk, D. E., Litten, R. Z., Mattson, M. E., Stout, R., & Ryan, M. (2009). Percentage of subjects with no heavy drinking days: An efficacy endpoint for alcohol clinical trials. Poster presented at the 32nd annual meeting of the Research Society on Alcoholism, San Diego, CA, June 20-24.
143. Stout, R. L. (2009). Dynamic mathematical modeling of alcohol medication effects. Presented at the 5th Annual NIAAA Pre-Conference Satellite Meeting on The Search for Mechanisms of Change in Altering Addictive Behavior, San Diego, CA, June 20.
144. Block, P., Friend, K. B., Zywiak, W. H., & Stout, R. L. (2010) Historical and contemporary perspectives on addiction and disability. Presented at the annual meeting of the Society for Disability Studies, Philadelphia, PA, June 2.

## **HONORS AND AWARDS**

2000-2007	Member of NIH study section Community Influences on Health Behavior, Health of the Population Integrated Review Group (CIHB)
1996	Received a special award from the Society for Mathematical Psychology on 8/3/96 for outstanding service.
1995-present	Named to Scientific Advisory Board for Medical University of South Carolina Research Center.
1990	M.A. ad eundum, Brown University
1986-1996	Secretary-Treasurer, Society for Mathematical Psychology

1977	Charter Member, Society for Mathematical Psychology
1977	Sigma Xi
1972-1973	Departmental Associate, Department of Psychology, University of Michigan
1967-1972	NIH Traineeship in mathematical psychology, University of Michigan
1967	B.A. cum laude from Rice University
1963-1967	National Merit Scholar
1966	Ford Foundation Fellowship for summer study in the behavioral sciences

## GRANT SUPPORT

1. Awardee, Grant from the Exxon Education Foundation, "**Documentation and modification of the Simulation Writer Interactive Program (SWIP) to facilitate dissemination**", \$4,800 for 1975-1976.
2. Statistician, 5%, "**Evaluation of Butler Hospital's Problem Drinkers Program**," Blue Cross of Rhode Island, \$16,000 for 1977-78, Richard Longabaugh, Principal Investigator.
3. Statistician, 5%, "**A randomized controlled trial to assess the cost effectiveness of partial hospitalization versus full hospitalization in the treatment of alcoholism**," Blue Cross/Blue Shield of Rhode Island, \$24,000 for 1979-80, Richard Longabaugh Principal Investigator.
4. Associate Investigator, 5%, "**Marital, Spouse, and Self-Control Therapy of Alcoholics**", RO1 AA03984, Barbara McCrady Principal Investigator, \$340,230 funded for 1979-1983.
5. Co-Principal Investigator (with Richard Longabaugh), 95%, "**Problems as Predictors of Treatment and Outcome**", RO1 MH26012, \$399,559 funded by NIMH for 1979-1981.
6. Co-Principal Investigator as above, R01 MH26012 \$93,000 extension funded for 1982-83.
7. Principal Investigator, 33%, "**Mathematical Models for Psychiatric Hospital LOS**", RO1 MH32723, \$80,410 funded for 1980-1983.
8. Statistician, 10%, "**Alcoholism Treatment in the Partial Hospital Setting**", RO1 AA04403, \$103,613 funded for 1980-1983, Richard Longabaugh Principal Investigator.
9. Statistician, 10%, AA-05827-01, "**Environmental Treatment of Alcohol Abusers**," \$677,258 for four years, 1984-88, Richard Longabaugh Principal Investigator.
10. Statistician, 10%, AA-05827-05, "**Environmental Treatment of Alcohol Abusers**" (competitive renewal), \$169,351 for 14 months, 1987-89, Richard Longabaugh Principal Investigator.
11. Principal Investigator, 50%, AA07200 "**Enhanced Long-Term Benefits from Alcohol Treatment**". \$283,919. Funded for 1989-1992.
12. Statistician, 5%, NIMH MH44778 "**Matched vs. Mismatched Treatment for Depressed Inpatients.**" Principal Investigator Ivan W. Miller. Funded for 4/1/90-3/31/95. Total direct costs \$1,360,825;

