Motivational Interviewing Network of Trainers

EMPLOYMENT HISTORY

Independent Consulting Psychologist, 1985 - present
229 Billerica Road, Chelmsford, MA
Teacher, lecturer and trainer in motivational and brief negotiation strategies for personal, career, and health behavior change. Consultant to N.I.H.-funded grants, designing and implementing experimental protocols. Member of MINT Inc.

Principal, Institute for Motivation and Change, 2005-present
229 Billerica Road, Chelmsford, MA
Founder and co-director of IMC, offering state-of-the-art training, consultation, and program development in motivational interviewing and health behavior change consultation, www.miinstitute.com.

Director of Examiners, MICampus BV, 2006 – present
1200 CA Hilversum, The Netherlands.
Development and administration of the internationally-recognized proficiency examination of competency in motivational interviewing and health behavior change consultation. Responsible for the hiring and supervision of expert examiners, and ongoing development of examination protocol.

Consulting Psychologist, New Jersey WIC Services, 2011 – present
Trenton, NJ
Responsible for training the New Jersey WIC program nutritionists and lactation consultants in the application of motivational interviewing to

breastfeeding consultations. Developed and delivered on-ground and web-based training.

Consulting Psychologist, 2001 – present

Edith Norse Rogers Veterans Administration Medical Center
Bedford, MA

Providing training and consultation in Motivational Interviewing techniques in support of grant implementation and intern skills development. Co-investigator on grant assessing efficacy of MI to promote job skills training.

Consulting Psychologist, 1996 – 1999, 2006 - present.

Pine Street Inn
Harrison Avenue, Boston, MA

Provide training and consultation to line staff in the assessment and treatment of homeless individuals with comorbid alcoholism and mental illness. Courses offered in motivational interviewing and harm reduction.

Consulting Psychologist, 2008 –2010

Mayo Clinic
Rochester, MN

Providing training and consultation in pediatric motivational interviewing in support of grant implementation, staff development, and the teaching of nursing students. Currently supporting two grants investigating the efficacy of brief MI interventions in the modification of diet and exercise behaviors.

Consulting Psychologist, 2004 – 2009

South End Community Health Center
Boston, MA.

Develop and implement a Motivational Interviewing practice protocol for childhood and adolescent obesity in a community health center delivering services to impoverished multiethnic inner city families. Provide training to pediatricians and allied health professionals.

Consulting Psychologist, 2003 – 2008

Baystate Medical Center, Tufts University School of Medicine
Springfield, MA

Develop a protocol for the application of Motivational Interviewing techniques to the educational services delivered to patients with high risk type 2 diabetes, in support of a four year NIH-sponsored clinical research trial. Responsible for the training of diabetes educators and the maintenance of protocol adherence for the duration of the clinical trial.

Consulting Psychologist, 1999 - 2009

University of Massachusetts Medical Center Dept. of Behavioral Medicine
55 Lake Avenue North, Worcester, MA

Develop and teach a two-day course in Motivational Interviewing, one of six components comprising the training course that must be successfully completed to meet requirements for a new professional credential, Tobacco Treatment Specialist (TTS). The Massachusetts TTS certification program is the first in the U.S. and serves as the prototype for all other states in their adoption of training criteria for tobacco treatment specialists. Train clinical supervisors and research interventionists in Motivational Interviewing and brief negotiation techniques.

Consulting Psychologist, 2001 – 2008

Boston Public Health Commission
Boston, MA

Providing training and program development in Motivational Interviewing and harm reduction techniques to the supervisory and line staff of the Boston Needle Exchange and associated programs.

Consulting Psychologist, 2004 – 2007, 2010 -

Massachusetts Behavioral Health Partnership
Boston, MA

Develop and implement an evidence-based practice training program in Motivational Interviewing for staff and supervisors in MBHP-contracted addictions treatment centers (SOAPS). This is a multi-component training program which includes a train-the-trainers track, to provide in-house MI mentors at each of the free-standing addictions treatment centers. Provide training in MI for community health practitioners.

