

CURRICULUM VITAE

Ali Yalcindag

Business Address Rhode Island Hospital/Hasbro Children's Hospital
Division of Pediatric Ambulatory Medicine
Potter 200
593 Eddy Street
Providence, RI 02903

Business Telephone Number 401-444-8916
Business Fax Number 401-444-6218
Electronic Mail Address AYalcindag@lifespan.org

EDUCATION

Undergraduate Robert College
Istanbul, Turkey 1980-1987

College of Wooster
Wooster, Ohio 1987-1988

Medical School Cerrahpasa Medical Faculty
Istanbul University
Istanbul, Turkey 1988-1994

POSTGRADUATE TRAINING

Residency Pediatric Intern
Cerrahpasa Faculty of Medicine
Istanbul, Turkey 1994-1995

Pediatric Intern
New York University Medical Center & Bellevue Hospital
New York, New York 1995-1996

Pediatric Resident
New York University Medical Center & Bellevue Hospital
New York, New York 1996-1998

Pediatric Chief Resident
New York University Medical Center & Bellevue Hospital
New York, New York 1998-1999

Fellowship Clinical & Research Fellow
Division of Allergy, Immunology, Rheumatology
Children's Hospital
Harvard Medical School
Boston, Massachusetts 1999-2003

PROFESSIONAL LICENSES AND BOARD CERTIFICATION

Pediatric Board Certification	1998
Pediatric Rheumatology Certification	2002
Rhode Island State License (MD11082)	2003
Pediatric Board Recertification	2005

ACADEMIC APPOINTMENTS

Instructor, New York University, New York, NY	1998-99
Instructor, Harvard Medical School, Boston, MA	2002-03
Assistant Professor, Brown MS, Providence, RI	2003-

HOSPITAL APPOINTMENTS

Pediatrician Division of Pediatric Ambulatory Medicine Rhode Island Hospital/Hasbro Children's Hospital	6/2003-
---	---------

OTHER WORK EXPERIENCE

Researcher Division of Immunology Children's Hospital Boston, MA	2003
---	------

MEMBERSHIP IN SOCIETIES

American Academy of Pediatrics (Fellow)
American Medical Association
American College of Rheumatology
Massachusetts Medical Society

ORIGINAL PUBLICATIONS IN PEER-REVIEWED JOURNALS

1. Ma W, Bryce P, Humbles AA, Laouini D, Yalcindag A, Alenius H, Friend DS, Oettgen HC, Gerard C, Geha RS. CCR3 is essential for skin eosinophilia and airway hyper-responsiveness in a murine model of allergic skin inflammation. *J. Clin Invest.* 2002; 109: 621-8.
2. Fisler RE, Liang MG, Fuhlbrige RC, Yalcindag A, Sundel R. Aggressive management of juvenile dermatomyositis results in improved outcome and decreased incidence of calcinosis. *Journal of American Academy of Dermatology.* 2002; 47.
3. Laouini D, Kawamoto S, Yalcindag A, et al. Epicutaneous sensitization with superantigen induces allergic skin inflammation. *J Allergy Clin Immunol.* 2003 Nov;112(5):981-7.

4. Kawamoto S, Yalcindag A, Laouini D, Brodeur S, Bryce P, Lu B, Humbles A A, Oettgen H, Gerard C, Geha R. The anaphylatoxin C3a downregulates the Th2 response to epicutaneously introduced antigen. *J. Clin Invest* 2004 Aug;114(3):399-407.
5. Laouini D, Elkhail A, Yalcindag A, et al. COX-2 inhibition enhances the TH2 immune response to epicutaneous sensitization. *J Allergy Clin Immunol.* 2005 Aug;116(2):390-6.
6. Yalcindag A, He Rui Laouini D, Alenius H, He R., Carroll M, Oettgen H, Geha R. The complement component C3 is important for both Th1 and Th2 responses to antigen *J Allergy Clin Immunol* 2006 Jun;117(6):1455-61

BOOK CHAPTERS & REVIEWS:

1. Yalcindag A; Sundel R. Vasculitis in Childhood. *Current Opinion in Rheumatology.* 2001; Sep 13(5): 422-27.
2. Yalcindag A, Sundel R. Serum Sickness. Book chapter in Current Pediatric Therapy, 17th ed, 2002.

ABSTRACTS

1. Yalcindag A, Laouini D, Bryce P, Lu B, Humbles A, Oettgen H, Gerard G, Geha R. The Complement Receptor C3aR is an important regulator of Th Cell polarization following epicutaneous sensitization with antigen: Oral abstract presentation 58th Annual Meeting of AAAAI. New York, 2002.
2. Fislser RE, Liang MG, Yalcindag A, Fuhlbrigge RC, Sundel RP. Early, aggressive treatment of juvenile dermatomyositis results in improved functional outcome and decreased incidence of calcinosis. American College of Rheumatology Meeting, Philadelphia, 2000.
3. Ma W, Bryce PJ, Humbles A, Laouini D, Yalcindag A, Alenius H, Friend D, Oettgen HC, Gerard G, Geha RS. The CC Chemokine Receptor 3 is essential for skin eosinophilia and for airway hyper-responsiveness to inhaled antigen in a murine model of allergic skin inflammation. 58th Annual meeting of AAAAI. New York, 2002.

LECTURES GIVEN

1. Pediatric Rounds, Juvenile Dermatomyositis, Children's Hospital Boston, MA, 1999
2. Pediatric Rounds, Minocycline Induced Autoimmune Diseases, Children's Hospital, Boston, MA, 1999
3. Citywide Allergy/Immunology Rounds, A Case of Complete Di-George Syndrome, Boston, MA, 2000
4. Update on Juvenile Arthritis, Rheumatology Grand Rounds, Roger Williams Medical Center, Providence, RI, May 2005
5. Update on Biologics, AJAO National Conference, Providence, RI, July 2005