13. Statistician, 5%, NIAAA RO1 AA08277-01 "**Community Alcohol Abuse/Injury Prevention Project.**" Principal Investigator William J. Waters. 4/1/90 - 4/30/93. Total direct costs \$644,218.
14. Co-Principal Investigator (Brown Site) and Design Committee Chair, 10%, NIAAA U10 AA08443 "**Matching Patients to Alcoholism Treatment.**" This is the national MATCH trial. The total direct costs for the Brown University site were \$1,522,395 over 1989-1994. Project MATCH.
15. Co-Principal Investigator (Brown Site) and Design Committee Chair, 30%, NIAAA U10 AA08443 "**Matching Patients to Alcoholism Treatment**" (three year extension of original grant). This is the national Project MATCH trial for which 1,726 cases have been randomized. Extension period 9/1/94-8/31/98. Total costs \$693,457. For this multisite study (10 universities) I served as Chair of the Design and Analysis Committee nine years running. Costs given are for the Brown site only; across all sites and all nine years, total costs were approximately \$26,000,000.
16. Principal Investigator, 35%, NIAAA RO1 AA08992 "**Time Dynamics of Alcohol Treatment Outcome**". Total direct costs \$1,459,358. Funded for 8/1/91-7/31/96. Extension period 1996-1997.
17. Statistician, 5% (years 2-5), NIMH 1 RO1 MH 48171. "**Family Treatment of Bipolar Disorder.**" Principal Investigator Ivan W. Miller. Direct costs \$2,196,753, indirect \$732,155. Funded for 9/1/92-8/30/97.
18. Associate Investigator, 5%, NIAAA RO1 AA09228. "**Utilization and Cost Evaluation: Patient-Treatment Matching.**" Principal Investigator Harold Holder (of Pacific Institute). Total direct costs across all sites \$1,732,989 funded for 12/1/92-11/31/98.
19. Principal Investigator, 20%, NIAAA 1RO1 AA09907-01A1. "**Extended Case Monitoring for Alcoholics: Health Costs.**" This is a two-group randomized trial of the effect of a low-cost long-term monitoring intervention on the health care use of alcoholics in an HMO. Direct costs \$2,520,239, total cost \$3,144,694. Funded for 9/29/94-5/31/00.
20. Statistical Consultant, no formal effort commitment, NIAAA 1 R29 AA10011-01A1. "**PTSD and Substance Abuse Relapse.**" This is a first award to conduct a naturalistic study on the relationship between Post-Traumatic Stress Disorder (PTSD) and outcome in a sample of substance abusers. This project is administered by Brown University. Funded for 1/1/95-12/31/99. Direct costs \$349,991, indirect \$201,110.
21. Senior Statistician, 5%, NIMH 1R01 MH51415. "**Harvard Brown Anxiety Disorder Research Program.**" This is a naturalistic, longitudinal study of anxiety disorders. This project is administered by Brown University. Funded for 4/1/95-3/31/99. Total costs \$4,109,684. Extension 7/1/99-6/30/04. Initial period direct costs \$510,328.
22. Principal Investigator, no formal effort commitment, NIAAA ADM 281-91-0011. "**Treatment Research Validation and Extension Program**". Total cost extension \$72,566, funded for 9/96-9/29/00.. The purpose of this contract extension is to clean and expand the cross-site data base for this study. The project is administered by Brown University.
23. Statistician, 20%, NIMH 1 R10 MH50840, "**Collaborative Longitudinal Study of Personality Disorders.**" Principal Investigator Brown University site is Tracie Shea. This is a multi-site longitudinal study of four personality disorders to assess reliability, validity, and

stability over time of current and proposed diagnostic standards and critical symptoms. This project is administered by Brown University. Funded for 3/1/96-2/29/00. Total costs \$1,475,971.