Consulting Psychologist, 2003 - 2005

Communications Section, Dept. of General Practice
University of Wales College of Medicine
Cardiff, Wales, UK

In collaboration with Dr. Stephen Rollnick, developing a state of the art web-based instructional program in Motivational Interviewing with applications in general medicine, specialist fields, addictions, and criminal justice.

Consulting Psychologist, 2002 - 2004

Anthem Blue Cross Blue Shield, Maine, NH, CT, Ohio, Virginia

Provide training and supervision to case managers and supervisors in the application of Motivational Interviewing techniques to telephonic case management services. Train in-house MI coaches to provide ongoing training and supervision to line staff. Consult with senior staff regarding the development of MI-consistent processes and procedures.

Consulting Psychologist, 2001 – 2005

Crossroads RI
Providence, RI

Providing training and consultation in the application of Motivational Interviewing techniques to the treatment of homeless adults and teenagers, targeting substance abuse, HIV and Hepatitis risk reduction.

Consulting Psychologist, 1999 - 2003

Joslin Diabetes Center and Harvard Medical School
One Joslin Place, Boston, MA

Collaborated in the development of the "Diabetes Dialog," a computer-driven tool that structures a brief motivational interview for the diabetes educator. Provide ongoing training and grant support regarding the application of motivational interviewing techniques to diabetes self-care. Train physicians, nurses, and diabetes educators in Motivational Interviewing.

Consulting Psychologist, 2001-2003

Center for Obesity Research and Education and
Center for the Study of Nutritional Medicine
Beth Israel Deaconess Hospital, Boston, MA

Provide training and supervision to nutritionists, research interventionists and primary caregivers in the applications of Motivational Interviewing to the assessment and treatment of obesity.

Consulting Psychologist, 2000 - 2001

Center for HIV Prevention, University of Connecticut, Storrs, CT.

Consultation regarding a four-year NIMH grant investigating the efficacy of brief motivational interviewing in the reduction of health risk behavior in HIV+ patients. Responsibilities include review of treatment protocol and training of physicians and physician assistance in the implementation of the experimental intervention.

Consulting Psychologist, 1992 - 1999

Blue Cross and Blue Shield of Massachusetts

25 Newport Avenue Ext., North Quincy, MA

Provide training to primary care physicians and network mental health providers in the assessment and treatment of addictive disorders.

Consultant to case managers in integrated medical/surgical and mental health case management, cardiac rehabilitation, and chronic disease management providing training in motivational enhancement and treatment adherence. Develop practice guidelines for, and provide ongoing review of, neuropsychological testing .

Consulting Psychologist, 1995 - 1996

Massachusetts Departments of Mental Health/Public Health

East Street, Tewksbury, MA

Complete responsibility for providing training and consultation to administrators and line staff participating in a joint D.M.H/D.P.H. dual diagnosis staff exchange program.

Attending Psychologist, 1986 - 1993

Choate Health Systems, Inc.

23 Warren Avenue, Woburn, MA

Principal staff member in stepped care facility for addictions and dual diagnosis patients.

Director, Employee Assistance Services, 1980 - 1987

Stoney Brook Counseling Center, Chelmsford, MA

Developed and administered comprehensive employee assistance programs, delivering services to 8000 employees. Provided managerial training and consultation in all aspects of occupational mental health and addictions treatment. Supervised a staff of five professionals.

CURRENT TEACHING APPOINTMENTS**Professor, 2006 - present**

Massachusetts School of Professional Psychology
Boston, MA

Member of the core faculty in the A.P.A.-approved Psy.D. program. Courses taught include: addictive disorders, history & systems of psychology, social psychology, personality theory, child psychopathology. Courses taught on-ground and via web.

Adjunct Instructor, Northeastern University, 2005 - present

Boston, MA

Development and teaching of graduate level courses in health behavior change and sports psychology.

Adjunct Professor, Brown University School of Medicine, 2010 – present
Providence, RI

Research and teaching of health communication and negotiation strategies for physicians.

GRANT SUPPORT

“Nudging Doctors to Collaborate with Pharmacists to Improve Medication Adherence”

(Principal Investigator: Ira B. Wilson, M.D.)