24. Statistician, 5%, NIAAA RO1 AA11211 **"Motivating Alcoholics to Quit Smoking."** Principal Investigator David Abrams. Funded for 9/1/96-8/31/01. Total costs \$3,099,465. The aim of the grant is to evaluate the cost effectiveness of three smoking cessation treatments for outpatient alcoholics: brief advice, standard counseling with transdermal nicotine, and motivational enhancement plus standard counseling with transdermal nicotine.

25. Training Faculty, 10%, NIMH MHI9987 **"Research Training in Combined Treatment Modalities."** Principal Investigator Tracie Shea. Funded for 7/10/97-6/30/02. Total direct costs \$1,271,542. The aim of the proposed institutional Research Training Program is to train doctoral level psychologists and psychiatrists to conduct independent research in combined pharmac/psychosocial, and combined treatment research, and several ongoing research programs in these areas.

26. Statistician, 2.5% years 1-3 & 5% year 4, NCI 1R01 CA77082 **"Smoking Cessation in Teens with Comorbid Psychopathology."** Principal Investigator Richard A. Brown. Funded for 9/30/97-9/29/01. Total costs \$1,684,780. To evaluate the efficacy of a maximal tailored and sustained social learning-based smoking cessation intervention for adolescent smokers with comorbid psychopathology.

27. Statistician, no formal effort commitment, NIAAA 1R03AA11475 **"Effect of Alcoholic Parental Gender on Female Alcoholism."** Principal Investigator Aruna Gogineni. Funded for 10/1/98-9/1/00. Total costs \$153,866. The aim of this project is to begin to elucidate the psychosocial mechanisms through which gender differences in parental offspring affect the alcohol-related outcomes among female offspring.

28. Statistician, 5%, NIH 1R01 MH58750-01A1. **"Pharmacotherapy of Adolescent Body Dysmorphic Disorder."** Principal Investigator Katharine Phillips. Funded for 4/1/99-3/31/03. Total subcontract costs \$74,286. This multi-site study proposes to investigate the pharmacotherapy of body dysmorphic disorder in children and adolescents in a double-blind placebo-controlled trial of fluoxetine.

29. Co-Principal Investigator, 10%, NIAAA 1R01 MH51415. **"Relapse Onset and Termination and Abstinence Maintenance."** Principal Investigator William Zywiak. Funded for 4/1/00-3/31/01. Initial period direct costs \$93,498. The overarching goal of this study is to advance understanding of alcohol treatment outcome. Focus will be on four aspects of outcome: 1) client perceived influences of relapse onset 2) client perceived influences of relapse termination 3) client perceived influences of periods of abstinence, and 4) temporal and alcohol-related parameters of relapse.

30. Senior Statistician, 5%, NIMH 1R01 MH51415. **"Harvard Brown Anxiety Disorder Research Program." (Competing extension)** Principal Investigator Martin B. Keller. Extension 7/1/99-6/30/04. Total subcontract costs over four years \$65,453. This is a naturalistic, longitudinal study of anxiety disorders.

31. Senior Statistician, 10%, NIMH 1R01 MH60241-01. **"Prospective Study of Body Dysmorphic Disorder."** Principal Investigator Katharine Phillips. Funded for 9/15/00-8/31/05. Initial period direct costs \$167,415. This study proposes to investigate the longitudinal course of body dysmorphic disorder, with a focus on diagnostic status symptom severity, treatment utilization, psychosocial impairment, and quality of life over time.

32. Senior Statistician, 20%, NIMH 1R01 MH60218-01A1) **"Longitudinal Prospective Study of Obsessive Compulsive Disorder."** Principal Investigator Steven Rasmussen. Funded for 12/1/00-11/30/05. Total subcontract costs \$184,727. This study proposes to investigate the longitudinal course of obsessive-compulsive disorder, with a focus on diagnostic status symptom severity, treatment utilization, psychosocial impairment, and quality of life over time.
33. Statistician, 20%, NIMH 1 R10 MH50840, **"Collaborative Longitudinal Study of Personality Disorders." (First Competing extension)** Principal Investigator Brown University site is Tracie Shea. Funded for 6/1/00-5/31/01. Total costs \$261,334. This is a multi-site longitudinal study of four personality disorders to assess reliability, validity, and stability over time of current and proposed diagnostic standards and critical symptoms. This project is administered by Brown University.
34. Statistician, 20%, NIMH 1 R10 MH50840, **"Collaborative Longitudinal Study of Personality Disorders." (Second Competing extension)** Principal Investigator Brown University site is Tracie Shea. Funded for 7/1/01-6/30/05. Total costs \$2,106,516 (costs are given for the Brown component only). This is a multi-site longitudinal study of four personality disorders to assess reliability, validity, and stability over time of current and proposed diagnostic standards and critical symptoms.
35. Mentor, no formal effort commitment, 1 K23 AA13231-02 **"Impact of Substance Abuse Treatment on Marital Violence."** Principal Investigator Greg Stuart. Funded for 9/30/00-8/31/05. Total costs: \$563,384. Project assesses the impact of substance abuse treatment for alcohol dependent patients on marital violence, psychological abuse, marital satisfaction, and other domains of marital functioning.
36. Principal Investigator, no formal effort commitment, ADM 281-91-0011 (Extension). **"Treatment Research Validation and Extension Program."** Funded for 9/96-6/30/01. Total cost extension \$72,566. The purpose of this contract extension is to clean and expand the cross-site database for this study.
37. Co-investigator, 5%, 1 R01 DA 13935-01. **"Treatment for PTSD and Substance Abuse in Women Prisoners."** Principal Investigator Caron Zlotnick. Funded for 11/01/01-07/31/04. Current year direct costs \$9,356. This is a study of an extended contact protocol for substance abusing women prisoners. Treatment is initiated during incarceration, but the clients are also followed after release.
38. Statistician, 5%, NIAAA 1 R01 AA13243-01 **"Trazodone for Sleep Disturbance--Early Alcohol Recovery."** Principal Investigator Peter Friedman. Funded for 09/27/01-07/31/05. Initial period direct costs \$13,421. This is a randomized double-blind trial of Trazodone for sleep-disturbed alcoholics. Untreated sleep disturbance may be a risk factor for alcohol relapse.
39. Co-Investigator, 5%, NIAA R21 AA014226-01A1 **"Post-Treatment Alcohol Use and Longer-term Functioning."** Principal Investigator Patrick Clifford. Funded for 4/15/04-4/14/05. Current annual subcontract direct costs \$10,543. This study involves secondary data analyses of Project MATCH data sets. The long-term goals of this research are to enhance the power of alcohol use disorders (AUD) interventions to facilitate improvement in substance use and other functioning.
40. Senior Statistician, 10%, Robert Wood Johnson Foundation Grant **"Economic Impact of Tobacco Use across the Lifespan: An Examination of In-Utero Exposure, Smoker Subgroups, and Tailored Treatments."** Principal Investigator Charles Neighbors. Funded for 1/15/02-1/14/07. Four year subcontract direct costs \$74,845. This study involves (1) analyses of

the health services effects of in-utero exposure on the children of smokers, (2) studies of joint health services effects of smoking, alcohol misuse, and depression, and (3) an examination of health service use over time by participants in a randomized trial of a stepped-care smoking intervention.

41. Principal Investigator, 20%, NIAAA 1R01 AA09907-01A1. **"Extended Case Monitoring for Alcoholics: Health Costs." (Competing extension).** Funded for 9/22/01-5/31/07. Total costs \$3,248,390. This is a two-group randomized trial of the effect of a low-cost long-term monitoring intervention on the health care use of alcoholics having insurance coverage.

42. Senior Statistician, 5%, NIMH 1R01 MH51415. **"Harvard Brown Anxiety Disorder Research Program." (Competing extension).** Principal Investigator Martin B. Keller. Extension funded for 12/1/03-11/30/08. Current annual subcontract direct costs \$16,021. This is a naturalistic, longitudinal study of anxiety disorders. This project is administered by Brown University.