Role: Consultant

Funding Agency: NIH

Grant Number: 7RC4AG039072-02

Funding Period: 7/1/2011-6/30/2012

Design and implement motivational interviewing training to pharmacists tasked with the delivery of brief telephone-based interventions regarding medication non-adherence.

“Improving ARV Adherence Through Enhancement of HIV Provider’s Counseling Skills”

(Principal Investigators: Mary Catherine Beach, M.D.; Barton Laws, Ph.D.)

Role: Consultant

Funding Agency: NIH/NIMH

Grant Number: R34MH089279-01

Funding Period: 7/1/2010-6/30/2012

Direct Costs: \$456,669

Develop and evaluate motivational interviewing-informed training modules for HIV physicians to improve behavior change related communications with patients. Demonstrate effectiveness of targeted feedback-based training wherein trainees are given rapid feedback based on the coding of their patient consultations.

“Supported Employment: Motivational Enhancement for Entry and Outcome”

(Principal Investigator: Lisa Mueller, Ph.D.)

Role: Co-investigator

Funding Agency: Department of Veteran Affairs

Grant Number: D7306R

Funding Period: 8/1/2010 – 8/1/2013

Direct Costs: \$691,710

RCT investigating the impact of ongoing motivational interviewing on retention in vocational rehabilitation services and successful employment post-rehabilitation.

“Tobacco Dependence Treatment for Asian Americans”

(Principal Investigator: Sun Kim, Ph.D.)

Role: Consultant

Funding Agency: NIH/NIDA

Grant Number: 5K23DA021243-02

Funding Period: 4/1/2009-3/31/2014

Direct Costs: \$845,925

RCT investigating the impact of group motivational interviewing on tobacco cessation for Korean and Vietnamese American smokers. Trained interventionists in motivational interviewing.

“Pathways into Vocational Rehabilitation: Enhancing Entry and Retention”

(Principal Investigator: Charles Drebing, Ph.D.)

Role: Co-investigator

Funding Agency: Department of Veterans Affairs

Grant Number: F3436R

Funding Period: 8/1/2004 – 8/1/2007

Direct Costs: \$750,000

RCT investigating the impact of brief motivational interviewing on acceptance of and retention in vocational rehabilitation services. Developed MI intervention protocol and trained vocational specialists in MI.

“Computerized Motivational Interviewing in Diabetes”

(Principal Investigator: Garry Welch, Ph.D.)

Role: Consultant

Funding Agency: NIH/DIDDK

Grant Number: R01 DK060076-01A2

Funding Period: 7/1/2003 to 6/30/2007

Direct Costs: \$2,000,000

Developed protocol for motivational interviewing incorporated into the educational activities of diabetes specialists. Trained specialists and provided ongoing supervision to maintain skills and adherence to protocol.

“Motivating Obese Adolescents to Reduce Risk for Diabetes”

(Principal Investigator: Cara Ebbeling, Ph.D.)

Role: Consultant

Funding Agency: NIH/NIDDK

Grant Number: 1 KO1 DK62237-01

Funding Period: 7/1/2002 to 6/30/2005

Developed MI intervention protocol for both parents and at-risk youth.

“Provider and Peer Delivered Youth Smoking Intervention”

(Principal Investigator: Lori Pbert, Ph.D.)

Role: Consultant

Funding Agency: NIH/NCI

Grant Number: 1 RO1 CA80254-01A1

Funding Period: 9/1/1999 to 8/31/2003

Developed protocol for peer delivered brief motivational intervention designed to promote smoking abstinence in a high risk youth population. Trained project director in motivational interviewing techniques. Developed training protocol for peer interventionists. Trained peer interventionists to criterion and monitored adherence to protocol.

“Physician-Delivered Intervention for HIV+ Individuals”

(Principal Investigator: Jeffrey D. Fisher, Ph.D.)

Role: Consultant

Funding Agency: NIH/NIMH

Grant Number: MH59473-02

Funding Period: 7/15/99 to 6/30/03

Developed protocol for physician-delivered brief motivational intervention to promote health risk reduction in HIV+ individuals. Trained project director and staff in motivational interviewing techniques. Trained physicians in the experimental protocol during the pilot phase of the randomized clinical trial.