43. Principal Investigator, 5%, NIDA 1 R01 DA016417-01 **"Organizational Factors in Drug Abuse Treatment Outcome."** Funded for 7/15/04 - 6/30/11. Total costs \$3,002,799. This is a multi-clinic naturalistic longitudinal study of the associations between the organizational characteristics of drug abuse clinics and client outcomes. A sample of 500 clients will be recruited from 20 participating clinical sites and followed for one year. Tests for the impact of organization-level variables will use hierarchical modeling.

44. Senior Statistician, 1%, NIMH R10 MH50840 **"Collaborative Longitudinal Study of Personality Disorders(Third Competing Extension)."** Principal Investigator Tracie Shea (Brown University site). Funded for 6/1/05-5/31/10. Total costs \$1,536,119. This is a longitudinal study of four personality disorders to assess reliability, validity, and stability over time of current and proposed diagnostic standards and critical symptoms. This is a multi-site collaborative study involving Brown, Columbia, Harvard, and Yale. I am the head of the statistical coordinating center for this study, with responsibility for data entry and all major trial-wide analyses. Tracie Shea and I jointly wrote the design and data analysis plan.

45. Senior Statistician, 2.5%, NIMH R01 MH072917 **"Pharmacotherapy Relapse Prevention in Body Dysmorphic Disorder."** Principal Investigator Katharine Phillips. Funded for 6/1/05-5/31/11. Current annual subcontract direct costs \$9,147. This is a randomized study of Escitalopram Lexapro as a maintenance medication for the prevention of relapse in patients with body dysmorphic disorder.

46. Co-Principal Investigator, 5%, NIAAA 1 R01 AA014667-01A2 **"College Facilitation for Alcohol Problems."** Principal Investigator William Zywiak. Funded for 8/1/05-6/30/11. Total costs \$2,053,410. Volunteers from a nearby university's alcohol policy first offender program are recruited and randomly assigned to one of two conditions: college facilitation for two years or the control group. College facilitation has been developed from the case monitoring telephone protocol. The primary aim is to test whether college facilitation impacts drinking intensity and drinking related consequences.

47. Senior Statistician, 10%, NIMH 1 R01 MH60241 **"Longitudinal Prospective Study of Obsessive Compulsive Disorder."** Principal Investigator Steven Rasmussen. Funded for 6/1/06-5/31/11. Current annual subcontract direct costs \$17,816. This study proposes to investigate the longitudinal course of obsessive-compulsive disorder, with a focus on diagnostic status symptom severity, treatment utilization, psychosocial impairment, and quality of life over time.

48. Senior Statistician, 5%, NIMH 1 R01 MH071766-01A2 **“Depression Prevention for Poor Pregnant Women.”** Principal Investigator Caron Zlotnick. Funded for 6/20/06-4/30/11. Current annual subcontract costs are \$11,461. This study will investigate the relative efficacy of an interpersonally based intervention compared to an enhanced care-as-usual (ECU) condition in pregnant women on public assistance at risk for PPD. Subjects assigned to the intervention will receive the 4-week group intervention which will take place once a week during pregnancy and an individual session that will occur within 2-weeks of delivery. Subjects in the ECU condition will receive the usual medical care provided for pregnant women as well as educational material on PPD and listing of treatment resources for PPD. Women will be followed to up to one year postpartum.

49. Senior Statistician, 5%, NIMH 1 R01 MH076179-01. **“Controlled Trial of Deep Brain Stimulation for Obsessive Compulsive Disorders.”** Principal Investigator Benjamin Greenberg. Funded for 07/01/06 – 06/30/11. Initial period direct costs for DSI \$8,681. This is a randomized clinical trial of deep brain stimulation for obsessive compulsive disorders.

50. Senior Statistician, 2%, Contract #263-MD-516156 (NIAAA). **“Methodological Consultation for Medications Development Research.”** This is a contract from NIAAA for Dr. Stout to provide methodological and statistical consultation to the institute as it plans and implements a series of phase II clinical studies of potential medications for alcohol abuse.

51. Senior Statistician, 8%, NIAAA R21 AA016762 **“Mechanisms and Moderators of Behavior Change in Alcoholics Anonymous.”** Principal Investigator John Kelly. Funded for 7/1/07 - 6/30/10. Current annual subcontract direct costs \$26,716. This is a secondary data analysis project to study longitudinally the mechanisms responsible for the effects of Alcoholics Anonymous (AA) on individuals with alcohol problems. The analyses, using data from Project MATCH, will examine AA-specific mediators in conjunction with other mediators not specific to AA. Moderators of the effects of AA will also be studied. Finally, the interplay between AA and formal treatment in determining outcome will be examined. This project is administered by Massachusetts General Hospital.

52. Senior Statistician, 5%, NIAAA R01 AA014750, **“Long-Term Recovery among Convicted Drunk Drivers.”** Principal Investigator Sandra Lapham. Funded for 07/10/04 – 06/30/10. No cost extension. This study extended the observation period of a cohort of first-time drinking while impaired (DWI) offenders to 15 years. Subjects were first observed at the time of court-mandated referral for substance abuse evaluation to a screening program in Albuquerque, NM, for a first-DWI offense (1989-1992). Administered by Pacific Institute for Research and Evaluation.

53. Senior Statistician, 5%, (unnumbered), **“Helping Others and Long-term Outcomes among Youth with Substance Use Disorders.”** Principal Investigator Maria Pagano. Funded for 04/2009 – 04/2012. Total costs \$952,036. This is a naturalistic follow-up study of adolescents with substance abuse problems. The project has three primary aims: (1) to validate the “Helping Others” questionnaire, (2) to investigate faith-based mechanisms for sustaining service over time, and (3) to examine health and social outcomes in relation to youth involvement in service. This study is administered by Case Western University.

54. Senior Statistician, 5%, NIMH R01 MH51415 (**competing extension**), “**Harvard Brown Anxiety Disorder Research Program.**” Principal Investigator Martin Keller. Funded for 04/01/09 – 03/31/14. First year subcontract direct costs \$15,914. This is a naturalistic, longitudinal study of anxiety disorders. This study is administered by Brown University.

55. Senior Statistician, 10%, NIMH R01 MH59939, “**Course and Outcome of Bipolar Disorder in Youth (COBY).**” Principal Investigator Martin Keller. Funded for 08/01/06 – 07/31/11. Current year subcontract direct costs \$20,029. This study investigates the course, treatment, and outcome of youth diagnosed with bipolar disorder. This study is administered by Brown University.

56. Principal Investigator, 10%, NIDA R21 DA026541-01A1, “**Longitudinal Study of Mechanisms of Drug Abuse Recovery – Pilot.**” Funded for 02/01/2010 – 01/31/2012. Current annual direct costs \$150,000. This pilot study will provide key data necessary for the design of a larger, long-term naturalistic study of the major factors that influence the course of drug use disorders in non-clinical populations. Researchers will recruit 60 clients from the community rather than from clinics and will follow the clients intensively for one year using instruments adapted from successful longitudinal studies of Axis I disorders to track psychiatric status, life events, and treatment dynamically. The specific aims of the pilot study are to test recruitment and assessment procedures and to estimate rates of key events such as return to the use of cocaine to support power estimates for the study to come. Administered by Pacific Institute for Research and Evaluation.

57. Senior Statistician, 15%, NIAAA R21 AA018185, “**Mechanisms and Moderators of Change among Youth Treated for Alcohol Use Disorders.**” Principal Investigator John F. Kelly. Funded for 09/20/2010 – 06/30/2012. First year subcontract direct costs \$31,607. Secondary data analysis using data collected from the treatment of 300 youth and young adults treated for alcohol use disorders at the Hazelden Clinic. Extensive process and one-year outcome data will be analyzed to determine the precursors of successful engagement in AA and subsequent outcome effects. This project will be administered by Massachusetts General Hospital.

## **OTHER ACADEMIC ACTIVITIES**

2005	Research Society on Alcoholism Planning Committee for 2006
2004-present	Member, Community Influences on Health Behavior Study Section, Health of the Population (HOP) Integrated Review Group
2003-present	Ad hoc reviewer for NIH, NIAAA, and NIMH
2004-2005	Statistical consultant for NIAAA Project Combine
2002-present	Member, Data and Safety Monitoring Board for the Center for Translational Neuroscience of Alcoholism, Yale University

2001	Program Chair for the Thirty-fourth Annual Meeting of the Society for Mathematical Psychology, Providence, RI, July 26-29, 2001.
2000-2001	Member, NIH Review Panel SNEM-5 (statistics study section)
1999-present	Associate Director of Training, Brown University Center for Alcohol and Addiction Studies
1999-present	Senior Scientist, Brown University, Center for Alcohol and Addiction Studies
1998-2001	Faculty Promotions Committee, Department of Psychiatry and Human Behavior, Brown University
1996-2003	Member, Executive Committee on Research, Department of Psychiatry and Human Behavior, Brown University
1996-1999	Member, Butler Hospital IRB
1991-1994	Member of the Alcohol Psychosocial and Treatment Research Review Committee (ALCP-1) of NIAAA
1990-1992	Member of the Executive Committee for the National Multisite Alcohol Treatment Matching Study (MATCH)
1989-1999	Statistical consultant and Chair of the Design Committee for the National Multisite Alcohol Treatment Matching Study (MATCH)
1988-1991	Member, Brown University Faculty Advisory Committee on Computers (Chair 1989-90)
1988-1990	Member of ad hoc Special Review Committees for the National Institute on Drug Abuse SBIR program
1987-1999 and 1978-1982	Member, Butler Hospital Research Committee
1987	Ad hoc reviewer for the National Science Foundation, Memory and Cognitive Processes Program
1986-1996	Secretary-Treasurer of the Society for Mathematical Psychology
1985-1990	Member, Advisory Committee for the Community Alcoholism Intervention Project, Rhode Island Department of Health
1984-present	Faculty Member, Brown University Center for Alcohol and Addiction Studies
1983-1999	Clinical Systems Specialist, Butler Hospital
1982-1986	Member, Butler Hospital Computer Steering Committee
1980-1982	Member, Provost's Computer Advisory Committee, Brown University
1978-1980	Member, Research Committee, Section of Psychiatry and Human Behavior, Brown University
1979-1981	Member, Computer Committee, Butler Hospital

- 1979 Co-organizer of the Annual Meeting of the Society for Mathematical Psychology, Providence, Rhode Island, August 29-31, 1979
- 1976-1978 Member, Medical Care Evaluation Committee, Butler Hospital
- 1976 Co-organizer of the Region 1 Program Evaluators Conference, Butler Hospital, May 27-29, 1976

## **REVIEWER FOR**

Alcoholism: Clinical Addiction and Experimental Research  
 Behavior Research Methods, Instruments, and Computers  
 Computing Reviews  
 Evaluation and Program Planning  
 Journal of Studies on Alcohol and Drugs  
 Addiction (Associate Editor, 2004-present)  
 Journal of Consulting and Clinical Psychology  
 Journal of Mathematical Psychology (Guest Action Editor)  
 Psychological Reports

## **PROFESSIONAL SOCIETIES**

American Statistical Association  
 American Psychological Society  
 Research Society on Alcoholism  
 Sigma Xi  
 Society for Mathematical Psychology (Charter Member)  
 Society for Medical Decision Making

## **COMMUNITY SERVICE**

- 2005-2006 Chair, Prudential Committee, Central Congregational Church, Providence, RI
- 1997-1998 Senior Deacon, Central Congregational Church, Providence, RI
- 1994-1997 Deacon, Central Congregational Church, Providence, RI
- 1993-present Board Member, Fund for Community Progress, Providence, RI
- 1992-1993 Campaign Chair, Fund for Community Progress, Providence, RI
- 1987-1994 Clerk, Central Congregational Church, Providence, RI
- 1982-1992 Member, Advisory Board, Fund for Community Progress, Providence, RI
